

NCCP Offerings at Teachers Conventions

As per previous years Alberta Sport, Recreation, Parks and Wildlife Foundation (ASRPWF) is working with a few Teacher Conventions to offer the NCCP Accelerated Delivery – Comp Intro Part A and B and FMS – Community Leader – at no cost to the teachers.

Course options for teachers:

1. **“Accelerated Delivery Coaching Course”** for physical education teachers – a full day session (8 hours). Some of the Teachers’ Conventions hosted this workshop last year; hopefully teachers found it informative and interesting. The National Coaching Certification Program (NCCP) recognizes what Phys.Ed. teachers bring to the table and have designed the NCCP Teacher-Coach Accelerated Delivery training workshop just for them! Upon completion, the teachers would receive credit for 6 NCCP Competition – Introduction training modules.

2. **“Fundamental Movement Skills (FMS) Community Leader course** is designed for all leaders of youth physical activity – a full day session (8 hours). Participants will be given the opportunity to create simple games to improve fundamental movement skills such as throwing, hopping, skipping, jumping, kicking, striking, balancing, catching and agility. Ideal course for the K-6 generalist tasked with teaching physical education. Improving children’s lives through physical literacy!

Please refer below for dates:

Central Alberta Teacher’s Convention Association - FMS

Thursday, February 4, 2010
