1.0 Presidents Remarks/Welcome and Establishment of Votes Voting Strength: 34

2.0 Adoption of the Agenda

It was moved and seconded to adopt the agenda as circulated.

MOTION CARRIED

3.0 Minutes of Annual General Meeting, May 9-10, 2013

It was moved and seconded to accept the Minutes of the Annual General Meeting as circulated, May 9-10, 2013.

MOTION CARRIED

- 4.0 Financials
 - 4.1 Audited Statement: September 1, 2012 August 31, 2013
 The audited statement was reviewed. Discussion occurred regarding the GST audit by Canada Revenue Agency, number of grants, partnership agreements.

It was moved and seconded to accept the Audited Statement for 2012/13

MOTION CARRIED

4.2 Interim Statement: September 1, 2013 – December 3, 2013 John discussed and reviewed the interim statement.

It was moved and seconded to accept Interim Statement.

MOTION CARRIED

4.3 Appointment of Auditor for 2013/2014

It was moved and seconded to appoint F. Dennis Ormrod Professional Corporation as ASAA's auditor for the 2013/14 school year.

MOTION CARRIED

- 5.0 Business Arising
 - 5.1 Strategies were discussed on how to get more teachers involved in coaching, such as incentives from administration, bargaining agreements, days in lieu, speaking with ATA
 - 5.2 Track & Field/Rugby Provincials Date conflict

Survey sent to all member schools, only 58 respondents. Results on ASAA home page. Zones to get back to membership on how policy should proceed (dates remain as is, or Monday/Tuesday, which event held first, etc).

ACTION ITEM: suggestion to connect with Alberta Education or CASS about possibility of exam dates getting put back to where they were, so students would not miss provincials due to blackouts

5.3 Membership Fee increase

Membership fees have not seen a significant bump in the past 10 years. Breakdown of what other provinces fees are was shared with the Board and it was noted Alberta is at the lower end of the scale in terms of membership revenue brought in. Costs in all areas have risen and ASAA has had several deficit years in a row. Additional revenue is required to maintain current services. Goal is to increase revenues by \$50,000 to \$100 000 per year over the next several years.

ACTION ITEM: A survey will be sent to schools to obtain their feedback on membership fee increases and options that might be considered.

6.0 Reports

6.1 President

Garret Doll reported on the Sport Summit and the number of different recommendations that came from that. School Sport Canada and Alberta Interscholastic Athletic Administrators Association were discussed as well

6.2 Executive Director

John Paton discussed the survey from Alberta Wellness and the rural forums to be held early 2014 on the value of sport in both school and community; he noted eligibility appeals were increasing; two separate disciplinary issues this year; court injunction in the Metro Zone; new lawyer for the ASAA, will be providing feedback on policy to the Executive Appeals Committee

6.3 AIAAA Report

Tyler Callaghan (via conference call) presented PowerPoint presentation on webinars the AIAAA is intending to offer; Canmore Conference June 2013 was during Alberta flood, 75% of attendees not able to get in to the town. 2014 conference will be held June 19-21 in Calgary; Kelle Hansen elected AIAAA president beginning November 2014; CIAAA to begin as a national organization with new website www.ciaaa.ca; Outreach deliveries to the Central Eastern European Schools' Association in Vienna March 2014, funded by CEESA; will be attending Canadian Accredited Independent Schools conference November 2014 in St. Catherine's, Ontario – 3 AIAAA Board members presenting courses; TQS approved Masters Degree program through Indiana State University formally launched in September 2013.

6.4 WeCoach

Michael Steele presented information; secured Community Initiative Program grant to develop sport specific courses; launched Safety Guidelines in English and French; enforcement of Concussion in Sports; What You Need to Know course completion codes are now in team registration section of exnet; sought proposals from other companies for online course development, but staying with current developer Creative Street; Volleyball and Basketball course scripts done, need to shoot video; track & field has some video shot, but due to funding may not be produced until 2014/15 school year; 3 level course accreditation program from SSC to lend more validity from national body; launched www.schoolcoach.ca as the rebranded national online coach education; thoughts on keeping yellow and blue or changing; potential for national sponsorship; waiting for next agreement to be confirmed with Cenovus with slow down on completion dates for future courses until that funding is secured (editor's note: this is now confirmed for 13/14 and 14/15); schoolcoach.ca committed to the CATCA, SWATCA and SEATCA conventions

6.5 Commissioners: Track, Rugby, Golf, Cross Country, Football and Volleyball Written reports were reviewed and commissioners provided

6.5 Other Reports

SSC: Dave Jones, President – SSC is working towards becoming a better recognized national organization as it applies for Federal funding; may be asking schools to approach their MP's to lobby

Alberta Education – Jeff Bath provided a written report

It was moved and seconded to accept all reports.

MOTION CARRIED

7.2.1.1 1A Boys Basketball – Stirling School, South Zone

7.2.1.2 2A Girls Basketball – Rundle College, Calgary

7.2.1.3 3A Boys Basketball – Holy Trinity, Fort McMurray, North East Zone Motion to accept uncontested bids

MOTION CARRIED

7.2.2.1 Contested (vote)

7.2.2.1 1A Girls Basketball St. Jerome's School, North East Zone Rosemary School, South Central Zone Awarded to Rosemary School

7.2.2.2 2A Boys Basketball Glenmary School, Peace River, North West Zone Central Alberta Christian High School, Central Zone Awarded to Glenmary School

7.2.2.3 4A Girls & Boys Jasper Place High School, Edmonton Southern Alberta Interscholastic Administrative Council, South Zone Awarded to Jasper Place High School

7.3 Rugby 7's

Discussion about Rugby 7's took place.

Board Direction was that a tournament of rugby 7's would fall under the jurisdiction of the ASAA; a rugby 7's school team outside of the rugby season of play would not be allowed

- 7.4 Discussion Topics: Comments from discussion groups
 - 7.4.1 Cost of attending provincials
 - Should the tiering be changed to divide North and South to reduce travel time?
 - Costs to attend provincials: What is the complete cost of the 50th volleyball tournament? Officials, accommodation, travel, venue, etc., (itemized)....if 92 volleyball teams submitted costs of accommodation, travel, etc. what would the average cost be? Knowing this information may be good to pass onto Central offices so they understand cost/impact.
 - Travel subsidy was cancelled a few years ago, but only ever covered a small
 portion of actual costs to attend provincials. ASAA has become much more
 than an organization that oversees events. It now does that, oversees
 scholarship and awards programs, lobbies, provides professional
 development for Athletic Directors and coaches and much more.

7.4.2 Open Topics

- Challenges for zones with one berth; cannot zones with automatic berth be challenged for that berth by another zone. Equitable options.
- Cost of hosting provincials: Can we take pressure off hosts, possibly raise entry fees so basics (more than just officials costs) are covered?
 NB: After the Forum it was decided by the Executive, based on feedback received, to allow host schools to obtain local sponsors as long as there is no conflict with current ASAA partners. No decision made re increasing entry fees
- One comment: Alberta Football looks like they run Alberta Bowl. It was clarified that while the ASAA has an excellent working relationship with Football Alberta, ASAA makes all decisions regarding Alberta bowl. It is an ASAA run event.
- Onsite grade 9's for 2A and 3A teams should any school be able to play their grade 9's?What about a 2A under 150? Safety issue with contact/collision sports. Was brought up and defeated in NW zone, argument that size can be greatly different from a grade 9-12
- Media attention to high school sports smaller towns get the coverage, whereas bigger places don't. Should there be a link on ASAA website with a live stream link? Schools hosting a game can have the feed linked from the ASAA website. Twitter, have someone update scores as the game goes on. Sportsnet or the CIS website? This would probably cost money. Thoughts included: Sporttv.net or youtube channel. Purchase livestream.com box for \$400, unlimited streaming.
- Transfer eligibility are alternate programs impacting eligibility.

7.4.3 School membership fees

- Should we consider looking at a 5 tier system
- Proportional increases: how can we consider this. Recognize that smaller schools have smaller budgets. Increases will need to be justified.
- Consensus on increase was something based on school size, participation rates, membership benefits received; possible 'per student' fee. Perhaps do a survey of school AD's. Could we consider a "per team" fee (logistics of collecting such fees would be very challenging)
- Sponsorship of individual championships; one business sponsors one specific sport: could this be considered. It was noted that ASAA sponsorships are set up to cover all sports so that all sports are treated fairly.
- Are there things ASAA can drop or cuts that can be made to minimize fee increases?
- What about lobbying by parent groups to government for more support of school athletics?

7.4.4 Transfers (various comments received):

- Why is a second transfer even an issue? Could we empower the compliance officer to approve second transfers for common sense, supportable reasons?
- Some felt parents should be able to choose where their kids go to school
- Can there be a better monitoring of recruitment? Private schools or schools with special programs have an easy out.
- If sending and receiving school and zone all have no problems with it, then why is it a problem? If the kid wants to go, then go. First transfer no problem. Actionable item: Modify policy as per Executive discussion that appeals of

- Compliance Officer transfer decisions go directly to the Executive Appeals Committee rather than through the zone or Executive Director
- Perhaps consider giving Compliance Officer more latitude to say yes

ACTION ITEM: Create Notice of Motion as noted in second last bullet

- 7.5 Alberta Sport Plan Regional Consultation Conversations
 Dates given out and members requested to attend the consultations in their areas so that school sport is represented.
- 8.0 ASAA AGM Date & Location: May 8-9, 2014 Edmonton
- 9.0 Adjournment
