HISTORICAL OVERVIEW

The first organizational meeting of the ASAA was held in Calgary on March 17, 1956. The first meeting was inspired by the desire to have a provincial championship in high school boys basketball and the realization that it was time to establish a structure for the overall coordination of school sport in the province. Out of that meeting came the first provincial basketball tournament as well as the constitution that has been the cornerstone for growth and development of the ASAA for over 65 years.

The activities sponsored by the ASAA have continued to grow in accordance with the consistent increase in membership (schools). The participation in boys basketball continued to increase and girls began to compete at the provincial level in 1960. By 1966, both boys and girls were competing in A, B and C divisions. Track & field was the second activity sponsored by the Association with the first provincial competition held on a horse track in Stettler in 1958. Badminton was added to the schedule of provincial events in 1963 and soon after, in 1964, the first ASAA volleyball competition was held. It was not until 1968 that cross country was hosted, bringing the total number of activities to five.

In 1970, gymnastics was held in Calgary, followed in 1971 by wrestling and in 1977 by curling. By 1983, there was a demand for golf and cheerleading provincials, so those two sports were adopted by the ASAA. Football was added in 1985 but gymnastics was eliminated in 1989. In 1995, girls wrestling was introduced on a two-year trial basis and became permanent in 1997. The first ASAA provincial rugby championship was held in June 2006, and in April 2010, the ASAA introduced team handball, bringing the total number of activities to twelve. In May 2011, the ASAA added 6-a-side football to its list of sports, and in December 2018 rugby sevens was added.

As the number of activities increased, there was a growing need for changes in policy, communication, organization and public relations. In 1970, each activity appointed a commissioner as a resource person, resulting in a continual upgrading of the caliber of provincial competitions. In 1974, four levels of classification were set up for volleyball and basketball based on the size of the participating schools. In 1984, the original geographical structure of ten zones was reduced to eight – two urban and six rural.

In 2008, the ASAA created the Alberta Interscholastic Athletic Administrators Association (AIAAA), a professional development organization offering education and certification for school athletic administrators – a first in Canada. In 2011, the ASAA created Canada's first online coach education program and has continued to expand the number and scope of course offerings since that time. Then, in 2015, the ASAA partnered with Special Olympics Alberta to pilot the first official Special Olympics Unified Sports® program in Canada.

GENERAL INFORMATION

The ASAA is a voluntary, non-profit organization that has been established to coordinate a program of worthwhile athletic activities for the young people of Alberta in an educational setting. The membership, currently almost 400 high schools, ultimately determines the bylaws and policies of the Association through representation on the Provincial Board of Governors.

The Association holds two meetings annually, typically in June and December. The Executive Committee, comprised of the President, Past President or Vice President, Executive Member at Large, Male and Female Athletic Directors, Past Athletic Director and the Executive Director, is responsible for the management of the ASAA on a day-to-day basis.

While ASAA activities operate for the benefit of the students, it is the volunteers administering, coaching and promoting the program that are responsible for its success. Over 10,000 school personnel and other volunteers in Alberta donate their time and talent to ensure that the schools' athletic programs will provide enjoyable, positive athletic competition and experiences for their students.

The ASAA bylaws and policies are intended to provide direction in the areas of equitable competition and ethical standards for all involved with school athletic programs. Technical expertise is provided through appointed commissioners and close liaison with provincial sports governing bodies. Limiting the length of seasons of play opens the door to multi-sport participation.

The Association's main sources of funding come from: The Alberta Ministry of Culture, Multiculturalism and Status of Women, membership fees, sponsorship, apparel sales and more. The majority of funding is distributed in the following areas: officiating costs for provincial competitions; delegate expenses to meetings; publications and rule books; medals, trophies, banners and other provincial championship supplies; office administration – postage, printing, telephones, web hosting and related expenses, supplies, etc.; and staff salaries, benefits and travel.

Over the past 65 years, the ASAA has served as a communications medium for Alberta high schools. The opportunity for teachers and coaches to exchange information and for students to travel province wide to engage in friendly athletic competition is a valuable educational experience for all participants. Currently, the ASAA:

- Distributes yearbooks that have been published annually since 1967
- Provides athletic opportunities in 12 different activities
- Has a membership of almost 400 high schools
- Provides equal opportunities for male and female athletes
- Supports 25+ provincial championship host locations in awarding 65 championship banners
- Provides e-newsletters, policy handbooks, activity calendars, rulebooks, scorepads, competition host handbooks and other resources to member schools
- Maintains an active and regularly updated website and Sport Registration System (SRS)
- Supports and collaboratively works with the Canadian Interscholastic Athletic Administrators Association (CIAAA)
- Coordinates an online coach education program in conjunction with Coaching Association of Canada
- Implements Para Athletics events in select sports
- Manages Unified Sports in partnership with Special Olympics Alberta

- C. The ASAA reserves the right to investigate and/or follow up to ensure the accuracy of information presented during any ASAA matter. 2. The ASAA Executive Director will then investigate the incident and provide a report to the ASAA Executive Committee.
3. Upon receiving the report of the investigation from the Executive Director the Executive Committee may determine that disciplinary action is not warranted and a discipline hearing is not needed. If the Executive Committee determines that a discipline hearing is needed then the Executive Committee shall hold a discipline hearing subject to:
 - A. The purpose of the meeting will be to determine if disciplinary action is warranted and what penalties as outlined below are issued.
 - B. All affected parties shall be given at least three clear days (see definition of clear days in this handbook) notice of the time, date and location of the discipline hearing.

 - E. The Executive Director will report any discipline and/or misconduct reports and any subsequent sanctions issued by the Executive Committee to the respective zones.

4. Penalties

- A. Without limiting the generality of the foregoing, the ASAA Executive may impose the following penalties for violation of policy:
 - I. Where violation is discovered after an ASAA provincial championship, the team and ASAA member school found in violation of this policy may be stripped of any medals won in ASAA provincial championship competition and may be suspended from participation in ASAA provincial championships or any activity leading to an ASAA provincial championship for the next full season of play.
 - II. Any coach in violation of this policy may be suspended from coaching in any ASAA provincial championship competition and in any activity leading to an ASAA provincial championship in any sport for any period of time that the ASAA Executive in its absolute discretion deems appropriate.

They may also be subject to other penalties as the ASAA Executive Committee, in its absolute discretion, deems appropriate.

The ASAA Executive Committee shall issue a written decision within ten (10) clear days of the conclusion of the hearing. The decision of the ASAA Executive Committee shall be final and binding and shall not be subject to judicial review.

5. Recruitment and the Duty to Discourage Athletically Motivated Transfers

Athletic recruitment undermines the priority of academic education for the student and promotes values that are inconsistent with the objectives of the ASAA. To meet the objectives of the ASAA, principals of member schools, athletic directors, coaches, students and other stakeholders (e.g. alumni associations, booster clubs and parent groups) must refrain from recruitment by means of influence or inducements that could or do encourage a student to enroll in or transfer to a school primarily for athletic purposes after the student has entered grade 10 and has participated in an ASAA sport. All stakeholders have a positive duty to discourage an athletically motivated transfer. Failure to discourage a transfer that is obviously athletically motivated constitutes recruitment. The fact that transfer eligibility has been approved in no way excuses recruitment.

- A. There are a broad range of behaviours that could alone or when considered in part or in whole be deemed to be recruitment. While the facts

of each allegation will be considered on a case by case basis, the following may indicate that a student has been recruited, contrary to the terms of this policy:

- I. Any offer of monetary or transportation assistance to a student, parent or guardian (including fees, tuition, bus passes or other allowances or waivers);
 - II. Offering or accepting of school privileges or considerations not normally granted to other students;
 - III. Any inducement or attempted inducement of parents, guardians or students to change their location of residence for athletic reasons. Facilitating a change of guardianship for the purpose of changing the location of a student athlete's residence so that they can transfer schools will be considered recruitment unless there are other compelling reasons for the change of guardianship (e.g. to protect the student from physical or emotional abuse);

At the direction of the Executive Committee, the fund will be used in the event of a court challenge over an ASAA related issue or in the event of significant legal costs around a single issue impacting the Association’s annual budgeted legal expenses.

***Good Sportsmanship cannot be legislated;
it must be a goal toward which the Association
and its members strive.***

- II. At the discretion of the Executive Committee, the fund may be accessed to retain legal counsel to advise the Executive Appeals Committee in the event that the Executive Committee deems an appeal "high-risk" in terms of potential litigation or for other preventative purposes.

- A. Definition: Sport Specific School Programs (SSSP) are those which offer students a program that combines sport specific training or competition along with a course of studies. SSSPs include but are not limited to sport academy programs and post-secondary preparatory ("Prep") programs.
- B. Applicability: The ASAA Executive Committee has the authority to determine, in their absolute discretion, if and how this policy will apply to a particular program and affect the eligibility of students as set out below. The ASAA Executive Committee may make any such determination before or after a question regarding the eligibility of a particular student arises.
- C. Eligibility: Subject to all other eligibility policies, students participating in a sport at a SSSP within or outside of Alberta are eligible to participate at a member school in any sport except the sport in which they have participated in at a SSSP. With respect to their eligibility to participate in the same sport in which they have participated in at a SSSP, the following rules apply:
 - I. If a student transfers back to a member school during the ASAA Season of Play for the SSSP sport they participated in, they are not eligible to participate in that sport for the remainder of that school year.

NOTE: Ignorance of this policy on the part of school administrators, coaches, students, their families or others will not be accepted as a valid reason for granting an exception to the application of this policy. All parties are required to adhere to the Honesty Disclosure, Bylaws and Code of Ethics at all times.

10. Eligibility of Distributed Learning and Home Education Students

- A. Students registered in distributed learning or home education schools will be allowed to participate in ASAA activities with the same or a different school than they are registered with, **providing all of the following criteria are met:**
 - I. The student must reside in the attendance area of the school with which the student will participate. Attendance area is defined as the catchment area or boundary used by the school jurisdiction of the accepting school to determine which students in its jurisdiction attend which school.
 - II. The student must be registered in distributed learning or home education through an ASAA member school. Students registered in distributed learning or home education through the central office will not be eligible for participation in ASAA activities.
 - III. The school division with which the student is registered must have a policy that allows distributed learning or home education students to participate in athletics. This policy must be submitted to the ASAA office where it will be kept on file. It will be the responsibility of the distributed learning or home education school and the accepting school district to deal with any jurisdictional or insurance issues.
 - IV. The principal of both the accepting and the distributed learning or home education school must support the student's involvement in the extracurricular program.
- V. The student must comply with all eligibility rules and regulations of the ASAA. If a school chooses to use one or more distributed learning or home education students who reside in its attendance area and are registered with an ASAA member school (and thus eligible for participation in ASAA activities), all distributed learning or home education students living in the accepting school's attendance area who are registered with that student's distributed learning or home education school must be combined with the accepting school's September 30 count, in that sport. The revised population of the accepting school will determine at which classification level the team will compete in that sport only and the ASAA must be notified of such participation.
- VI. The distributed learning or home education school with whom the student is registered must provide the accepting school and the ASAA with a letter containing confirmation of the student's registration with its school and a declaration of how many distributed learning or home education students it serves who live in the attendance area of the accepting school. If the accepting school allows the participation of students from more than one distributed learning or home education school, it must absorb the number of students described above for each of the distributed learning or home education schools from whom it draws students.
- VII. Should a student registered with a distributed learning or home education school join an accepting school's team anywhere in the province, the student will only be eligible to play the sport in question for that one team.
- VIII. In the circumstance that a student is transferring to a distributed learning or home education school under the advice of their high school with the expectation to transfer back to the current high school, the student can transfer back to the original school as a second transfer provided the following criteria:
 - a. The student must be using their first transfer outlined under the Transfer Policy) to transfer from the original high school to the distributed learning or home education school.
 - b. The student must only participate on teams with the original high school as a joint school team for the duration of the student's attendance at the distributed learning or home education school.
 - c. The student must represent the distributed learning or home education school for individual sports. The student can transfer for a second time with the transfer form as long as they are being integrated back into the original high school from which they transferred from under that school's advice.

- B. In any ASAA sport, if a distributed learning or home education student deemed eligible to play based on the eligibility criteria above is not permitted to play for a school in their attendance area, the student may play for a school outside of his/her attendance area, but within their ASAA zone, on the following conditions:
- I. The accepting school must be at the same or lower classification level as the school in the student's attendance area for which they are not able to play.
 - II. The school(s) in the student's attendance area has/have the right of first refusal and must first be contacted by the student seeking permission to play. The distributed learning or home education school with whom the student is registered shall ensure that the athletic director within each of the schools in the student's attendance area has received a copy of the letter outlined in Section D.1.vi above. Accepting schools are encouraged to contact the ASAA or the student's distributed learning or home education school as soon as they are approached by the student, should there be any confusion about their eligibility. This is especially important since this may be the first time the ASAA or the distributed learning or home education school with whom the student is registered is made aware of their intentions.
 - III. All distributed learning or home education students living in the student's attendance area who are registered with that student's distributed learning or home education school must be combined with the accepting school's September 30 count, in that sport. The revised population of the accepting school will determine at which classification level the team will compete in, for that sport only, and the ASAA must be notified of such participation.
 - IV. Should a student registered with a distributed learning or home education school join an accepting school's team anywhere in the province, the student will only be eligible to play for that school for that year.
- C. If a distributed learning or home education school fields its own team in individual sports, i.e. badminton, cross country, golf, wrestling or track & field, students registered with these schools will be allowed to participate in ASAA activities providing all of the following criteria are met:
- I. The student must be registered in distributed learning or home education through an ASAA member school. Students registered in distributed learning or home education through the central office will not be eligible for participation in ASAA activities.
 - II. The school division with whom the student is registered must have a policy that allows distributed learning or home education students to participate in athletics.
 - III. The student's principal must support the student's involvement in the extracurricular program.
 - IV. Students must comply with all eligibility rules and regulations of the ASAA. The distributed learning or home education school must include **all** of its distributed learning or home education students in the September 30 count for that school, regardless of where these students live in the province.
 - V. In the case where a distributed learning or home education school fields a team in one of the above sports, the school may not allow ANY students who are not registered with its school to participate with its team.
 - VI. The distributed learning or home education school must participate as a team within the zone to which it belongs, even though it may consist of students who live outside the zone **or** the distributed learning or home education school may participate in individual sports in a different zone than the distributed learning or home education school belongs **only** if it consists of players who reside in that zone who are registered full-time with that distributed learning or home education school from a different zone. A limit of two individual athletes who are competing out of the distributed learning or home education school can qualify for each zone championship in individual sports.
 - a. A student living in the same zone as the distributed learning or home education school with which he/she is registered is not permitted to play for another school within the zone for the sport in question, if their distributed learning or home education school is fielding a team in that same sport. Should a student registered with a distributed learning or home education school, who lives outside of that school's zone, join an accepting school's team anywhere else in the province, the student will only be eligible to play the sport in question for that one team. The student is free to play other sports at the same or different schools, as long as all other eligibility criteria have been met.
- 11. Transfer Policy** (athletic eligibility following transfer from one school to another)
- A. The objectives of the ASAA Transfer Eligibility policy are to:
 - I. discourage athletically motivated transfers of students to or among member schools;
 - II. discourage athletically motivated recruitment of students by anyone associated with a member school;
 - III. encourage the completion of high-school within 3 years for member schools which start

- high school in grade 10 and within 4 years for member schools which start high school in grade 9;
- IV. ensure that every student has a fair opportunity to participate in inter-member school competition at a member school for 3 consecutive years; and
 - V. encourage school administrators to settle issues and disputes over transfer eligibility between themselves before resorting to any appeal procedure.
- B. Subject to this policy, any student who transfers to a member school after the commencement of the school year to attend grade 10, 11 or 12, is ineligible to participate in any school sport at that member school for a period of 1 year if they participated in any sport at any other school prior to the transfer.
 - C. On application in the form and manner as directed by ASAA administration or governing body from time to time, a student may be granted eligibility to participate in a sport at a member school by the ASAA Compliance Officer.
 - D. The Principal of the school from which a student is transferring and the Principal of the school to which the student is transferring may make a joint submission recommending that a student who would otherwise be ineligible to participate in a sport at a member school should be eligible. The Compliance Officer may accept or reject the joint submission of the Principals in making their decision as to the student's eligibility.
 - E. A student who, pursuant to this policy is otherwise ineligible to participate in a sport at a member school, may be granted eligibility if the student can satisfy the Compliance Officer that the transfer was necessitated by exceptional circumstances beyond their control and was, in no way, athletically motivated.

12. Appeal of a Finding of Ineligibility

- A. The Principal of a member school may appeal any decision made pursuant to this policy as set out in Section VII "Appeals Procedure".

SECTION V – ACTIVITIES

All athletic activities sponsored by the ASAA shall be conducted according to existing ASAA Bylaws and Policy.

1. Supervision of Athletes and Teams

- A. Team sports at ASAA zone and ASAA provincial championships.
 - I. Every school team must be coached or supervised by a teacher of the school jurisdiction to which that school belongs. Definition of a teacher: "A teacher of that school jurisdiction" may include certified teachers currently registered with that school board including full time, part time or substitute teachers.
 - II. School support staff cannot replace teachers as supervisors at ASAA provincials.
 - III. All teacher and non-teacher coaches are volunteers.

B. Individual Sports at ASAA Provincial Championships

- I. Composite zone teams in individual and dual sports (badminton, cross country, golf, track & field, wrestling) shall appoint team supervisors that are certified teachers from a school jurisdiction within the zone. This means that in the sports listed above, one or more certified teachers from the ASAA zone will be designated with the responsibility for their zone team.

Interpretation: Every school participating in the sports listed above does not need to send a teacher supervisor to provincials; students can attend with other coaches, parents, etc. However, those schools of students attending without teacher supervisors need to know who the teacher supervisors for their zone are, inform their students, and to note the policy below titled: "Insurance and Liability".

C. Supervision at all other competitions

- I. During all other competitions, individuals and/or teams shall be under the supervision of an agent of the school jurisdiction they represent.
- II. Definition of 'agent' of the school board they represent: The 'agent' does not have to be a teacher, but can be any individual who has school board approval to coach student athletes. It is highly recommended that schools and boards complete the appropriate police checks and volunteer forms before any non-teachers are involved in coaching school students.

D. Same Sex Chaperones

- I. Students traveling to zone and/or provincial championships who require overnight accommodation must be supervised by a chaperone of the same sex approved by the school jurisdiction.

- II. Chaperones of both sexes must accompany co-educational teams that are staying overnight at any activities: provincials, zones, other competition and camps/tours.

E. Insurance and Liability

- I. Issues involving interschool or cross-jurisdictional supervision (team, individual and dual sports) and approved non-teacher chaperones are the responsibility of the member schools involved and their local school jurisdictions.

2. (Sanction Policy) Interschool Competition and Invitational Events

All levels of competition, tournaments or interschool competition involving students from ASAA member schools must follow all bylaws, code of Ethics and policies set forth in the ASAA Handbook, including eligibility and supervision requirements.

A. Requirements for interschool competition and invitational events

- I. Each competing team must be a school team in good standing of its own zone and provincial or state high school association and must guarantee that participation in the contest will not violate any standard of that zone and provincial or state association.
- II. Each participant must meet the eligibility requirements of their provincial/state association. For Alberta students, please refer to SECTION IV – ELIGIBILITY.
 - a. Exception: All competitors of sanctioned wrestling events must meet all ASAA wrestling eligibility, please refer to SECTION XX – Wrestling, and Section IV, Eligibility.

III. Competition against non-school teams:

ASAA member school teams are not permitted to participate against non-school teams, with the following exceptions:

a. Exhibition/Fundraiser Games*:

Basketball, volleyball, team handball and rugby: ASAA member school teams are not permitted to participate against non-school teams except for one exhibition and one fundraiser game per season. Examples of exhibition/fundraiser games include games against club, university, college or alumni teams, or against a touring team.

NOTE: Games between an ASAA member school team and a Prep School/Sport Academy team in an ASAA sport are prohibited.

b. Geographic Isolation Policy*:

School teams in isolated areas may participate in basketball and/or volleyball non-school leagues providing they receive permission from the ASAA Executive Committee. Written request must be made

well in advance of the season and on an annual basis, and permission will be granted only in those cases where adequate competition is scarce due to the isolation of the community.

* Note: Insurance and liability issues involving these exceptions are the responsibility of the member schools involved and their local school jurisdictions.

- IV. Sunday competition is not allowed in Alberta. If Alberta school teams are traveling to an out of province event and Sunday play is allowed in that province or State (e.g. British Columbia), then competition may take place on Sunday.
 - V. Awards:
 01. Cash awards may not be awarded to or received by student athletes, teams or coaches. It is recommended that awards be limited to medals, small plaques and trophies.
 02. It is recommended that invitational events do not designate all-stars or most valuable player selections.
 - VI. Each participant must be subject to the same conditions of participation as other entrants. This includes entry fees, number of guaranteed games, share of gate, etc.
 - VII. It is recommended that invitational events begin at Friday noon and conclude Saturday in the late afternoon or early evening.
- B. Formal written application for sanction of interschool events is required when:
- I. ASAA member schools host interprovincial/international events involving three or more school teams in activities of the ASAA.
 - II. ASAA member schools travel to out of province events involving three or more school teams in activities of the ASAA. The sanctioning process needs to be initiated by the host school through its own provincial or state governing body.
 - III. Non-ASAA member institutions or organizations wishing to host high school events.

Notification of sanction approval: All schools invited to participate in interschool events are responsible for checking the status of the written application for sanction by visiting the ASAA website.

- C. Formal written application for sanction is NOT required when:
- I. Events are hosted by ASAA member schools and involve only ASAA member schools. However, these events must meet the same requirements as interprovincial events.
 - II. Interprovincial/international play occurs between only two school teams.

- III. Events include solely those schools that are listed in the blanket sanction agreement below.

- D. Process for written application for sanction of interschool events
- I. The result of all written sanction requests processed by the ASAA, approved or not approved, will be posted on the ASAA website. Schools that are invited to participate in an event are responsible for checking the ASAA website for event approval before accepting an invitation. Invited schools have the option of accepting or declining an invitation to a sanctioned event.
 - II. ASAA Member Schools:
 - III. ASAA member schools hosting interprovincial/international events involving three or more school teams in activities of the ASAA must apply for sanction using the Interprovincial Competition Sanction Form or, if inviting US teams, the NFHS InterState Sanction Form. The sanction form must be submitted to the ASAA at least 30 days prior to the event. A \$200 late sanctioning fee will be assessed to the host school or institution, if sanction form is not submitted in time. Out of province schools not listed on the sanction form will not be eligible to participate without ASAA approval. Visit the Associations' website (www.asaa.ca/resources) for all forms and submittals.
 - IV. ASAA member schools traveling to an out of province or country event must ensure that the event in question is sanctioned by the ASAA through its respective counterpart (province/state) via being posted to the ASAA website. Further, such schools must complete a Travel Permission form at least 30 days in advance of the event. Failure to complete this form at least 30 days prior to travel will result in a \$200 late Travel Permission fee.
 - V. ASAA zones and high school leagues: Events hosted by these partners must comply with ASAA policies.
 - VI. Non-ASAA member educational institutions or organizations: Events hosted by non-ASAA member educational institutions or organizations are required to follow ASAA policies.
 - a. Colleges, universities and other non-member educational institutions hosting high school events must apply for sanction using the Non-Member Educational Institution Sanction Form. The sanction form must be submitted to the ASAA at least 30 days prior to the event. A \$200 late sanctioning fee will be assessed to the host school or institution, if the sanction form is not submitted in time. Schools not listed on the sanction form will not be eligible to participate without approval of the ASAA and the respective school athletic

association. If non-school teams and ASAA member school teams are participating at a tournament, they must compete in separate categories; i.e. ASAA member school teams must not compete against non-school teams. If the event is for an individual sport (i.e. golf, cross country, wrestling, badminton and track & field), high school athletes belonging to club teams should compete only as a member of their high school, with approval from their school and the ASAA, and only against other high school athletes. Travel of the student athlete to such events must adhere to the designated requirements of the associated school and school board of which the student attends. In addition, a *Permission to Travel* form must be completed and submitted to the ASAA for approval 30 days prior to the event. **A \$200 late permission to travel fee will be assessed to the participating school, if permission to travel form is not submitted in time.**

- b. In the sport of cheerleading only, school teams can attend competitions hosted by a non-school entity provided that the non-school entity meets the following conditions:
01. Proof of event and association/company insurance is submitted to the ASAA office. This must include a minimum of \$2 million General Comprehensive Liability Insurance as well as a Sport Accident Insurance Policy. It is strongly recommended that the insurance also included Officers and Directors Liability Insurance.
 02. All safety requirements are met as outlined by the Alberta Cheerleading Association policies.
 03. No prize money can be awarded.
 04. The non-school entity agrees to be accountable to the ASAA to uphold the standards and expectations of ASAA and to report to ASAA as requested. That is, should violation of any conditions occur, consequences will be at the discretion of the ASAA.
 05. All entry fees for the high school divisions are approved by the ASAA.
 06. All relevant sanction forms must be completed at least 30 days prior to the event as per ASAA policy.
 07. A \$200 late fee will be assessed to the non-school entity if they fail to submit proof of proper insurance coverage to the ASAA for approval 30 days prior to the event. Failure to pay the fee prior to the event will result in the event not being sanctioned.

If a non-school entity fails to meet all of the outlined conditions, ASAA member school teams will be ineligible to participate at all

events hosted by that non-school entity.

3. Seasons of Play

Preamble:

The intent of establishing seasons of play is to provide a guide as to when competition for particular activities sponsored by the ASAA may occur. Due to the nature of some activities, they do not fall into one season and therefore may overlap seasons. However, for most activities the total competitive period will fall within one season.

The rationale for establishing seasons of play is in keeping with the ASAA philosophy of making competitive opportunities for all members as equitable as possible. Therefore, with all members operating within the same time guidelines for each activity, the opportunity for advancement toward provincial competition should be reasonably equal.

In addition, the ASAA feels that establishing seasons of play will encourage school jurisdictions to emphasize a varied program of school athletics.

- A. Activities sponsored by the ASAA shall take place within a specific season of play and these seasons shall be determined annually with the provincial competition being the reference point.
- B. Each season of play will encompass pre-competition practice exhibition contests, league play and playoffs.
- C. Each season of play shall be approximately 16 weeks in duration (school time) with holiday periods taken into consideration where applicable.

D. Seasons of Play

***Please see Item 10.B., Competition Dates, for the set dates of provincials.

Note: The season of play is not intended to include July and August. (exceptions are made for fall sports of football, cross country and golf which may begin August 16, and volleyball which may begin on the first official day teachers return to school after summer break based on the traditional school calendar of their school district. Note that "operational day" in the fall does not refer to when administrators are in the building before other teachers).

E. Game Limits

Sport	Limit of Competition Before Playoffs Begin
Basketball	34 Games
Football	10 Games *
Rugby Sevens	12 Games **
Volleyball	25 Days of Competition

* Jamborees and/or scrimmages are not included in the total number of games played (jamborees and/scrimmages are defined as having coaches on the field of play).

** Must comply with World Rugby maximum minutes in 24 hour period.

F. Definition of a Practice

- I. Schools may not conduct team practices outside the respective ASAA season of play. The definition of a 'team practice' is an organized sport specific ASAA activity, with multiple team members from the same school, under the supervision of a coach from the same school, where they direct or conduct sport specific drills for the athletes. Contests and practices for all sports shall be restricted to the ASAA seasons of play for sports. No members of any coaching staff shall direct organized practice or game activities prior to the approved starting dates for in session sports.
- II. Allowable 'out of season activities' are weight training and general conditioning programs. 'Open' facilities are permitted but must adhere to the following guidelines: they must be open to public, they must be supervised by school personnel for safety reasons, they cannot be mandatory, and there can be no written or unwritten instructions. Site administrators and athletic directors are responsible for seeing that these rules are adhered to.

- iv. The intent of this rule is to ensure that high school teams are not assembled for coaching purposes outside of the ASAA seasons of play and gaining an advantage. Directed team-play and instruction are not permitted. Compliance is the responsibility of the school site administrators, athletic directors and/or coaches and is an expectation of the ASAA. Reports of infractions will be dealt with pursuant to the ASAA Violations Policy listed below.

G. Recommended Minimum Number of Practices/Sport

Sport	Recommended Minimum Number of Practices Before 1st Competition

Basketball	4
Cheerleading	8
Cross Country	4

H. Violations of Season of Play

- I. Violations of the seasons of play shall be reported to the zone secretary of the school in violation and to the ASAA Executive Director. Such reports of violations must be corroborated with first hand evidence of individuals who, through their institutions, are members of the Association. All such reports must be in writing.
- II. Violation reports received by the Executive Director will be dealt with by the ASAA Executive immediately. Penalties imposed are at the discretion of the Executive and may result in the individual or team at fault being ruled ineligible for ASAA competition for a specified period.
- III. Any school found in violation of the Seasons of Play Policy and penalized may appeal the penalty within 48 hours of notification of penalty.

I. Interpretation and Examples

The dates provided in the Seasons of Play Policy for ASAA sponsored activities do indicate when each activity will begin and when it will end as a formal co-curricular activity for all member schools wishing to retain eligibility for such activities.

- I. Examples:
 - a. The season of play for basketball is November 1 to the third Saturday in March. This means there shall be no basketball practice or competition involving school teams prior to November 1 or after the third Saturday in March in any school year. This does not place any restrictions on individuals participating in out-of-school basketball prior to November 1 or after the third Saturday in March. School team camps outside the November 1 to third Saturday in March period are in violation of the Season of Play policy.
 - II. The season of play for volleyball is June 1 to the fourth Saturday in November. Therefore, volleyball practices may be carried out in schools during the month of June and from the beginning of the school term in the fall until the provincial championships. This precludes any formal school volleyball activity during the summer vacation but does not prevent individuals from attending summer camps. School teams that continue to function as school teams after the completion of the ASAA playoffs are in violation of the Season of Play Policy.
 - III. There is no intent that the Seasons of Play Policy will have any effect on physical education classes or on intramural programs.

4. Athlete Registration

- A. All athletes must be registered in the Sport Registration System (SRS) to be considered eligible for competition against other eligible athletes from ASAA member schools; this includes Jr and Sr varsity teams. Registration of athletes/teams must occur regardless of whether the team plans to enter provincial competition. A list of registered teams will be posted on the ASAA website and sent to all Zone Secretaries after each sport registration deadline. Teams that do not appear on this list are not eligible to compete against ASAA member schools until such time that team registration takes place. Teams on the ineligible list that continue to compete without registering will be subject to sanctions at the discretion of the Executive Committee.
- B. The Principal of the high school shall be provided with an account to access SRS, the ASAA's online registration system. The onus of responsibility rests on the Principal for confirmation of the required eligibility qualifications.
- C. A school cannot register more than one team per category or classification in each activity for ASAA provincial competition.
- D. Registrations for all sports must be submitted online at registration.asaa.ca **by midnight** of the date indicated.
- E. Late Registrations:
- I. **Golf, Cross Country, Badminton, Track & Field:** Team registrations after the online registration deadline and before the respective zone tournament deadline will be accepted subject to the late registration policy below. Additional students will be accepted after the respective zone tournament deadline subject to the late registration policy.
 - II. **Volleyball, Football, Wrestling, Curling, Cheerleading, Basketball, Rugby Sevens, Rugby, Team Handball:** Team registrations after the online registration deadline and player additions after the additional student deadline will be accepted subject to the late registration policy.
- F. Late Registration Policy
- I. A school that misses a registration deadline (team registration deadline, coach/team official registration deadline, adding players deadline or school registration deadline) can appeal to the ASAA for acceptance of a late registration. All players listed on late registrations shall meet all eligibility requirements of the ASAA effective on the date of the registration deadline. If the late registration is approved, then a penalty of \$150 per player to a maximum of \$500 per registration deadline will be levied and confirmation of payment must be received by the ASAA office prior to the late team or player registration being accepted. Twenty five per cent of all late registration fees collected from schools within a zone will be remitted to that zone. The other 75 percent will be allocated to the CIAAA, the ASAA endowment fund or operational initiatives annually. Late registrations are processed online.
 - II. In the sports in which the registration deadline and opt-up deadlines are the same, the school may register their team late (with appropriate penalty) but may not opt-up from their school's classification. For sports in which the opt-up deadline is after the registration deadline, teams may register late, through the normal late registration process, and may opt-up before the opt-up deadline in that specific sport. If registration has not taken place by the opt-up deadline, then the team may still register late, but shall not be permitted to opt-up from their school's classification.
 - III. For the purposes of late registrations, golf, curling and wrestling team registrations are each considered one team even if they have male and female members (i.e. the most a school can be penalized for these sports is \$500)
 - IV. In the event of a late school registration (i.e., after October 10) being accepted, the late registration fee of \$500 would be required in addition to annual zone and ASAA membership fees.
 - V. If there are extraordinary circumstances for a registration being late, Schools may appeal the financial penalty from a late registration by submitting a late registration appeal through the SRS. These appeals will be reviewed by the Executive Committee and must be submitted one week in advance of regularly scheduled Executive Committee meetings.

H. Opting-Up: Golf, Volleyball, Football, Basketball, Rugby Sevens and Rugby only

- I. For provincial competition, a school may elect to opt up to a higher classification for a single team, while still retaining its right to enter teams in other activities in the proper classification of the school.
- II. Opt up deadlines are as follows:

Golf	September 12
Football	October 1
Volleyball	October 15
Basketball	January 15
Team Handball	March 22
Rugby Sevens	May 1
Rugby	May 1

Schools not opting up by these deadlines will compete at the classification level at which the school is registered.

Opting In

The deadline to opt into the basketball provincial championships via SRS shall be the Basketball declaration opt up date.

5. Sports Commissioners

- A. Selecting sports commissioners shall be subject to the following:
 - I. Commissioners shall be elected by the Board of Governors;
 - II. They shall be nominated from among the persons eligible to serve on the Board of Governors;
 - III. Commissioners shall serve for a minimum of two years and a maximum of four years;
 - IV. A vacancy occurring during a term of office shall be filled by an interim appointment by the Executive until the next Annual General Meeting;
 - V. Jurisdiction and expenses of Commissioners shall be subject to the approval of the Executive.
- B. The duties and responsibilities of Commissioners shall include the following:
 - I. Providing assistance to host committees to coordinate provincial championships;
 - II. Being familiar with new developments in rules, equipment, coaching techniques, etc;
 - III. Distributing information such as noted in b) above;
 - IV. Presenting recommendations to Provincial Tournament Chairpersons, the ASAA Executive, Zone Executive and member schools;
 - V. Acting as a consultant to meetings and committees conducted by groups noted in iv. above;
 - VI. Furthering interest in their sport through the use of bulletins, talks and other forms of publicity and promotion;
 - VII. Liaising with provincial sport governing bodies, the ASAA Executive, universities and other agencies;
 - VIII. Attending provincial tournaments;
 - IX. Ensuring the records are noted in the proper publications for their sport.
 - X. Preparing and assisting in annually updating competition handbooks for that sport.
- C. Role of Commissioners in coordinating provincial competition.

The Commissioner plays a critical role in the development of their particular sport with the ASAA. Since the primary responsibility of the Commissioner is coordinating provincial competition, leadership should be provided according to the following format:

- I. The Commissioner in concert with the Executive Director shall meet with, or conference call, the competition chairperson (and committee) at least three months prior to the competition for the purpose of reviewing the requirements for the competition as outlined in the ASAA handbook and host handbook. For basketball and volleyball, a meeting (or conference call) of the tournament chairpersons for each of the host committees should be called by the Executive Director. For all other sports, the Commissioner, with the approval of the Executive Director, should meet with the tournament chairperson at the site of the competition.
- II. The Commissioner shall receive a written organizational plan from the tournament chairperson no less than two months prior to the event.
- III. The Commissioner should attend the competition to assist with its operation and to evaluate the event. If at all possible, a short meeting should be organized in conjunction with the competition for coaches and administrators. The purpose of this meeting would be to evaluate the event, propose modifications, suggest rule changes and propose changes to any other aspect of the sport. If such a meeting cannot be arranged, an evaluation form should be circulated to participants and then returned to the Commissioner.
- IV. The Commissioner shall be responsible for converting information received from the competitions to handbook modifications and develop Notices of Motion where applicable.

Note: It is expected that Notices of Motion submitted by Commissioners will reflect the wishes of a broad representative sampling of coaches across the province and not just the opinion of the Commissioner. Such notices will be submitted to the Executive Committee, via staff, prior to circulation province wide.

The ASAA shall provide Commissioners with the financial resources necessary to conduct the role outlined above.

6. New Activities

New activities to be sponsored by the Association shall be adopted according to the following procedure:

- A. The activity may be proposed after due Notice of Motion without detailed policy at a meeting of the Board of Governors. If approved, the activity may be implemented in one of the following ways:
 - I. By assigning it to a Zone Executive or other committee to conduct on a trial basis. The committee would prepare detailed policy.
 - II. By implementing proposed policy that is submitted at the same time as the proposal to approve the activity, provided proper Notice of Motion is given for both. If the activity is approved, the policy may be approved, amended or referred to a committee for recommendations.

7. Deleting Activities

- A. In the event that any classification (tier, category, etc.) at a provincial competition has representation from fewer than five zones, the event will be on probation for one year. If at the end of the one year, the classification or event has not met one of the above requirements the continued sponsorship by the ASAA will be either affirmed or cancelled at the AGM following the occurrence of the next provincial championship in that activity. If the event is affirmed, it will remain on probation.
- B. Whenever an activity is affected by this policy, it will be announced at the current AGM, thus providing member schools this information one year in advance.
- C. In the event that any classification or event is cancelled, classification and tier population numbers will be adjusted accordingly by the ASAA Executive Committee and confirmed by the Board of Governors where necessary.

8. Officiating

The ASAA will, in conjunction with zone executive and various provincial sport associations, work to establish a network of officials that will provide Alberta high schools with personnel qualified to officiate school competitions at the local, regional and provincial levels.

9. Rules

The rules in place at the start of the season of play for each ASAA sport will be followed for the entire season, regardless of any provincial, national, or international rule change that may occur during the season. Provincial Championship Competition Dates

For the purposes of competitions, the ASAA shall use the following **definition of weekend**:

For activities that require a two day competition, the weekend will consist of Friday and Saturday (no ASAA provincial competitions will take place on Sunday). This will apply to all similar activities even though a particular competition may be scheduled for only one day. Cross country and football championships are designated for specific days and do not need to be considered in the weekend concept.

C. Provincial Representation

- I. All individuals and teams advancing to provincials must participate in competition leading to provincial championships where a qualifying competition is required. i.e. district and/or zone qualifying events.
- II. Any team that checks the "Intent to attend provincials" box in their team registration on the SRS will be considered provincial-eligible. If a Provincial-eligible team qualifies for provincials either as a zone representative or a wildcard/additional berth is expected to attend provincials. If, for any reason, a qualified team chooses to not attend provincials they will be charged a late withdrawal penalty in two parts:
 - a. a \$750 penalty, to be payable to the team that steps in to replace the non-attending qualified team, in order to cover their last-minute travel costs associated with attending provincials on late notice.
 - b. a \$250 penalty, to be payable to the host in order to cover the administrative costs involved in finding replacing a team to at the last minute.

Note: In the case where no team is able to step in and fill the berth, the \$750 will be payable to the host committee in recognition of the additional costs they face.

Note 2: If the zone of the team involved finds a replacement from their own membership the fee will not be charged.

- III. All participants in provincial competitions (individual and team) must be determined no later than the Saturday preceding the provincial competition. In rugby, participants must be determined no later than the Tuesday preceding provincial competition.
- IV. NWT/Nunavut shall be allowed to compete on an exhibition basis in individual activities that are sponsored by the ASAA at the provincial level.

D. Hosting Provincials

- I. Each provincial competition shall be organized and administered by a school/committee approved initially by the host zone and subsequently by the ASAA Board of Governors.
- II. All schools/zones bidding to host provincials shall follow the bid guidelines as indicated in the Appendix of this handbook and on the ASAA website.
- III. Any group being given the responsibility of hosting an ASAA provincial championship event must adhere to ASAA Bylaws and Policies as set out in the ASAA Handbook.
- IV. All ASAA provincial events are to be alcohol, tobacco (including chewing tobacco, vaping), cannabis use in all forms and drug free for all players, coaches, parents, team personnel, officials and spectators. This applies to all activities held on school property and rented community facilities, including all outdoor facilities for events such as rugby, track & field, football, golf and cross country.
- V. Legacy Clause - To reflect special anniversaries or milestones for ASAA sanctioned sports e.g. 50th anniversary. The Executive Committee will have the discretion to modify tournament structure for that year.
- VI. All food and beverages sold and provided at ASAA provincial championship events held in ASAA member school facilities must fit within the Choose Most Often and Choose Sometimes categories of the Alberta Nutritional Guidelines for Children and Youth, details of which can be found in the Appendix and on the ASAA website.
- VII. All ASAA team sports (excluding Football) require the participating teams to remain at their benches during intervals or play/half times. Teams will need to remain on the court/field and not use locker rooms during halftime and intervals of play.

E. Competition Banquets

It is the prerogative of the host committee to determine if there will be a banquet in conjunction with any ASAA provincial competition. If the host committee chooses to include a meal as part of the event, all participants are obligated to pay the fee set to cover the cost.

F. Finances

- I. The intent is that all ASAA provincial competitions be organized in such a manner as to be self sufficient while keeping costs to participating teams/individuals minimal.
- II. An entry fee, subject to approval by the ASAA Executive and the sport commissioner, may be charged by the host committee for provincial competitions.
- III. Pay It Forward Loonie Fee: Each provincial championship will charge an additional \$1 for each participating student and remit those funds to the ASAA office after the championship. 100% of funds will be directed into an ASAA scholarship fund to recognize student athletes who give back to their schools and communities by either coaching or officiating in school or community sport.
- IV. Provincial competition hosts will be eligible to apply for a hosting subsidy of a maximum of \$500 per event should the event show a loss or a profit of less than \$500. In the event of a profit of less than \$500 being realized, the host may only apply for a subsidy for the difference between the profit earned and the \$500 maximum.
- V. Team Sport: Teams Failing to Show

Any team (football, volleyball, basketball, cheerleading, curling, rugby sevens, rugby) that confirms attendance at provincials as a zone/regional representative and then either pulls out following a pre-designated date (determined annually by the ASAA Executive in coordination with the respective sport commissioner and the Executive Director) or fails to show is required to pay the host the entry and banquet fees applicable to all participating teams. If the late withdrawal results in significant work being required to find a replacement team by either the ASAA office or the championship host, the offending school will be penalized an additional \$250. The Executive will have the sole discretion to impose the penalty based on the rationale provided by the school for the late withdrawal.

- VI. Team Sport: Coaches/Schools Failing to Attend Mandatory Coaches Meeting:

Any team (football, volleyball, basketball, cheerleading, curling, rugby sevens, rugby, team handball) that attends provincials as the zone/regional representative and fails to attend or send a team representative to the mandatory coaches meeting will be fined a fee of \$250 for failing to send a representative to the coaches meeting. This fee will be collected by the ASAA office and split between the host of the championship and the ASAA; the latter of which will be earmarked for the ASAA subsidy account to help offset costs to ASAA provincial hosts. The Executive will have the sole discretion to waive the penalty based on the rationale provided by the school for failure to attend the coaches meeting.

VII. Individual Sports: Individuals Failing to Show

In individual sports (golf, cross country, badminton, track & field), the zone is responsible for submitting a cheque for the applicable entry and banquet fees of all participants confirmed by the deadline for submitting final entries to the host. In wrestling, participating schools will submit a cheque for all athletes confirmed by the entry deadline. In the event an athlete(s) fails to show, the offending athlete's school will be penalized an additional \$50 per no show over and above entry fees, to a maximum of \$250. The Executive will have the sole discretion to impose the penalty based on the rationale provided by the school for the late withdrawal.

Note: any school that has outstanding fees resulting from either the team or individual failing to show policy will be ineligible to participate in an ASAA provincial championship in any sport until those fees have been paid to the ASAA.

2. Season of Play

The season of play for basketball shall be November 1 to the provincial championships on the third weekend in March. See SECTION V – ACTIVITIES, Item 3 for more information.

North Region (NE, NW, Edmonton)	Edmonton Region
Central Region (C, NC)	Calgary Region
South Region (SC, S, Calgary)	South Region
	Rural Region (C, SC, NE, NW)

- C. All schools shall submit their game results online using Sport Registration System (SRS) right through to the completion of zone playoffs to provide a complete and up-to-date season record for use in the ranking and seeding processes.

Note: Only those teams with results posted in SRS in a minimum of three ranking periods shall be eligible for final rankings.

- D. Based on the results in the SRS, each ranking committee member will determine a provincial top 10 and a maximum of five honourable mentions. The deadlines for submitting these rankings via SRS to the respective Basketball Commissioners must be adhered to and will be posted on the ASAA website by November 1 each year.
- E. For each ranking period the Chair shall review the ranking committee selections as posted on Sport Registration System and award points to the teams according to the same procedure as outlined in Item 7. Awarding Wildcard Berths. The Chair shall then total the points into a single listing and rank the teams from highest to lowest according to their total points for that ranking period.
- F. In the event of a tie, the Chairperson shall apply the following:

- D. Provincial Seeding Process:
- I. All Basketball Provincial Championships shall be seeded.
 - II. In order of priority, the following will guide the seedings:
 - a. Final ASAA Ranking
 - b. Body of Work, including all games played after the final ranking period.
 - c. Placing in Zone championship

Note: Winning the zone championship will automatically qualify the team for the provincial championship but does not guarantee that the team will enter provincials as the number one seed from their respective zone

- E. Notwithstanding 'a', 'b' and 'c' above, every effort will be made to prevent teams from the same zone meeting in their first game of the provincial competition. This may require minor adjustment of seedings to accomplish. Note that avoiding zone match-ups in second or subsequent rounds of competition is not within the purpose of the seeding process or rankings/seedings committees.
 - I. At each classification level per gender, the respective commissioner and eight ranking committees shall meet via separate conference calls on the Sunday prior to provincials; the cost of the calls to be paid for by the ASAA. Subsequently, each commissioner will provide the four (1A-4A) recommended seedings lists to the ASAA office no later than noon on the Sunday prior to provincials.
 - II. A committee comprising of the two basketball commissioners and the ASAA Executive Director will meet via conference call on the Sunday afternoon prior to provincials and will review the recommendations. The committee has the authority to make changes within reason and as it sees fit.
 - III. The committee noted in 'II' above will empower the ASAA staff to distribute the final seedings to championship hosts by late Sunday afternoon, barring any unforeseen circumstances.

NOTE: Due to the short timeframe involved, tournament seedings may not be appealed.

- F. Regardless of which ASAA classification schools choose to enter, they must compete provincially in their geographic region as outlined in the ASAA handbook.
- G. All teams advancing to provincials must participate in competition leading to provincial championships. This includes the provincial host team even though they have an automatic entry in the provincial competition.

7. Awarding Wildcard Berths

Zone secretaries will provide to the ASAA office a list of zone championship hosts and their cell phone numbers in advance of the zone championship tournament weekend so that hosts may be contacted in a timely manner if zone results are not received or more information is needed. Zone championship hosts are requested to email the appropriate commissioner and the ASAA the game scores and a rank order list of teams qualifying from their zone to the provincial tournament by 9 a.m. the Sunday following the zone championship.

The Commissioner will use the following criteria when awarding wildcard berths:

- A. Teams in the final ranking will be awarded points (12 for 1st, 10 for 2nd and so on until the 10th ranked team receives 2 points. The 5 honourable mentions will each receive one point)
- B. Zone points are added up and wildcard berths awarded to the zones with the most points.
- C. In the event of a tie, the zone with the highest ranked 2nd team will be awarded the berth (for example, if one zone has the 2nd and 5th ranked teams and another zone has the 3rd and 4th ranked teams, the zone with the 4th ranked team would get the wildcard berth).
- D. Vacant Berths
 - I. A wildcard berth will be considered vacant when:
 - a. A zone does not have enough teams in the final ranking period to fill the wildcard berth (for example, a zone has 1 team ranked 2nd in the final rankings and qualifies for a berth with 10 zone points but no other team ranked).
 - b. The host zone does not have enough teams in the final ranking period to fill the zone champion, host bid and wildcard berth (for example, a zone has the 3rd and 6th ranked team, is hosting provincials and qualified for a wildcard berth based on zone points; they would receive the zone champion and host berth but not an additional wildcard berth due to insufficient teams).
 - II. Who receives the vacant berth
 - a. In the event of a vacant berth, the zone with the highest point total and sufficient number of teams in the final rankings will receive the wildcard berth.

(Note: maximum berths noted in following pages cannot be exceeded)

The Commissioners will provide the name of the zone receiving the wildcard berth to the ASAA office. It should be clear that the zone, not an individual team will receive the wildcard berth. The zone will allocate this berth to

a team based on its placing in the zone tournament. Rankings information will be posted on the ASAA website and teams wishing to contest* the rankings will have until noon on the Tuesday following the final rankings to do so. Such an appeal must be accompanied by a \$50 payment. The ASAA Basketball Commissioners will consult with the rankings officers based on the information available, and, with the approval of the Executive Director, will render a decision to the school within 48 hours. If the appeal results in a change to the rankings and the subsequent inclusion of the appellants school, the \$50 will be refunded to that school.

**All schools are responsible for entering their complete results for all games (exhibition, Tournament, league play, league playoff and zone playoff) into the SRS basketball ranking system by the final submission date as indicated in the annual rankings timeline as posted on the ASAA website. An appeal of the rankings will not be considered unless a complete season record has been submitted before this deadline. An appeal must be signed by the school Principal and should indicate where the school feels they should be ranked and why.*

If this occurs while a game is in progress, the delivery rotation can be changed to meet this criterion.
- B. Substitutions may be made during or between games by using the non-playing team member(s) for any team positions (in mixed play, a boy can only be substituted for a boy, and a girl for a girl, following 3.B. above). In mixed play, if a substitute of the correct gender is not available then the team will continue the game with three players in their existing order, throwing 3, 3, and 2 stones. All team members must meet ASAA eligibility requirements and cannot be members of other school representative curling teams as established at the qualifying events for provincials (see 3 above). The ASAA office will calculate provincial championship history for teams representing their zones for the three years prior to the current school year. Teams that win the gold medal will receive 3 points. Teams that won the silver medal will receive 2 points. Teams that win the bronze medal will receive 1 point. The zone that has the highest total will receive the additional berth in that category.
 - c. There will be a maximum of 3 representatives from a zone (includes the host teams) in any category.
- II. All games will be eight ends duration. If tied at the completion of eight ends, an extra end or ends shall be played.
- III. Competition in each event shall be two section round robins. At the completion of the round robin, the first place team from each pool will play the second place team from the opposite pool. The winners play to determine the gold and silver medal winners, and the losing teams play to determine the bronze medal winner.

B. Hammer

Practice and draw to the button procedures for round robin, tie breakers and medal games:

- I. **30 minutes** prior to the scheduled start time, the thirds will flip a coin. The winner of the coin toss will choose second practice or colour of rocks.

At the end of the practice, an extra stone will be delivered as a draw to the button.
- II. This stone can be delivered by any player on the team with sweeping allowed.
- III. This stone must be measurable in the house.
 - a. If the stone is in the free-guard zone or not in play, the stone must be delivered again, by different team member, and a score of 185.4 cm will be recorded. This process is repeated until a stone is measurable in the house. If the second team's rock does not stop in the house and the first team had a measurable stone, the second team does not throw again.
 - b. If the stone covers the pin, the stone must be delivered again, by a different team member, and a score of 0" or 0 cm will be added to measurement. This process is repeated until a stone is measurable in the house. If the first team does not cover the pin and the second team covers the pin, the second team does not throw again. A score of 0" will be recorded for any team covering the pin during their first attempt for tie breaker purposes (see section 5,C. Tie Breaker Policy).
- IV. The same player may deliver the 1st draw to the button attempt in all games. Rotation of players is only required if the 1st attempt is not measurable.
 - a. The team with the lower measure at the end of each team's practice will be awarded hammer in the first end of play.
 - b. The measurements of the four (based on ten teams) round robin games will be recorded and totalled for tie breaking placing and determining the hammer in medal games
 - c. All measurements will be done by the thirds and agreed upon by both teams. Measurements are recorded on paper and are collected by the Host to be tallied, only the first delivered rock is recorded, the distances of additional rocks is only used should the opposing team's first rock not reach the house, or covers the pin, they determine hammer in the first end.
 - d. 1 vs 2 crossover playoff game – The team which finished first in their pool will be rewarded with hammer in this game, thus the extra delivered stone is not required as part of the practice. The team with hammer receives first practice, the other team selects rock colour.
 - e. For the medal games, the team with the lower combined total from the draws to the button from the round robin games will be awarded hammer and first practice. The other team will select rock colour and have second practice.

C. Tie Breaker Policy

The tie-breaking procedure will include a draw to the button to take place after the conclusion of each practice, by all teams involved in the competition. The measurements of the four round robin games will be recorded and totalled for tie breaking placing only. Head to head records will be used when possible, total measurements from the draws to the button will be used if teams are still tied.

- I. If two teams are tied for first, the game between the two teams will determine first and second places.
 - II. If two teams are tied for 2nd, the two teams will play a four-end game to determine 2nd place in the pool. Extra ends will be played if necessary.
 - III. If three teams are tied for first, teams will be ranked according to policy C i, the top ranked team will be awarded 1st place in the pool. The other two teams will play a four-end game to determine the 2nd place team. Extra ends will be played if necessary.
 - IV. If three teams are tied for second place, teams will be ranked according to policy C i and the 1st ranked team will be awarded a bye. The other two teams will play a four-end game with the winner then playing the team with the bye in another four-end game to determine 2nd place in the pool. Extra ends will be played if necessary.
 - V. If four teams are tied for first, teams will be ranked according to policy C i, The 1st ranked team will play a four-end game against the 4th ranked team, the 2nd ranked team will play a four-end game against the 3rd ranked team. Extra ends will be played if necessary. The round robin game between the winning teams will determine who is awarded 1st and 2nd in the pool.
 - VI. If four teams are tied for 2nd place, teams will be ranked according to policy C i, The 1st ranked team will play a four-end game against the 4th ranked team, the 2nd ranked team will play a four-end game against the 3rd ranked team. The winners will play a second four-end game for 2nd place in the pool. Extra ends will be played if necessary.
 - VII. If five teams are tied for 1st place, teams will be ranked according to policy C i, the 1st ranked team will be awarded 1st place in the pool. The 2nd ranked team will play a four-end game against the 5th ranked team, the 3rd ranked team will play a four-end game against the 4th ranked team. The winners will play a second four-end game for 2nd place in the pool. Extra ends will be played if necessary.

C. Tie Breaker Policy

If teams are tied in a section, the Volleyball Canada tie break procedure is used as outlined below. This system is used to rank teams in a section, but is not used to eliminate a team. If teams are tied for the last playoff spot, the lowest ranked team will play one game to 25 points (no cap – win by two points) against the next lowest ranked team. If the winner of this game is still tied with another team for the last playoff berth, these two teams will play one game to 25 points (no cap – win by two points) and so on, until the winning team is no longer tied for the last berth. For each of these elimination games, there will be a minimum warmup of 15 minutes [five minute warmup followed by 5-5 (serve within your five minutes)] to allow the teams an adequate warmup. If two or more teams are tied at the end of the preliminary round, the following criteria will be applied, in order:

- I. The team having the best ratio of won/lost matches, considering only matches played between the tied teams, will be ranked higher;
- II. The team having the best ratio of won/lost games, considering only matches played between the tied teams, will be ranked higher;
- III. The team having the best ratio of won/lost games, considering all matches of the round, will be ranked higher;
- IV. The team having the best ratio of points for/against, considering only games played between the tied teams, will be ranked higher;
- V. The team having the best ratio of points for/against, considering all games played during the round, will be ranked higher;
- VI. Any game needed to break ties will be a single game, rally point scoring to 25 points with a two point difference to determine placing.

Matches or games between tied teams (steps i, ii. and iv. above) means that only matches or games involving tied teams should be included in the calculations. Steps iii. and v. use all matches or games in the round robin to determine rankings of the tied teams. Ratios are calculated using won/lost ratio, not lost games/games won.

- II. In the event there is a wildcard for the 4A championship, including a vacant berth resulting from a zone vacating their zone berth(s):
 - a. Each zone will receive one (1) eligible team to be considered for the wildcard berth. After each zone championship, the team(s) who are eligible to be considered for a wildcard berth will be the highest placed team in each zone that has not already qualified for the provincial championship (even if they are in the zone that is hosting the championship).

- b. During the provincial championship ranking conference call, the Ranking Committee will discuss the merits of each team, based on the strength of their zone, as well as each individual team's strength Provincially throughout the season. Based on the discussion and the recommendation of the Ranking Committee the ASAA representative and the Volleyball Commissioner will choose the best team to receive the wild card berth into the Provincial Championships.

III. Competition Pools

A power pool format will be implemented for the first day of the Provincial competition. The teams will be ranked into three competition pools by an ASAA ranking Committee. Teams ranked 1–4 are in Pool A; teams 5–8 are in Pool B; and teams 9–12 are in Pool C. All teams will play a best two-of-three match against each of the other teams in the pool on the Thursday of the championship. After these matches, the teams will be seeded into the playoff round based on the final standings in the pool. The current CVA tie-breaking procedures will apply if necessary to complete the final standing of teams in each pool.

Teams that finish last in their pool will drop to the next lower pool for seeding in the playoff round and teams that finish first in their pool will move up to the next higher pool for seeding in the playoff round. For example, if a team plays in Pool B (5–8) and finishes last, it will drop to the top of Pool C and be seeded 9th for the playoff round. The team finishing first in Pool C (9–12) will move up to the bottom of Pool B and be seeded 8th for the playoff round.

Playoff Round

Based on the power pool results all teams will then be seeded from 1–12. The playoff round follows a 12-team elimination schedule. First round play will be a best three-of-five match involving team 5 vs 12, 6 vs 11, 7 vs 10 and 8 vs 9 – with the top 4 teams receiving a bye for the first round. Every match on the championship side of the playoff round, including the bronze medal match, will be best three-of-five. Once a team has been eliminated from the championship side, all remaining matches will be best two-of-three. Teams will continue to play for final placement (1–12).

Rankings

- a. There will be separate ranking committees for each gender comprising one voting representative from each zone (where a 4A team exists). One additional non-voting member of each committee will be designated as the tabulator and will be responsible for receiving and compiling all results submitted by individual committee members. Recruitment of ranking committee members and tabulators as well as determination of the ranking timeline will be the responsibility of the Volleyball Commissioners annually.
- b. Rankings will be done bi-weekly. A total of four (4) rankings will be developed prior to the power pool rankings for the provincial tournament. A final ranking will take place on the Monday preceding the championship Tournament after all qualifying teams have been identified. A ranking timeline will be posted no later than September 7 annually.
- c. By 12:00 p.m. on Monday prior to each release date, each committee member is responsible for procuring and emailing all other committee members any information deemed important to an accurate and valid ranking. This information shall include, but not be limited to:
 01. final standings from tournament play that involve prospective ranked teams in their zone
 02. match results for league play involving prospective ranked teams in their zone
 03. general comments about prospective ranked teams and their players (injuries, etc.)
 04. a preliminary ranking based on all available information collected to that point (1st, 2nd, 3rd, etc.)

All members will have access to the results from the previous two weekends (from the emails the rankers share) and know how other members have ranked. By 6:00 p.m. on Tuesday of the ranking week, each member will then send an email with their final ranking to the tabulator only. Once the tabulator has received all the rankings, a reverse points ranking will be applied, meaning that a team that receives a first place ranking will receive 10 points. A second place ranking receives 9 points and so on.

Once the rankings have been calculated, each tabulator will forward to the ASAA and the media around the province a summary listing the top 10 teams. The ASAA will post the rankings on the ASAA website upon receiving them from the tabulators. Each committee member will also receive the complete ranking information detailing how each member voted. This will support the accountability of ranking. On the Monday prior to the championship, the ranking committee will create a final ranking for all 16 qualifying teams by conference call. Once ranked, the teams will be placed into competition pools as outlined above

IV. Regionals

- a. In the event that a school from the North Central Zone opts up to the 4A level, they will participate in a North West Regional to determine the one representative from that zone/region. Schools opting up will always travel to the North West Zone for this regional.

V. Regionals Format:

Regional playoff in 4A Volleyball shall follow a standardized format, based on the number of participating teams regardless of the playoff location.

- a. 3-6 Teams: round robin (matches) with top teams advancing. If the round robin provides a first place finisher, the second and third place finishers play a match to determine second. In tie situations, follow the procedure in Item 4.C. Tie Breaking Procedures.
- b. 7 Or more teams: two section round robin (matches) with the top two from each section crossing over to play each other (1 vs 2). Winners of these two matches advance but require a final match to determine first and second. It is important to equalize the strength of the two sections.

6. Playing Equipment

The official game ball to be used for ASAA Provincial Volleyball competitions shall be the Tachikara SV5W Gold-SWB.

7. Scoresheet

The AVA youth scoresheet, modified to allow 15 players per team on the roster as per Section XIX – Volleyball, 1.A.iii. will be used at ASAA Provincials. Scoring will be the best of three games: the first two games to 25 points and the third game to 15 points with all games played to a two-point difference with no cap.

SECTION XX WRESTLING

1. Rules

The rules shall be those of the Wrestling Canada Lutte (WCL) with the exceptions being those specifically adopted by the ASAA:

- A. All wrestlers competing in an ASAA sanctioned event have the option of wearing a mouth guard or not. If during competition the mouth guard comes out, it may be replaced at an appropriate time at the official's discretion.
- B. Wrestlers are required to wear a red or blue singlet for ASAA rural championship and provincial championship events as per the requirements in the WCL rulebook for a national championship. As exceptions to this rule, the ASAA allows a school team to wear a singlet of school colour(s) which may or may not display a school logo and/or name. Also, the ASAA will allow the new two-piece uniform, which may or may not include a United World Wrestling (UWW) logo or emblem or in particular situations, competitors may wear athletic short or leggings of matching colour over the singlet or close-fitting long-sleeve shirt and leggings of matching colour or black under the singlet. Also athletes are permitted to wear a sport hijab also black or matching colour. All permitted items must be free of metal or plastic fastenings and free of pockets. Aside from these exceptions, the ASAA does not allow any club logos or colours, provincial and/or national logos and/or emblems on singlets or warm-ups to be worn.

Note: Coaching includes shouting at or calling encouragement to the athletes. Coach apparel should be neat and tidy in appearance. Any team apparel must represent high school teams or zones not clubs.

A list of the rule deviations adopted by the ASAA shall be given to the head official in advance of the meet.

E. Protests

Protest procedures and resultant consequences will follow the WCL on mat protocol. An iPad (or similar device) will be used to review any on mat protest. The AAWOA will provide the technology and tripod, as necessary, to host venues for the wrestling rural and provincial finals events.

2. Provincial Affiliation

Each athlete and/or coach registered through the ASAA process will also receive discounted access to Alberta Amateur Wrestling (AAWA) membership. A nominal event fee per athlete and/or coach will apply to all AAWA-sanctioned tournaments, camps and clinics. This fee will not apply to any athlete and/or coach whom is already a current AAWA member through club programming. AAWA membership grants access to AAWA programming. AAWA membership allows ASAA members to access the AAWA officials for coverage at ASAA events. ASAA members do not gain access to any non-ASAA event (i.e., Alberta Junior Olympics, Alberta Open, Alberta Winter Games, Arctic Winter Games, Camps, etc.) and/or AAWA programming (Including AAWA funded programs) without purchase of specific AAWA membership at additional cost. In order to facilitate this process, the ASAA will provide demographic information with many include names, genders, age/birthdates, school location/residence (i.e. team and location) as required by the AAWA for insurance purposes and/or AAWA funding requirements.

- A. The rural provincials shall be an open competition for all rural high school wrestlers.
- B. At provincials, Calgary, Edmonton and rural zones may each enter five male and female wrestlers per weight class who attended the qualifying tournament at that weight class. In the event that any zone cannot send five athletes per weight class to the provincial tournament, an attempt will be made to fill those vacancies from the other zones. Preference for filling single vacancies will be offered first to the host zone. In situations where there is more than one vacancy in a weight class, preference for filling weight classes will follow the provincial tournament host rotation with the host zone having first opportunity to fill and will alternate with the remaining zones. Athletes filling vacancies in this manner will not count towards team points. Team rosters must be submitted to the host chairs for rural and provincial meets at least 48 hours prior to the commencement of the competition.

The first increment will be 135kg male and 100kg female with additional increments in 15kg steps male and 10kg steps female. zone hosts are responsible to notify tournament organizers and creation of these weight classes shall be approved by committee as structured in section 6. Upon the completion of the round robin the top two placements in the pool will wrestle in the finals with the winner getting the gold medal. Any weight class with between seven and fourteen competitors will use a double pool round robin format. When the number of competitors in any weight class reaches fifteen or more, that category shall be wrestled as a bracket draw according to the WCL rulebook with the exceptions of a cross-over wrestle back semifinal and a re-wrestle for the bronze medal. Ideally, athletes shall not re-wrestle a previous competitor during the cross-over wrestle back. To determine cross-over pairings, the first criteria shall be straight across, the second criteria shall be top-right versus bottom-left and also top-left versus bottom-right. Should both criteria produce a pairing where athletes have previously met during the rural provincial championship, then the first criteria will be used and a re-wrestle during the cross-over will occur.

If an athlete who placed in any of these events does not compete in the provincial championships, the next athlete from that area will be moved up based upon the area results. When a zone is not represented at provincials, the pairing master will have the flexibility to seed the first seeded zone wrestlers, out rotation, so you will have a top seeded wrestler from each of the other two zones in opposite brackets.

Ideally, athletes shall not re-wrestle a previous competitor during the cross-over wrestle back. To determine cross-over pairings, the first criteria shall be straight across, the second criteria shall be top-right versus bottom-left and also top-left versus bottom-right. - V. The first place and second place wrestlers from each of the qualifying tournaments (Calgary, Edmonton, Rural) are the only eligible athletes for seeding and shall be seeded according to item B.iii. above. Athletes are placed in the draw in positions as outlined in the WCL rulebook. Byes, if any, shall be placed in the draw in positions as outlined in the WCL rulebook. All other athletes shall be randomly placed with the exception that the Seeding Committee will attempt to prevent athletes from the qualifying Tournament (Calgary, Edmonton, Rural) from meeting in the first round. If athletes are to be moved in a bracket for this reason, the Committee will move athletes and/or replace them on a random basis.
- VI. For procedures on bracket draw, seeding, placement of byes, disqualification, classification, round robin procedures, team classification and tie-breaking criteria for round robin pools and/or team placement see the current WCL rulebook (Part Six: Responsibilities of the Pairing Master). Where there is conflict between the WCL rulebook and the policies in the ASAA Handbook, the ASAA Policy shall prevail.
- VII. Once an athlete has been registered and it is less than 48 hours before the start of the event, they can only be substituted for in the event of an injury, sickness or extenuating circumstance by another athlete that competed at the same provincial qualifying tournament in the same weight class. For an athlete to be substituted, they must be nominated by their coach and their provincial qualifying tournament host (Calgary, Edmonton or Rural) to a committee by the start of weigh-ins. The committee shall consist of the three qualifying tournament hosts or their proxy, the Provincial Championship Committee Chair or proxy, the drawmaster and the ASAA Wrestling Commissioner. In the event of a tie, the ASAA Wrestling Commissioner shall carry the deciding vote.

C. Coaches Meeting

A meeting shall be held for all coaches during the first day of competition; the time and place to be decided by the competition Chairman.

7. Officials

There shall be a minimum of two nationally ranked officials per competition surface. C. Board Review & Acceptance

- I. If the Board has no concerns with bid applications accepted by the Executive, those championships with only one bid by the respective deadline will win the right to host by acclamation and no presentation by the host is required.
- II. In those championships where more than one acceptable bid application has been received, a written ballot of the Board will determine the winning bid following a five-minute presentation
- III. **Note:** AV Presentation can be powerpoint or video; the 5-minute timeline will be strictly observed.
- IV. Commissioners and the Executive Committee cannot speak to support a particular bid but may speak to address concerns they may have about the ability of a school to host a particular provincial championship.

D. Bids from the Floor

Bids from the floor will not be accepted.

E. Vacant Bids After the APM or AGM

If there are vacant bids following the APM or AGM, the Executive Committee will seek potential hosts via Zone Secretaries or other means and will review applications at a subsequent Executive meeting. At that point, the Executive Committee may accept a bid without approval of the Board, provided they feel the bid applicant has submitted the bid through their zone, and has the ability to successfully host provincials. If more than one bid is received, the schools bidding have the option to submit a 5-minute AV presentation as noted in C above.

2. Recommended Facility Requirements for Housing Competitions

A. Competitions

I. Accommodations

Depending on the particular competition being hosted, accommodation requirements can vary greatly. Although it is preferable that required accommodation be near the competition site, it should be noted that smaller communities away from the host site have been and in some cases will need to be used. This may necessitate travel for participants. When accommodation is required, the tournament committee should attempt to negotiate a reduced rate for visiting competitors and inform all zones of the arrangements. Where possible, block book rooms with the ASAA sponsor hotel chain, if one exists, and inform the hotel(s) that in many cases the teams attending provincials will not be known until the weekend before provincials and request that they hold all block booked rooms until 9 p.m. on the Monday prior to provincials.

II. Concessions

a. Depending on the nature and location of the meet, concessions may or may not be necessary; therefore, concessions should be provided at the discretion of the organizing committee and with menu choices that keep the best interests of student athletes in mind. Hosts must follow direction of ASAA office following input from the ASAA Nutrition Committee.

b. Resources and Nutrition Policy Supports:

All food offered at ASAA championship events (hosted in school facilities) should fit within the Choose Most Often and Choose Sometimes categories of the Alberta Nutritional Guidelines for Children and Youth – <https://open.alberta.ca/dataset/1c291796-4eb0-4073-be8e-bce2d331f9ce/resource/3319786c-1df1-43ca-8693-067f733682dc/download/Nutrition-Guidelines-AB-Children-Youth.pdf>

Some other resources when planning your event: Ever Active Schools Toolkit – <http://everactive.org/toolkit>

III. In addition to following the Safety Guidelines for Interschool Athletics located at www.myspheres.ca, the following facility requirements are needed at the host locations:

a. Badminton

A minimum of 18 courts (24 is ideal) are required and these should be located at a maximum of five schools (i.e. all matches in a particular event should be played at one location). The ceiling height should be a minimum of 22 feet and all court markings should be clearly legible with at least five feet clearance on all sides. Adequate change, shower and locker facilities for all competitors must be provided.

b. Basketball

Floor size, floor markings and backboards must comply with current rule specifications. An adequate score clock is essential, as is a safe clearance around court boundaries. Due to the increased number of teams attending Provincials, a draw format now appears in policy.

When using just one basketball court, it is necessary to keep the tournament on a tight schedule, whereas the availability of a second playing surface allows more flexibility in scheduling games. However, schools with only one court available have been successfully hosting provincial competitions for years so this should not be a deterrent in bidding. All basketball championships are now three-day tournaments.

Suggested minimum spectator capacity:

4A Boys	1500	4A Girls	750
3A Boys	500	3A Girls	400
2A Boys	400	2A Girls	400
1A Boys	350	1A Girls	350

c. Cheerleading

A standard size gymnasium suitable for volleyball and basketball will accommodate cheerleading. A hardwood floor is preferable. A good sound system with easy accessibility to a CD player is essential. There should be seating capacity for 1000 athletes and spectators. Shower and change rooms are necessary and a concession is desirable.

d. Cross Country

The course should be laid out in an area that will provide a variety of terrain for all distances to be run. It is essential that each route be clearly marked to avoid confusion for the participants.

Although parts of the course should be challenging, care must be taken to avoid routes that could be dangerous in the event of rain or snow conditions. An adequate sound system is essential along with showers, ample toilet and change facilities and a first aid station.

- e. Curling
The number of events (boys, girls and mixed) being hosted will determine ice requirements with a minimum of three sheets being needed for each event. Community curling rinks normally have sufficient spectator area and operate concessions.
- f. Football
With the Alberta Bowl concept, the host facility must comply with Football Policy section XIV Field turf with lights and minimum spectator capacity for 1000+ is required. The host will need to be prepared to arrange sideline heating for players. Several medical aid personnel are essential.
- g. Golf
Two 18-hole courses in the same vicinity are required. Courses should be in reasonably good condition with grass greens. Clubhouse facilities are not essential but a concession is desirable.
- h. Rugby
The host facility should have a minimum of four fields, equipped with regulation rugby posts. Parking facilities should be sufficient to accommodate spectators. Several medical aid personnel are essential.
- i. Team Handball
A minimum of three courts are required to host both tiers and genders. Most school gymnasiums do not have the facilities to meet the regulation playing surface so dimensions should be taped in advance. There should be a safety zone surrounding the playing court of at least one metre along the sidelines and two metres behind the goal lines.
- j. Track & Field
A 400m all weather track with eight lanes is required for all track events. Field events require a foam pole vault pit, two foam high jump pits, two long/triple jump pits, one javelin area, one **caged** discus area and one shot-put area. An adequate sound system is essential along with showers, ample toilet (portable toilets rent as required), change facilities and a manned first aid station. Spectator space for 1000 is required with all spectators and non-competitors to be excluded from the track and infield area.
- k. Volleyball
A minimum of two regulation courts are required to host a tournament. If two tournaments are hosted at the same location, then four courts are required. Courts should have a ceiling clearance of at least 20' and 4'5" clearance around all boundaries. Nets, including aerials, must be supported tautly at correct heights. Scorekeepers' devices should be clearly visible to players and spectators. Referee stands will assist the official to do a competent job and make their moves more visible to players and spectators.
- Suggested minimum spectator capacity:
- | | | | |
|----|-----|----|-----|
| 1A | 200 | 2A | 200 |
| 3A | 400 | 4A | 600 |
- l. Wrestling
The primary requisite is to have sufficient good quality mats available to allow the meet to run in the time available. At least three quality competitive mats and a warm-up area are essential, and if the number of entries warrant, a fourth competitive mat might be required. It is recommended that mats be 9m in diameter, with a 1.2m protection area. Scoring and timing devices are needed as well as accurate scales (at least two), mat transporter, sound system, first aid supplies, several medical aid personnel and items essential for the officials. Spectator accommodation for up to 300 should be provided.

3. Procedure for Final Reporting on Provincial Competitions

- C. Provision of Digital Photos:

Digital photos are required for the yearbook. Please follow the guidelines below:

- I. Use a minimum five megapixel camera.
- II. Use the highest resolution the camera will allow: 300 PPI resolution is the minimum requirement for ASAA use.
- III. When using a zoom feature, use the optical zoom versus the digital zoom.
- IV. Send the raw photos on a, flash drive, or via google docs, uncompressed jpeg format.
- V. Do not add in logo's or modify the photos in any way (e.g., resizing, cropping, etc.)**
- VI. Do not take photos against black or very dark backgrounds.
- VII. In group/team photos, ensure the athletes stand as close together as possible. **Pictures must be taken in landscape orientation.**

- D. Livestreaming of Provincial Championships

In volleyball, basketball, wrestling, cheerleading, team handball and rugby all matches must be live-streamed through the ASAA YouTube channel. Hosts are responsible for providing cameras and volunteers, and ASAA will provide livestreaming hubs to facilitate the broadcast where they are needed by hosts. In all other sports hosts have the option of live-streaming and ASAA will work with them to organize it, but it is not a requirement.

4. Entry Fees

(NB: A 'Pay it Forward' Loonie fee of \$1 per athlete will also be collected by all hosts to be put in the scholarship fund, as per policy).

The following **guidelines** should be used when hosting provincial championship events:

Golf		\$140–\$160/participant, plus \$20–\$35 banquet
Cross Country		\$15–\$20/participant
Football		*\$325 for each quarterfinalist \$175 for each semifinalist \$100 for each finalist

SECTION II – TROPHIES & BANNERS

1. Return of Trophies to Hosts for Presentation at Provincials

At every championship, the ASAA presents a “perpetual” plaque that travels home with the winning schools and must be returned to the following year’s provincial championship host, in advance of the championship, at the cost of the school in possession of the plaque. The ASAA wishes to ensure that all championship host schools are in possession of these plaques in order to recognize teams accordingly.

Some schools either refuse, say ‘we will bring it with us’, or forget to send the perpetual plaque and as a result, teams at championships go home empty handed. The ASAA Executive Committee has determined that a fine of \$100 will be levied by the ASAA on any school that does not return their perpetual plaque to the host school in time for respective championships. The school being fined will also have to send the perpetual plaque, at their cost, to the winning school. Funds collected by the ASAA from this initiative will be directed to the ASAA Scholarship Fund.

2. Banners Awarded at Championships

A. Provincial Championships

I. Provincial championship banners

The ASAA awards 8’x3’ banners to winning teams of provincial championships.

II. Team sportsmanship banners in six sports, basketball, volleyball, curling, cheerleading, team handball and rugby.

III. Host Banners

Host schools of all provincial championships receive a 6’x3’ host banner.

B. Zone Championships

IV. Championship banners

Zones may award banners to zone championship teams. It is at the discretion of the respective Zone Executive whether to include the ASAA logo on these banners. Schools having banners made should have approval of their Zone Executive and the ASAA prior to using the ASAA logo.

SECTION IV – ROBERT H. ROUTLEDGE AWARD OF MERIT

This award is the highest honour bestowed by the ASAA. It is presented annually to recognize an individual for outstanding service to the students of Alberta's schools in the promotion and operation of an athletic program.

Please contact the ASAA office at 780.427.8182 for nomination forms or go to **Recognition** at www.asaa.ca.

Nomination deadline is June 30th annually.

BACKGROUND

A key figure at the inauguration of the Alberta Schools' Athletic Association in 1956, Bob was a constant guiding force in its policies and activities. He believed in the beneficial effects to adults and youth alike of properly directed sports and athletics. He sought to involve as many boys and girls as possible in sports programs, to stress courtesy and sportsmanship above winning, and to consider first the health, fitness, intellectual and emotional growth of the participants.

Bob's personal accomplishments as a physical educator are well known. From rural school teacher with a liking for sports and gymnastics, he progressed to Provincial Recreation Supervisor, to high school physical educator, to Assistant Supervisor of Physical Education with the Edmonton Public School Board and, finally, to Professor of Physical Education at the University of Alberta, with his doctorate pending at the time of his passing (April 25, 1970).

His integrity and sincerity were evident, and his enthusiasm for his work infectious. No wonder his peers listened to his opinions with great respect and sought his advice. With his deep belief in the importance of his job, Bob combined a feeling for words, a unique ability to turn a phrase neatly, with a quick intellect that relished statistical accuracy. These qualities made him invaluable as a policy maker and parliamentarian not only of ASAA, but also of the numerous associations both local and national to which, as a person with a deep sense of professional responsibility, he belonged.

COMMENTS ON HARASSMENT, SCREENING AND HAZING

Harassment

All participants in school sport are entitled to an environment which is pleasant, professional and free of harassment. This entitlement however carries with it expectation that all participants in school sporting activities including, but not limited to: athletes, coaches, administrators, officials, spectators will conduct themselves in an appropriate and responsible manner, with due respect and regard for the rights and feeling of others.

The ASAA will neither tolerate nor condone any inappropriate or irresponsible conduct, including any form of behaviour which creates an intimidating, hostile or offensive environment for school sport as a result of harassment of an individual or group on the basis of but not limited to the following: gender, ethnicity, race, socio-economic status or religion.

Reports of school athletic related harassment occurring at any time during the school year may be made to the Executive Director, who will first confirm that any ATA related requirements have been followed (i.e. if a teacher is involved in reporting on another teacher, the ATA Code of Professional conduct, items #13 and #14 requires a copy of the complaint to be provided to the teacher in question). If the Executive Director is satisfied that the appropriate steps have been followed, they will provide written information pertaining to the harassment complaint to the ASAA Executive Committee. Upon review of the complaint by the Executive Committee, they will direct the Executive Director in whichever manner they choose appropriate. Most likely this will include submitting the report directly to the Principal of the school and the superintendent of the school board(s) that has teachers, students, coaches or other individuals involved in the reports. The school and board involved will be expected to invoke its policy on harassment to deal with the incident and will be asked to report back to the ASAA in writing with any decisions they have made. The ASAA will adhere to all decisions made by the school and board(s). The school board, not the ASAA, will deal with appeals to decisions made by the school board(s).

Screening

The ASAA understands that it is the responsibility of schools and school boards to conduct the appropriate level of screening and background checks for teacher coaches, non-teacher coaches and other volunteers who will be working in any capacity with high school student athletes or school sport teams.

Hazing

Hazing, sometimes known as initiation, has been receiving media attention in recent years and is an area that the ASAA feels schools need to be aware of. Similar to comments raised in the Harassment section on the previous page, it is the responsibility of schools and boards to handle any concerns that may arise from hazing behaviour in an appropriate manner. While not all inclusive, the ASAA defines hazing as follows:

“Any humiliating or dangerous activity expected of a student to belong to a group, regardless of their willingness to participate.”

CONFLICT OF INTEREST

The ASAA will follow these general procedures in relation to Conflict of Interest:

- 1. Appeals:** Conflict of interest in relation to appeals of ASAA policy is covered in the Appeals section of the ASAA Policy Handbook (Section VII. F.13)
- 2. Disciplinary (Code of Ethics Policy):** A conflict of interest is any situation in which the private interest of an individual member may interfere with his/her responsibility to carry out his/her duties in an official capacity with objectivity and integrity. Such situations may involve the individual directly or indirectly through a family member, business partner or involvement with the ASAA or the applicant. Executive Committee members must disclose any potential conflict of interest situation to the Executive Director or Chair at the earliest opportunity and in any case, prior to the participation in any Disciplinary Committee discussions. Any Executive Committee member who is in conflict of interest shall not participate in the appeal and may be replaced by another person who is not in conflict of interest. In the event that two or more members of the Executive Committee are in a conflict of interest position, the Executive Committee may appoint two or more Past Presidents of the ASAA to sit on the Disciplinary Committee in substitution of those individuals who are in a conflict position.
- 3. Recruitment or Undue Influence (Code of Ethics Policy):** Same as #2 above
- 4. Financial:** No member of the ASAA Staff or Executive Committee shall sign any Association cheques made out in their name. Any such cheques (salary for staff members or expense claims by executive or staff) must be signed by the appropriate signing authority. All cheques require two signatures.
- 5. Other Issues:** Similar procedures regarding conflict of interest will be followed for all other issues as noted in #2 above.
