

# Emergency Action plan 2017

## ASAA Provincial Rugby Championships

June 9<sup>th</sup> and 10<sup>th</sup> 2017

Strathmore High

100 Brent Blvd Strathmore

Emergency situations may arise at any time during athletic events. Expedient action must be taken in order to provide the best possible care to the athletes of emergency and/or life threatening conditions. If a serious injury occurs, time becomes critical. Subsequently, the implementation of this EAP must be adhered to when in an emergency situation. A laminated copy of this EAP will be at the medical tent and each score table.

### Charge Person Friday –

### Charge person Saturday –

These pre-designated individuals will be responsible for managing and coordinating the emergency situation. One of these people (**along with Mahikan Medical Services staff attending to the emergency**) will activate the Emergency Action Plan when deemed necessary.

If an ambulance and paramedics are required the Person in Charge will notify the Call Person to call 911 if this has not already been done. This person will take control of an emergency situation until a medical authority arrives. This person will determine when it is safe to resume play OR if the game needs to be delayed in consultation with the Head Referee.

### Call Person: Head Coach of each match for their respective team.

This individual will be required to activate the emergency system by calling 911 and informing the dispatcher of the nature of the medical emergency with the following information:

### Strathmore High School – 100 Brent Blvd Strathmore

Enter at the **North West Gate** where they will be directed to the location they are needed.

Stay in constant communication with the medical provider; the Person in Charge and the 911 dispatch. **DO NOT HANG UP! LET DISPATCHER TERMINATE THE CALL**

The Call Person will report back to the Charge Person that EMS has been dispatched and provide an estimated time of arrival.

### Control Person: Head Referee responsible for each match

This individual is expected to keep the crowd away from the injured player/person and be in control of the situation. Control Person (Head Referee-1; Assistant Referees-2) is responsible for controlling the crowd and other participants.

**A Mahikan Medical Services Staff will attend all on field injury emergencies and will have “medical” final say until the injured person(s) have been officially transferred to EMS staff.** After the area is secured and controlled, they will act as the guide for emergency personnel while on the rugby playing surface. In consultation with the Person in Charge the continuation of play will be determined.
