Re: Cancellation of banquets, meals and opening ceremonies for Winter/
Spring 2022 championships

Dear ASAA Championship Hosts:

The ASAA is planning to continue a return to Provincial Championships in the 2021-22 school year where the primary goal is on the safe return to competition. The ASAA Executive Committee has reviewed what elements of the championships require modification in order to support championship hosts' ability to accomplish this goal. It is crucial that the time, attention and resources of all hosting committees are directed to the competition and game play component of a championship. In an effort to reduce expectations on championship hosts, **the ASAA Executive Committee has decided that for the Winter/Spring 2022 Provincial Championships, all banquets/provided meals and opening ceremonies will be cancelled.**

Onsite concessions will still be permitted. If no onsite concession is available this needs to be communicated in the championship information package and website so that participants are aware of the need to pack their own meals. In addition, during all awards ceremonies for Winter/Spring championships all volunteers and presenters **must be masked throughout the awards presentations.**

For further clarification, please contact John Paton.
