Re: Live Streaming challenges

ASAA Member Schools,

The ASAA uses YouTube to live stream our 2022/23 Provincial Championships. Most people have access to YouTube and it's relatively easy to use. However, one of challenges with YouTube is that it is the target of school firewalls and this has caused issues that have prevented students from watching their peers compete from the comfort of their own school during the school day.

With several ASAA Championships happening in the next few weeks, the ASAA encourages you to be aware of your school district's policies and/or firewalls and communicate with your community so they are aware of any restrictions that may be in place.

Also, a reminder to our hosts that volume must be muted during breaks in competition (warm-ups, half-time etc.) so that we avoid YouTube shutdowns due to music copyright infringements.
