As per ASAA policy on pages 129-131, additional berths are calculated based on provincial championship history from the previous three years. Team(s) representing their zone at provincials during this time will receive zone points based on 4 pts for gold, 3 pts for silver, 2 pts for bronze and 1 pt for fourth. Cumulative three year point totals are calculated and awarded to the zone(s) with the highest point total (number of additional berths are dependent on the classification level)

*Note: Minor adjustments have been made to the pools to avoid zones competing in the same pool, wherever possible
