HISTORICAL OVERVIEW

The first organizational meeting of the ASAA was held in Calgary on March 17, 1956. The first meeting was inspired by the desire to have a provincial championship in high school boys' basketball and the realization that it was time to establish a structure for the overall coordination of school sport in the province. Out of that meeting came the first provincial basketball tournament as well as the constitution that has been the cornerstone for the growth and development of the ASAA for almost 70 years.

The activities sponsored by the ASAA have continued to grow in accordance with the consistent increase in membership (schools). The participation in boys basketball continued to increase and girls began to compete at the provincial level in 1960. By 1966, both boys and girls were competing in A, B, and C divisions. Track & field was the second activity sponsored by the Association with the first provincial competition held on a horse track in Stettler in 1958. Badminton was added to the schedule of provincial events in 1963 and soon after, in 1964, the first ASAA volleyball competition was held. It was not until 1968 that cross country was hosted, bringing the total number of activities to five.

In 1970, gymnastics was held in Calgary, followed in 1971 by wrestling and in 1977 by curling. By 1983, there was a demand for golf and cheerleading provincials, so those two sports were adopted by the ASAA. Football was added in 1985 but gymnastics was eliminated in 1989. In 1995, girls' wrestling was introduced on a two-year trial basis and became permanent in 1997. The first ASAA provincial rugby championship was held in June 2006, and in April 2010, the ASAA introduced team handball, bringing the total number of activities to twelve. In May 2011, the ASAA added 6-a-side football to its list of sports, and in December 2018 rugby 7s was added. In December 2023, 9-a-side football was added. In June 2024, cheerleading was removed as an ASAA sport.

As the number of activities increased, there was a growing need for changes in policy, communication, organization, and public relations. In 1970, each activity appointed a commissioner as a resource person, resulting in a continual upgrading of the caliber of provincial competitions. In 1974, four levels of classification were set up for volleyball and basketball based on the size of the participating schools. In 1984, the original geographical structure of ten zones was reduced to eight – two urban and six rural.

In 2008, the ASAA created the Alberta Interscholastic Athletic Administrators Association (AIAAA), a professional development organization offering education and certification for school athletic administrators – a first in Canada. In 2011, ASAA created Canada's first online coach education program and ten years later partnered with Coaching Association of Canada to move relevant courses to www.coach.ca. Coaches in ASAA member schools have minimum course completion requirements in order to be able to coach in our schools. Then, in 2015, the ASAA partnered with Special Olympics Alberta to pilot the first official Special Olympics Unified Sports® program in Canada.

GENERAL INFORMATION

The ASAA is a voluntary, non-profit organization that has been established to coordinate a program of worthwhile athletic activities for the young people of Alberta in an educational setting. The membership, currently over 400 high schools, ultimately determines the bylaws and policies of the Association through representation on the Provincial Board of Governors.

The Association holds two meetings annually, typically in June and December. The Executive Committee, comprised of the President, Past President or Vice President, Executive Member at Large, Male and Female Athletic Directors (3) and the Executive Director, is responsible for the management of the ASAA on a day-to-day basis.

While ASAA activities operate for the benefit of the students, it is the volunteers administering, coaching and promoting the program that are responsible for its success. Over 10,000 school personnel and other volunteers in Alberta donate their time and talent to ensure that the schools' athletic programs will provide enjoyable, positive athletic competition and experiences for their students.

The ASAA bylaws and policies are intended to provide direction in the areas of equitable competition and ethical standards for all involved with school athletic programs. Technical expertise is provided through appointed commissioners and close liaison with provincial sports governing bodies. Limiting the length of seasons of play opens the door to multi-sport participation.

The Association's main sources of funding come from: The Alberta Ministry of Tourism and Culture, membership fees, sponsorship, apparel sales and more. The majority of funding is distributed in the following areas: officiating costs for provincial competitions, delegate expenses to meetings, publications; medals, trophies, banners and other provincial championship supplies, live streaming, office administration – postage, printing, telephones, office equipment/computers, web hosting, supplies, etc.; and staff/Executive Commissioners salaries, benefits and travel.

For almost 70 years, the ASAA has served as a communications medium for Alberta high schools. The opportunity for teachers and coaches to exchange information and for students to travel province wide to engage in friendly athletic competition is a valuable educational experience for all participants. Currently, the ASAA:

- Distributes yearbooks that have been published annually since 1967
- Provides athletic opportunities in 11 different activities
- Has a membership of over 400 schools
- 55,000 student athletes compete on 4,000 high school sports teams
- Provides equal opportunities for male and female athletes
- Supports 25+ provincial championship host locations in awarding 58 championship banners
- Provides e-newsletters, policy handbooks, activity calendars, rulebooks, scorepads, competition host handbooks and other resources to member schools
- Maintains an active and regularly updated website and Sport Registration System (SRS) and hosts championship websites
- Supports and collaboratively works with the Canadian Interscholastic Athletic Administrators Association (CIAAA)
- Coordinates an online coach education program in conjunction with Coaching Association of Canada
- Implements Para Athletics events in select sports
- Manages Unified Sports in partnership with Special Olympics Alberta

- B. Full disclosure of information by all parties in all ASAA matters is expected. This includes verbal communication, documentation and an expectation that relevant information will not be omitted or altered.
- C. The ASAA reserves the right to investigate and/or follow up to ensure the accuracy of information presented during any ASAA matter. - B. For a coach to address, or permit anyone on their bench to address, uncomplimentary remarks to any official during the progress of a provincial championship, or to indulge in conduct that might incite players or spectators against the officials, is a violation of the rules of the game and must likewise be considered conduct unworthy of a coach.
- C. All ASAA Provincial Championship Hosts will convene a Discipline/Appeal Committee. This committee will have the authority to address issues of a serious nature that may occur before, during or after a provincial championship match, or to hear appeals of the automatic suspension resulting from an ejection. The committee may include, but not be limited to, the tournament chairperson, an official and two coaches not in conflict with the issue. In football, the discipline/appeal committee will be the ASAA Executive Committee.

Behaviour by any member of a team, including all bench personnel, deemed objectionable conduct as defined in the rule book for a sport shall be immediately subject to the penalty prescribed in the rule book for such an offense. In this situation during a game, the head official for the game shall be empowered to see that the penalty is carried out (including ejection of team personnel from the game site) to allow the game to continue or if necessary, to halt further play and award the game to the non-offending team. In the event that a coach or team official is ejected from a game/match/bout, they are required to immediately leave the building until 30 minutes following the conclusion of the game/match/bout. All information collected by the provincial championship hosts, to make the decision of ejection, should be reported to the ASAA and Executive Committee as soon as possible after the event.
- H. Any conduct including, but not limited to, ejections, fighting, drug, alcohol or cannabis use, that results in dishonor to the athlete, the team, the school or the ASAA during an ASAA provincial championship event will not be tolerated. Team personnel guilty of misconduct during or immediately before or after a championship tournament game or activity shall be reported to the ASAA office in writing and by telephone by the tournament chairperson or by any ASAA Executive, staff or board member who has been in attendance at the event in question, as soon as possible after the misconduct occurs. The ASAA Executive Director will then investigate the incident and provide a report to the ASAA Executive Committee.

2. Process

- A. The purpose of the meeting will be to determine if disciplinary action is warranted and what penalties as outlined below are issued.

- C. All affected parties who attend the hearing shall be given a reasonable opportunity to be heard.
- D. In the event a member school fails to provide the

information requested by the Executive Director or fails to attend the discipline hearing the Executive Committee may make their determination based on the evidence presented at the discipline hearing held by the Executive Committee.

- E. The Executive Director will report any discipline and/or misconduct reports and any subsequent sanctions issued by the Executive Committee to the respective zones.

3. Penalties

Any student, coach, teacher, school staff or administrative personnel of a member school, or spectator who violates the Code of Ethics or Discipline and Misconduct Policy may be excluded from participating in or attending a competition at any level (i.e. local, zone, provincial) in any sport by the ASAA Executive for any period of time that the ASAA Executive in its absolute discretion deems appropriate, and may be subject to such other penalty as the ASAA Executive in its absolute discretion deems appropriate. Member school will be expected to cooperate in the enforcement of any penalties imposed by the Executive Committee.

- A. Without limiting the generality of the foregoing, the ASAA Executive may impose the following penalties for violation of policy:

- I. Where violation is discovered after an ASAA provincial championship, the team and ASAA member school found in violation of this policy may be stripped of any medals won in ASAA provincial championship competition and may be suspended from participation in ASAA provincial championships or any activity leading to an ASAA provincial championship for the next full season of play.
- II. Any coach in violation of this policy may be suspended from coaching in any ASAA provincial championship competition and in any activity leading to an ASAA provincial championship in any sport for any period of time that the ASAA Executive in its absolute discretion deems appropriate.

- IV. Up to a \$1000 fine to the relevant member school plus any assessed costs.

The ASAA Executive Committee shall issue a written decision within ten (10) clear days of the conclusion of the hearing. The decision of the ASAA Executive Committee shall be final and binding and shall not be subject to judicial review.

4. Recruitment and the Duty to Discourage Athletically Motivated Transfers

Athletic recruitment undermines the priority of academic

education for the student and promotes values that are inconsistent with the objectives of the ASAA. To meet the objectives of the ASAA, principals of member schools, athletic directors, coaches, students and other stakeholders (e.g. alumni associations, booster clubs and parent groups) must refrain from recruitment by means of influence or inducements that could or do encourage a student to enroll in or transfer to a school primarily for athletic purposes after the student has entered grade 10 and has participated in an ASAA sport. All stakeholders have a positive duty to discourage an athletically motivated transfer. Failure to discourage a transfer that is obviously athletically motivated constitutes recruitment. The fact that transfer eligibility has been approved in no way excuses recruitment.

- A. There are a broad range of behaviours that could alone or when considered in part or in whole be deemed to be recruitment. While the facts of each allegation will be considered on a case by case basis, the following may indicate that a student has been recruited, contrary to the terms of this policy:
 - I. Any offer of monetary or transportation assistance to a student, parent or guardian (including fees, tuition, bus passes or other allowances or waivers);
 - II. Offering or accepting of school privileges or considerations not normally granted to other students;
 - III. Any inducement or attempted inducement of parents, guardians or students to change their location of residence for athletic reasons. Facilitating a change of guardianship for the purpose of changing the location of a student athlete's residence so that they can transfer schools will be considered recruitment unless there are other compelling reasons for the change of guardianship (e.g. to protect the student from physical or emotional abuse);
 - IV. Contact with a student or parent or guardian of a student who attends another school in an attempt to persuade that student, primarily for athletic purposes, to attend the inducer's school;
 - V. The attempt to persuade or induce a student, primarily for athletic purposes, to remain in the inducer's school, when the student had otherwise decided to transfer to another school.
- B. If a person has knowledge of recruitment, as defined herein, they shall provide written notice of the allegation of the recruitment to the principal of the school involved, the manager of the executive of the ASAA zone in which the school is located and the Executive Director of the ASAA. If the allegation is being made by a teacher and is regarding an Alberta certified teacher, the teacher making the allegation must follow the ATA Code of Professional Conduct (see Appendix), and provide notices as required in that Code to the teacher in question and others.
- C. Upon becoming aware of facts or circumstances that might indicate that recruitment contrary to this policy may have occurred or upon being directed to

do so by the ASAA Executive, the executive of the zone in which the school the student transferred to is located, under the direction of the ASAA Executive Director shall commence and complete an investigation to determine if this policy has been violated. Unless the ASAA Executive Director says otherwise, investigations to determine if there has been a breach of this policy will be conducted as follows:

- I. The allegations of athletic recruitment shall be fully disclosed by the investigating zone executive to the party against whom they are made and to any member school which that party attends, or to any member school at which that party is employed, or at any member school to which that party is otherwise associated

NOTE: Any allegations brought to the ASAA office will be directed to the respective zone executive to address according to this policy.
- II. The party against whom the allegations are made shall be given an opportunity to respond to those allegations by submitting to the investigating zone executive a written response to those allegations within five clear days of the date of receipt of notice. The ASAA may direct that all correspondence throughout this process be copied to the respective school principal(s) and others.
- III. The investigating zone executive shall attempt to obtain written statements from all students, coaches, teachers, school staff administrative personnel and others who may have information relevant to the allegations of undue influence and/or recruitment.
- IV. Upon request made by the investigating Zone Executive, and subject to the terms of the ATA Code of Professional Conduct, all students, coaches, teachers, school staff, administrative personnel of member schools and others associated with either the sending or receiving school shall cooperate and assist in the investigation conducted by the zone executive.
- V. The investigation shall be completed by the zone executive within fifteen clear days from the date of receiving a written notice of the allegations as specified in paragraph C has been received by the ASAA Zone Executive. The zone may request to the Executive Director for additional time to complete their investigation, with the request not to be unreasonably withheld.
- VI. Within five clear days of completing the investigation, the investigating zone executive shall submit an investigation report to the ASAA Executive and any party against whom the allegations are made summarizing the allegations made, the action taken by the zone executive to investigate those allegations, and the result of the investigation, which shall be sent by the Executive Director to the manager of

the zone in which the matter originated, by fax, email or ordinary mail, as deemed appropriate by the Executive Director. The zone may request to the Executive Director for additional time to provide their report, with the request not to be unreasonably withheld.

- VII. The investigation report must be delivered to the ASAA Executive and the party against whom the allegations are made along with any materials relied upon in the preparation of the investigation report.
- VIII. The investigation report submitted to the ASAA Executive and any party against whom the allegations are made shall contain a concise summary of any verbal statements given to the zone executive by persons interviewed during the course of the investigation by the zone executive.
- IX. The written report submitted to the ASAA Executive shall identify any persons who failed or refused to cooperate in the investigation conducted by the zone executive.
- X. The written report submitted to the ASAA Executive and any party against whom the allegations are made shall contain the investigating zone executive's opinion as to whether athletic recruitment and/or undue influence has occurred.
- XI. In the event that the investigating zone executive believes that recruitment has occurred, the investigation report shall contain a summary of the facts to support that belief.
- XII. Within five clear days of receipt of the investigation report, any party against whom the allegations have been made, and others as permitted by the Executive Director of the ASAA, may submit a response to the investigation report to the executive of the ASAA.
- XIII. Within ten clear days of receipt of the investigation report, the ASAA Executive will issue a written decision which sets out their determination as to whether or not there has been a breach of this policy and if so, any resulting consequence. The ASAA Executive may also direct further process before making any final determination.
- XIV. Within five clear days of any final determination by the ASAA Executive, the executive director of the ASAA will notify any party against whom the allegation was made and other interested parties as directed by the ASAA Executive.
- XV. The ASAA Executive may direct a course of action as part of making a final determination. The direction shall include timeframes for the completion of the course of action.

Note: A zone executive may take any further steps as permitted by their own policies and bylaws with respect to any allegation of

recruitment.

- D. Any student, coach, teacher, school staff or administrative personnel of a member school who fails or refuses to cooperate with and assist in the investigation conducted as per this policy and after being afforded an opportunity to respond to that allegation may be:
 - I. Excluded from any ASAA related competition at local, zone or provincial level by the ASAA Executive for any period of time that the ASAA Executive in its absolute discretion deems appropriate; or
 - II. Subjected to such other penalty as the ASAA Executive in its absolute discretion deems appropriate.
- E. Unless there are special circumstances as determined by the ASAA Executive, the investigation and decision process described in this policy will not be engaged in the period 30 clear days before the provincial championship in that sport is completed.
- F. The ASAA Executive reserves the right to not engage in the decision making process described in this policy for any reason including the passage of time since the occurrence of the alleged recruitment.
- G. Any student, coach, teacher, school staff or administrative personnel of a member school who violates this policy may be excluded from any ASAA related competition at local, zone or provincial level by the ASAA Executive in its absolute discretion deems appropriate, and may be subjected to such other penalty as the ASAA Executive in its absolute discretion deems appropriate. Without limiting the generality of the foregoing, any student who has been recruited in violation of this policy may be deemed ineligible for any ASAA provincial competition or any activity leading to an ASAA provincial competition for the remainder of the school year in which the policy infraction took place.
- H. In addition to any other consequences imposed, the ASAA Executive:
 - I. When, prior to ASAA provincial championships, it is determined that a coach, player or other person associated with a team from any ASAA member school has violated this policy, that team may be suspended from participating in ASAA provincial championship and any activity leading to an ASAA provincial championship for that season.
 - II. Where the violation is discovered after ASAA provincial championships, the team and ASAA member school found in violation of this policy may be stripped of any medals won in ASAA provincial championship or activity leading to an ASAA provincial championship and may be suspended from participation in ASAA provincial championships or any activity leading to an ASAA provincial championship for the next full season of play.
 - III. Any coach in violation of this policy may be suspended from coaching in any ASAA provincial championship competition and in any activity leading to an ASAA provincial championship in any sport for any period of time that the ASAA Executive in its absolute discretion deems appropriate. Further, the ASAA member school team coached by said

coach may be stripped of any medals won, and may be suspended from participation in ASAA provincial championship competition or any activity leading to an ASAA provincial championship competition for the next full season of play.

- I. In the event that any coach is found in violation of this policy a second time, that coach shall be suspended for life from involvement in any ASAA sponsored sport or any activity or sport leading to an ASAA provincial championship.
- J. In the absolute discretion of the ASAA Executive, the determination as to any breach of this policy and any consequences resulting from a breach of this policy may be presented at the next general meeting of the ASAA; respecting any restrictions imposed by applicable privacy legislation.
- K. The decision of the ASAA Executive Committee shall be final and binding and not subject to judicial review.

SECTION III – MEMBERSHIP

1. High School Membership

Membership in the ASAA is open to any Alberta senior high school that is accredited by Alberta Education and has paid its annual membership fees. Principals will submit their projected enrollment for the upcoming school year by April 30 in the Sport Registration System (SRS). Fees will be based on the April 30 projection numbers and must be paid by October 31 each year in accordance with the following scale:

Any school that is found to have put incorrect numbers into the SRS is subject to a fine and/or sanctioning. The fine for a school reporting an incorrect student enrollment which impacts classification is \$1000. In addition to the fine, that school will vacate any awards

won in the incorrect classification at the provincial level, and will be ineligible for ASAA Provincial Championships for one full year effective the date that the discretion was confirmed.

Schools will count their student enrolment numbers as of September 30 on an annual basis to confirm their classification for that school year, and these numbers must be submitted in SRS. If the September 30 student count differs from the April 30 projection enough to change a school's classification, the principal or athletic director must report this by email to the ASAA Executive Director by October 10. Failure to do so will result in that school competing at whichever is the higher classification at all ASAA events in that school year and paying a \$500 fine.

- A. When determining school enrollment for classification purposes, all students who meet the following ASAA eligibility requirements shall be included in the count:
 - I. Under 19 before September 1 of the current year;
 - II. Minimum 800 instructional minutes per week i.e. 10 credits or two full time courses and registered as a student in grades 10, 11, or 12;
 - III. Maximum three consecutive years from date of starting grade 10 (see note to SECTION IV – ELIGIBILITY 2. Student Eligibility).
- B. Registration of schools for provincial and zone membership shall be completed online via the Sport Registration System (SRS). It is the responsibility of each school to complete their registration by the October 10 school registration deadline.
- C. The classifications and corresponding population numbers are:
 - I. 1A: < 100
 - II. 2A: 100 – 299
 - III. 3A: 300 – 799
 - IV. 4A: 800 +
- D. Registration of schools for provincial and zone membership shall be completed online via the Sport Registration System (SRS). It is the responsibility of each school to complete their registration by October 10. A single fee per school shall be paid to the zone and shall cover the zone membership fee and the provincial school membership fee and other fees as noted above. Zones shall remit all but zone fees to the ASAA.
- E. Coach and Team Official Education Requirements
 - I. All of the required courses are available online through the Coaching Association of Canada at <http://thelocker.coach.ca>. It is mandatory for all member schools to ensure that they are in compliance with all coach and team official education requirements.
 - II. Every team official (coach, assistant coach, teacher sponsor or team support staff

member) must complete the Making Head Way concussion course and be registered in the SRS by the respective coach registration deadline for that sport.

- a. Team officials can complete any of the versions of Making Head Way. b. A \$50 penalty will apply for every team official not in compliance. c. Team officials who are high school students are exempt from the above course requirement but are encouraged to complete the course.
- III. Each registered school team must include at least one team official (coach, assistant coach, teacher sponsor or team support staff member) who completes the ASAA Coach Information Course prior to any interschool sport being played.

Outreach Schools are exempt from this course requirement
- VI. Recompletion of a course may be required at the discretion of the Executive Committee when significant updates are made to respective courses.
- VII. Any member school not in compliance with one or more of these requirements may lose eligibility to participate in any ASAA sanctioned activities, at the discretion of the ASAA Executive Committee.
- VIII. Each member school will be assessed an annual fee as noted below and this would allow for unlimited participants to register for and complete the ASAA Bylaws and Policies course at no additional cost:
 - 1A Schools \$30
 - 2A Schools \$40
 - 3A Schools \$50
 - 4A Schools \$60
- F. Legal Contingency
 - I. All member schools will be charged a one-time Legal Contingency Levy based on size of school. The intent of the levy is to allow the Association to sustain a legal contingency fund of at least \$60,000. The legal contingency is intended to be a safeguard against any legal action brought or threatened to be brought against the Association. At the direction of the Executive Committee, the fund will be used in the event of a court challenge over an ASAA

related issue or in the event of significant legal costs around a single issue impacting the Association's annual budgeted legal expenses.

- II. At the discretion of the Executive Committee, the fund may be accessed to retain legal counsel to advise the Executive Appeals Committee in the event that the Executive Committee deems an appeal "high-risk" in terms of potential litigation or for other preventative purposes.
- III. If the legal contingency fund is accessed during a school year, there will be a pro-rated fee charged to member schools the following school year to bring the fee back up to \$60,000 based on the fees noted below.

 - III. 3rd ASAA sport = \$155 + GST
 - IV. 4th ASAA sport = Full Membership Fee + GST based on student population of the Outreach School
 - V. A one time contribution of \$50 to the ASAA's legal defence fund; only to be charged again on a pro-rated basis if some of the fund is used.

3. Member School Eligibility To Participate

The principal of each school shall be responsible for verifying the eligibility of the school's competitors for any competition via a system of Acknowledgement and Agreement Forms as follows:

- A. The principal will require each student and their guardian to complete and sign an Acknowledgement and Agreement Form confirming that all required parties are aware of ASAA bylaws and policies; will accept that any application for a review of an outcome of an appeal process of the ASAA or the respective

zone by a judge in a court of law must be brought by the administration of the school and not by the student/guardian. These forms must be completed and kept on file, with copies being provided to the ASAA only if requested, and for a reasonable purpose.

- B. The principal of each school will sign an Acknowledgement and Agreement Form which: confirms their membership in ASAA; that school coaches will abide by ASAA bylaws and policies; that membership in that school's zone and the ASAA is a privilege, not a right; that the outcome of any appeal process of the ASAA or zone is final and binding on the administration of the school; that violation of Bylaws or Policies of the zone or ASAA or of the Acknowledgement and Agreement Form may be.

If the reason for the absence is other than for medical reasons, the student must seek the approval for an additional year of eligibility in advance of the absence.

4. Joint School Team

Schools may create joint teams in the following activities: Basketball, Curling, Football, Rugby, Team Handball, and Volleyball. Joint school teams are not permitted in the sports of Golf, Cross Country Running, Wrestling, Badminton and Track & Field. Joint team classifications are determined by combining the populations of all schools contributing to the joint team.

Schools creating a joint school team with a Distributed Learning or Home Education (DL/HE) school can only use students from the DL/HE school that reside in the

attendance area of the primary school. The primary school must include in their school count for that sport, all DL/HE students residing in the primary school's catchment area for classification purposes.

- A. A joint school team is a team composed of students from more than one high school.
- B. A joint school team will be allowed to compete in inter-member school competition only if prior to forming the joint team, the Principals of the member schools have obtained approval from the executive of the zone or zones of the member schools and the Compliance Officer.

- D. A decision of the Compliance Officer to approve or not approve a joint school team is subject to appeal to the ASAA Appeal Committee.

5. Participation on a Non-School Team

In the team sports of basketball, volleyball, team handball and rugby, an ASAA eligible student is not permitted to play on a non school team in the same sport during the same season of play except as noted below:

- A. A school principal may apply in writing to the Compliance Officer, for approval to participate on or with (includes a try-out) a Provincial, National or International team or cultural (e.g. Treaty 7 Games). The Compliance Officer shall approve or deny the request.
- B. Basketball: students are permitted to play for a non-school team while trying out for their member school team. Students must cease their participation on or with a non-school team prior to the member school team's first basketball game, or midnight of the Saturday of volleyball provincials, whichever comes first.
- C. Rugby:
 - I. Non-school rugby touring team: students are permitted to play on a non-school rugby touring team up until the conclusion of the Canada Sevens Rugby Tournament while still trying out for an ASAA member school team. After March 15, no student can participate on any non school rugby touring team.
 - II. School tours: After the conclusion of the Canada Sevens Rugby Tournament students are only permitted to play for their member school team or an interschool touring team that will travel during designated spring breaks of the schools participating on the tour.

Note: Participation is defined as taking part in any rugby try-out, game, tournament, playoff, invitational or championship.
- D. Football: high school students may participate on or with a non-school football team during the ASAA season of play if less than sixty percent (60%) of that non-school team's players are participating on or with a single non-member school football team as confirmed by the coach of the member school team for each student participating on or with a member school team.

8. Sexual Orientation and Gender Identity Policy

A student's sexual orientation or gender identity will not be considered as a factor in determining eligibility to participate in inter-member school competition by the Compliance Officer or the Appeal Committee.

9. Sport Specific School Programs

- A. Definition: Sport Specific School Programs (SSSP) are those which offer students a program that combines sport specific training or competition along with a course of studies.
- B. Applicability: The ASAA Executive Committee has the authority to determine, in their absolute discretion, if and how this policy will apply to a particular program and affect the eligibility of students as set out below. The ASAA Executive Committee may make any such determination before or after a question regarding the eligibility of a particular student arises.
- C. Eligibility: Subject to all other eligibility policies, students participating in a sport at a SSSP within or outside of Alberta are eligible to participate at a member school in any sport except the sport in which they have participated in at a SSSP. With respect to their eligibility to participate in the same sport in which they have participated in at a SSSP, the following rules apply:
 - I. If a student transfers back to a member school during the ASAA Season of Play for the SSSP sport they participated in, they are not eligible to participate in that sport for the remainder of that school year.
 - II. If a student transfers back to a member school after completing the Season of Play in their sport at an SSSP, they are ineligible for the following ASAA Season of Play in the same sport for the following school year.
 - III. If participation in a SSSP sport occurred after the start of an ASAA designated Season of Play for that sport, the student will be ineligible to participate in that sport at an ASAA member school for the entire following ASAA Season of Play.
- D. Responsibility: It is the responsibility of each

Principal of an ASAA member school to ensure that students considering transferring to or back from a SSSP are aware of the effect of this policy on their eligibility to participate in high school athletics.

- E. SSSP Teams: Sport Specific School Program teams are not permitted to participate against ASAA member school teams in any ASAA sport.

NOTE: Ignorance of this policy on the part of school administrators, coaches, students, their families or others will not be accepted as a valid reason for granting an exception to the application of this policy. All parties are required to adhere to the Honesty Disclosure, Bylaws and Code of Ethics at all times.

10. Prep Schools or Academy Programs

- A. Prep Schools or Academy Programs

Prep Schools or Academy Programs will typically offer athletes the opportunity to access training or coaching at an advanced level and may or may not involve the athlete paying fees or tuition to participate and may or may not offer academic courses.

Prep Schools and Academy Programs differ from Non-School Teams referenced in paragraph 5 of this section in that they provide the athlete the opportunity to train and compete at a high level as opposed to providing opportunities for participants of all skill levels.

Prep Schools and Academy Programs differ from Sport Specific School Programs referenced in paragraph 9 of this section in that Prep Schools and Academy Programs exist for primarily athletic purposes and they are not always attached to a course of studies.

An athlete who is associated with a Prep School or Academy Program will be deemed to have an advantage that is unfair to other student athletes at ASAA member schools.

- B. Eligibility:

A student will be ineligible to participate in inter-member school competition in the sport they were associated with at the Prep School or Academy Program at an ASAA member school for a period of one year, commencing on the date of their registration at a member school following their association with the Prep School or Academy Program.

- C. Compliance Officer & Executive Committee

When the student is transferring to a member school from a Prep School or Academy Program, the Compliance Officer will apply this policy in making their determination as to the student's eligibility. In cases in which the student is not transferring to a member school but has had an association with a Prep School or Academy Program, the Executive Committee will apply this policy in making their determination as to the student's eligibility.

- D. Responsibility:

When a Principal or Athletic Director is aware of a planned or actual association of a student with a Prep School or Academy program, it is their responsibility to ensure that the student and their parents or guardians are aware that the association with a Prep School or Academy Program will render them ineligible for participation as set out above.

E. Prep Program/Member School Competition:

Member Schools that engage in training or competition with Prep Schools or Academy Programs may be disciplined and lose the privilege of competing in ASAA championships in all sports.

NOTE: Ignorance of this policy on the part of school administrators, coaches, students, their families or others will not be accepted as a valid reason for granting an exception to the application of this policy. All parties are required to adhere to the Honesty Disclosure, Bylaws and Code of Ethics at all times.

11. Eligibility of Distributed Learning and Home Education Students

A. Students registered in distributed learning or home education schools will be allowed to participate in ASAA activities with the same or a different school than they are registered with, **providing all of the following criteria are met:**

- I. The student must reside in the attendance area of the school with which the student will participate. Attendance area is defined as the catchment area or boundary used by the school jurisdiction of the accepting school to determine which students in its jurisdiction attend which school.
- II. The student must be registered in distributed learning or home education through an ASAA member school. Students registered in distributed learning or home education through the central office will not be eligible for participation in ASAA activities.
- III. The school division with which the student is registered must have a policy that allows distributed learning or home education students to participate in athletics. This policy must be submitted to the ASAA office where it will be kept on file. It will be the responsibility of the distributed learning or home education school and the accepting school district to deal with any jurisdictional or insurance issues.
- IV. The principal of both the accepting and the distributed learning or home education school must support the student's involvement in the extracurricular program.
- V. The student must comply with all eligibility rules and regulations of the ASAA. If a school chooses to use one or more distributed learning or home education students who reside in its attendance area and are registered with an ASAA member school (and thus eligible for participation in ASAA activities), all distributed learning or home education students living in

the accepting school's attendance area who are registered with that student's distributed learning or home education school must be combined with the accepting school's September 30 count, in that sport. The revised population of the accepting school will determine at which classification level the team will compete in that sport only and the ASAA must be notified of such participation.

VI. The distributed learning or home education school with whom the student is registered must provide the accepting school and the ASAA with a letter containing confirmation of the student's registration with its school and a declaration of how many distributed learning or home education students it serves who live in the attendance area of the accepting school. If the accepting school allows the participation of students from more than one distributed learning or home education school, it must absorb the number of students described above for each of the distributed learning or home education schools from whom it draws students.

VII. Should a student registered with a distributed learning or home education school join an accepting school's team anywhere in the province, the student will only be eligible to play the sport in question for that one team.

VIII. In the circumstance that a student is transferring to a distributed learning or home education school under the advice of their high school with the expectation to transfer back to the current high school, the student can transfer back to the original school as a second transfer provided the following criteria:

- a. The student must be using their first transfer outlined under the Transfer Policy) to transfer from the original high school to the distributed learning or home education school.
- b. The student must only participate on teams with the original high school as a joint school team for the duration of the student's attendance at the distributed learning or home education school.
- c. The student must represent the distributed learning or home education school for individual sports. The student can transfer for a second time with the transfer form as long as they are being integrated back into the original high school from which they transferred from under that school's advice.

B. In any ASAA sport, if a distributed learning or home education student deemed eligible to play based on the eligibility criteria above is not permitted to play for a school in their attendance area, the student may play for a school outside of his/her attendance area, but within their ASAA zone, on the following conditions:

- I. The accepting school must be at the same or

lower classification level as the school in the student's attendance area for which they are not able to play.

- II. The school(s) in the student's attendance area has/have the right of first refusal and must first be contacted by the student seeking permission to play. The distributed learning or home education school with whom the student is registered shall ensure that the athletic director within each of the schools in the student's attendance area has received a copy of the letter outlined in Section D.1.vi above. Accepting schools are encouraged to contact the ASAA or the student's distributed learning or home education school as soon as they are approached by the student, should there be any confusion about their eligibility. This is especially important since this may be the first time the ASAA or the distributed learning or home education school with whom the student is registered is made aware of their intentions.
 - III. All distributed learning or home education students living in the student's attendance area who are registered with that student's distributed learning or home education school must be combined with the accepting school's September 30 count, in that sport. The revised population of the accepting school will determine at which classification level the team will compete in, for that sport only, and the ASAA must be notified of such participation.
 - IV. Should a student registered with a distributed learning or home education school join an accepting school's team anywhere in the province, the student will only be eligible to play for that school for that year.
- C. If a distributed learning or home education school fields its own team in individual sports, i.e. badminton, cross country, golf, wrestling or track & field, students registered with these schools will be allowed to participate in ASAA activities providing all of the following criteria are met:
- I. The student must be registered in distributed learning or home education through an ASAA member school. Students registered in distributed learning or home education through the central office will not be eligible for participation in ASAA activities.
 - II. The school division with whom the student is registered must have a policy that allows distributed learning or home education students to participate in athletics.
 - III. The student's principal must support the student's involvement in the extracurricular program.
 - IV. Students must comply with all eligibility rules and regulations of the ASAA. The distributed learning or home education school must include **all** of its distributed learning or home

education students in the September 30 count for that school, regardless of where these students live in the province.

- V. In the case where a distributed learning or home education school fields a team in one of the above sports, the school may not allow ANY students who are not registered with its school to participate with its team.
- VI. The distributed learning or home education school must participate as a team within the zone to which it belongs, even though it may consist of students who live outside the zone **or** the distributed learning or home education school may participate in individual sports in a different zone than the distributed learning or home education school belongs **only** if it consists of players who reside in that zone who are registered full-time with that distributed learning or home education school from a different zone. A limit of two individual athletes who are competing out of the distributed learning or home education school can qualify for each zone championship in individual sports.
 - a. A student living in the same zone as the distributed learning or home education school with which he/she is registered is not permitted to play for another school within the zone for the sport in question, if their distributed learning or home education school is fielding a team in that same sport. Should a student registered with a distributed learning or home education school, who lives outside of that school's zone, join an accepting school's team anywhere else in the province, the student will only be eligible to play the sport in question for that one team. The student is free to play other sports at the same or different schools, as long as all other eligibility criteria have been met.

12. Transfer Policy (athletic eligibility following transfer from one school to another)

- A. The objectives of the ASAA Transfer Eligibility policy are to:
 - I. discourage athletically motivated transfers of students to or among member schools;
 - II. discourage athletically motivated recruitment of students by anyone associated with a member school;
 - III. encourage the completion of high-school within 3 years for member schools which start high school in grade 10 and within 4 years for member schools which start high school in grade 9;
 - IV. ensure that every student has a fair opportunity to participate in inter-member school competition at a member school for 3 consecutive years; and

- V. encourage school administrators to settle issues and disputes over transfer eligibility between themselves before resorting to any appeal procedure.
- B. Subject to this policy, any student who transfers to a member school after the commencement of the school year to attend grade 10, 11 or 12, is ineligible to participate in any school sport at that member school for a period of 1 year if they participated in any sport at any other school prior to the transfer.
- C. On application in the form and manner as directed by ASAA administration or governing body from time to time, a student may be granted eligibility to participate in a sport at a member school by the ASAA Compliance Officer.
- D. The Principal of the school from which a student is transferring and the Principal of the school to which the student is transferring may make a joint submission recommending that a student who would otherwise be ineligible to participate in a sport at a member school should be eligible. The Compliance Officer may accept or reject the joint submission of the Principals in making their decision as to the student's eligibility.
- E. A student who, pursuant to this policy is otherwise ineligible to participate in a sport at a member school, may be granted eligibility if the student can satisfy the Compliance Officer that the transfer was necessitated by exceptional circumstances beyond their control and was, in no way, athletically motivated.

13. Appeal of a Finding of Ineligibility

The Principal of a member school may appeal any decision made pursuant to this policy as set out in Section VII "Appeals Procedure".

SECTION V – MEETINGS

 - I. No one other than a principal or an assistant principal of a member school may submit a Notice of Appeal.
 - C. The Chair may direct that the Notice of Appeal will be provided to any person, including to the principal or an assistant principal of a member school and invite submissions accordingly. The appellant will be notified of any such direction in advance of the hearing.
 - D. Non-urgent appeals will be heard on dates set by the ASAA Executive Committee. The Executive Committee shall schedule at least 5 sittings of the Appeals Committee for the school year and inform member schools of that schedule.
 - E. Appeals will be heard on an urgent basis if the Notice of Appeal identifies the reason for the urgency and the Chair of the Appeals Committee agrees that there is urgency for the appeal to be decided, in which case the hearing of the appeal shall be scheduled as per the direction of the Chair. A fee of \$800, which must accompany a request for an urgent appeal, will apply to any appeal scheduled on an urgent basis, \$500 of which will be refunded in the event that the appeal is allowed. The decision of the Chair to deny the request to schedule a hearing on an urgent basis is final and not appealable to any Court.

4. Hearing Procedure

The Chair may direct the procedures to be followed in a hearing for the purposes of ensuring a fair and expeditious resolution of the appeal, including, without limitation, directions (a) respecting the amount of hearing time, (b) respecting the number of persons who may make submissions, (c) respecting the number and type of submissions, and (d) confining those who make submissions to the particulars set out in the Notice of Appeal.

5. Decision

- A. In making its decision, the Appeal Committee may consider the information received by way of written or oral submission and any information available to the public which they are satisfied is accurate and complete. The Appeal Committee may also consider any breach of SECTION I – CODE OF ETHICS, including but not limited to the provisions of the "Honest and Full Disclosure" policy in

deciding an appeal.

The administrative personnel of the member schools acknowledge that the members of the Appeal Committee have been appointed from a roster of appointees from the ASAA zones in the Province of Alberta. The member schools acknowledge and agree that the Appeals Committee members have specialized knowledge with respect to the matters that come before them that a Court is unlikely to have regarding the subject matter of appeals.
- B. The administrative personnel of the member schools acknowledge that it would not be appropriate to pursue judicial review of any decisions of the Appeals Committee. As such, the administrative personnel of the member schools will not make or support an application for Judicial Review of any decision of the Appeals Committee.

SECTION VII – AMENDMENTS

1. All items under policy may be amended by a majority vote of the Provincial Board of Governors. Proposed

amendments must be submitted, in writing, to the ASAA office by April 1. The amendments to be considered will be posted on the ASAA website and available to all member schools at least three weeks prior to the Annual General Meeting. Amendments may be made through a mail vote and in such cases, the ballots must be retained until the next Annual General Meeting. Notices of Motion to amend policy may be waived where such amendment is clearly of a housekeeping nature and does not change the intent of the policy.

2. Amendments to policy may be submitted by zones, schools, Commissioners and Executive. Schools submitting such amendments must advise their respective Zone Executive.

SECTION VIII – ACTIVITIES

All athletic activities sponsored by the ASAA shall be conducted according to existing ASAA Bylaws and Policy.

1. Classifications - will not be implemented until August 2025 at the earliest

Classifications are based on the percentage of schools.

1A - no more than 35% of schools

2A - between 25-35% of schools

3A - between 15-25% of schools

4A - less than 15% of schools

5A - less than 15% of schools

A classification must have a larger percentage of schools than the next higher classification.

All Championship activities will operate using the following classification structure:

A. 1A: <75 students

B. 2A: 75-249 students

C. 3A: 250-699 students

D. 4A: 700-1399 students

E. 5A: 1400+ students

The ASAA Executive Committee will determine every five years (years ending in 0 and 5) whether this structure should be revisited. If the decision is made to revisit, an ad hoc Classifications Committee will be mandated with this task; this committee will comprise a mix of rural and urban schools, as well as representation from all classifications. If possible, previous committee members will be involved.

Festival activities will not be officially classified by the ASAA. Any classifying done at Festivals must be approved by the ASAA Executive Committee.

Note:

- A Championships Committee will be formed with the mandate to mitigate the following concerns regarding adding a classification:
- Increased costs - officials, awards etc.
- Ensuring we have enough hosts for our championships
- The amount of teams qualifying for provincials

This committee must present a proposal (including any relevant Notices of Motion) to the December 2024 APM. If this proposal does not pass, the restructured classifications above will be postponed indefinitely until the above mandate has been fulfilled.

2. Supervision of Athletes and Teams

- A. Team sports at ASAA zone and ASAA provincial championships.
 - I. Every school team must be coached or supervised by a teacher of the school jurisdiction to which that school belongs. Definition of a teacher: "A teacher of that school jurisdiction" may include certified teachers currently registered with that school board including full time, part time or substitute teachers.
 - II. School support staff cannot replace teachers as supervisors at ASAA provincials.
 - III. All teacher and non-teacher coaches are volunteers.
- B. Individual Sports at ASAA Provincial Championships
 - I. Composite zone teams in individual and dual sports (badminton, cross country, golf, track & field, wrestling) shall appoint team supervisors that are certified teachers from a school jurisdiction within the zone. This means that in the sports listed above, one or more certified teachers from the ASAA zone will be designated with the responsibility for their zone team.
- C. Supervision at all other competitions
 - I. During all other competitions, individuals and/or teams shall be under the supervision of an agent of the school jurisdiction they represent.
 - II. Definition of 'agent' of the school board they represent: The 'agent' does not have to be a teacher, but can be any individual who has school board approval to coach student athletes. It is highly recommended that schools and boards complete the appropriate police checks and volunteer forms before any non-teachers are involved in coaching school students.
- D. Same Sex Chaperones
 - I. Students traveling to zone and/or provincial championships who require overnight accommodation must be supervised by a chaperone of the same sex approved by the school jurisdiction.
 - II. Chaperones of both sexes must accompany co-educational teams that are staying overnight at any activities: provincials, zones, other competition and camps/tours.
- E. Insurance and Liability
 - I. Issues involving interschool or cross-jurisdictional supervision (team, individual and dual sports) and approved non-teacher chaperones are the responsibility of the member schools involved and their local school jurisdictions.

3. (Sanction Policy) Interschool Competition and Invitational Events

All levels of competition, tournaments or interschool

competition involving students from ASAA member schools must follow all bylaws, code of Ethics and policies set forth in the ASAA Handbook, including eligibility and supervision requirements.

- A. Requirements for interschool competition and invitational events
 - I. Each competing team must be a school team in good standing of its own zone and provincial or state high school association and must guarantee that participation in the contest will not violate any standard of that zone and provincial or state association.
 - II. Each participant must meet the eligibility requirements of their provincial/state association. For Alberta students, please refer to SECTION IV – ELIGIBILITY.
 - a. Exception: All competitors of sanctioned wrestling events must meet all ASAA wrestling eligibility, please refer to SECTION XIX – Wrestling, and Section IV, Eligibility.

Examples of exhibition/fundraiser games include games against club, university, college or alumni teams, or against a touring team.

NOTE: Games between an ASAA member school team and a Prep School/Sport Academy team in an ASAA sport are prohibited.

- b. Geographic Isolation Policy*:

School teams in isolated areas may participate in basketball and/or volleyball non-school leagues providing they receive permission from the ASAA Executive Committee. Written request must be made well in advance of the season and on an annual basis, and permission will be granted only in those cases where adequate competition is scarce due to the isolation of the community.

* Note: Insurance and liability issues involving these exceptions are the responsibility of the member schools involved and their local school jurisdictions.

- IV. Sunday competition is not allowed in Alberta. If Alberta school teams are traveling to an out of province event and Sunday play is allowed in that province or State (e.g. British Columbia), then competition may take place on Sunday.

- V. Awards:
 - a. Cash awards may not be awarded to or received by student athletes, teams or coaches. It is recommended that awards be limited to medals, small plaques and trophies.
 - b. It is recommended that invitational events do not designate all-stars or most valuable player selections.

- VII. It is recommended that invitational events begin at Friday noon and conclude Saturday in the late afternoon or early evening.
- B. Formal written application for sanction of interschool events is required when:
 - I. ASAA member schools host interprovincial/international events involving three or more school teams in activities of the ASAA.
 - II. ASAA member schools travel to out of province events involving three or more school teams in activities of the ASAA. The sanctioning process needs to be initiated by the host school through its own provincial or state governing body.
 - III. Non-ASAA member institutions or organizations wishing to host high school events.

Notification of sanction approval: All schools invited to participate in interschool events are responsible for checking the status of the written application for sanction by visiting the ASAA website.
- C. Formal written application for sanction is NOT required when:
 - I. Events are hosted by ASAA member schools and involve only ASAA member schools. However, these events must meet the same requirements as interprovincial events.
 - II. Interprovincial/international play occurs between only two school teams.
 - III. Events include solely those schools that are listed in the blanket sanction agreement below.
- D. Process for written application for sanction of interschool events
 - I. The result of all written sanction requests processed by the ASAA, approved or not approved, will be posted on the ASAA website. Schools that are invited to participate in an event are responsible for checking the ASAA website for event approval before accepting an invitation. Invited schools have the option of accepting or declining an invitation to a sanctioned event.
 - II. ASAA Member Schools:
 - a. ASAA member schools hosting interprovincial/international events involving three or more school teams in activities of the ASAA must apply for sanction using the Interprovincial Competition Sanction Form or, if inviting US teams, the NFHS InterState Sanction Form. The sanction form must be submitted to the ASAA at least 30 days prior to the event. A \$200 late sanctioning fee will be assessed to the host school or institution, if sanction form is not submitted in time. Out of province schools not listed on the sanction form will not be eligible to participate without ASAA approval. Visit the Associations' website (www.asaa.ca/resources) for all forms and submittals.
 - b. ASAA zones and high school leagues: Events hosted by these partners must comply with ASAA policies.
 - c. Non-ASAA member educational institutions or organizations: Events hosted by non-ASAA member educational institutions or organizations are required to follow ASAA policies.
 - i. Colleges, universities and other non-member educational institutions hosting high school events must apply for sanction using the Non-Member Educational Institution Sanction Form. The sanction form must be submitted to the ASAA at least 30 days prior to the event. A \$200 late sanctioning fee will be assessed to the host school or institution, if the sanction form is not submitted in time. Schools not listed on the sanction form will not be eligible to participate without approval of the ASAA and the respective school athletic association. If non-school teams and ASAA member school teams are participating at a tournament, they must compete in separate categories; i.e. ASAA member school teams must not compete against non-school teams. If the event is for an individual sport (i.e. golf, cross country, wrestling, badminton and track & field), high school athletes belonging to club teams should compete only as a member of their high school, with approval from their school and the ASAA, and only against other high school athletes. Travel of the student athlete to such events must adhere to the designated requirements of the associated school and school board of which the student attends. In addition, a *Permission to Travel* form must be completed and submitted to the ASAA for approval 30 days prior to the event. **A \$200 late permission to travel fee will be assessed to the participating school, if permission to travel form is not submitted in time.**
 - ii. No prize money can be awarded.
 - iii. The non-school entity agrees to be accountable to the ASAA to uphold the standards and expectations of ASAA and to report to ASAA as requested. That is, should violation of any conditions occur, consequences will be at the discretion of the ASAA.

- iv. All entry fees for the high school divisions are approved by the ASAA.
- v. All relevant sanction forms must be completed at least 30 days prior to the event as per ASAA policy.
- vi. A \$200 late fee will be assessed to the non-school entity if they fail to submit proof of proper insurance coverage to the ASAA for approval 30 days prior to the event. Failure to pay the fee prior to the event will result in the event not being sanctioned.

If a non-school entity fails to meet all of the outlined conditions, ASAA member school teams will be ineligible to participate at all events hosted by that non-school entity.

E. Permission to Travel

ASAA member schools traveling to an out of province or country event must ensure that the event in question is sanctioned by the ASAA through its respective counterpart (province/state) via being posted to the ASAA website. Further, such schools must complete a Travel Permission form at least 30 days in advance of the event. Failure to complete this form at least 30 days prior to travel will result in a \$200 late Travel Permission fee.

4. Seasons of Play

Preamble:

The intent of establishing seasons of play is to provide a guide as to when competition for particular activities sponsored by the ASAA may occur. Due to the nature of some activities, they do not fall into one season and therefore may overlap seasons. However, for most activities the total competitive period will fall within one season.

The rationale for establishing seasons of play is in keeping with the ASAA philosophy of making competitive opportunities for all members as equitable as possible. Therefore, with all members operating within the same time guidelines for each activity, the opportunity for advancement toward provincial competition should be reasonably equal.

In addition, the ASAA feels that establishing seasons of play will encourage school jurisdictions to emphasize a varied program of school athletics.

- A. Activities sponsored by the ASAA shall take place within a specific season of play and these seasons shall be determined annually with the provincial competition being the reference point.
- B. Each season of play will encompass pre-competition practice exhibition contests, league play and playoffs.
- C. Each season of play shall be approximately 16 weeks in duration (school time) with holiday periods taken into consideration where applicable.

F. Definition of a Practice

- I. Schools may not conduct team practices outside the respective ASAA season of play. The definition of a 'team practice' is an organized sport specific ASAA activity, with multiple team members from the same school, under the supervision of a coach from the same school, where they direct or conduct sport specific drills for the athletes. Contests and practices for all sports shall be restricted to the ASAA seasons of play for sports. No members of any coaching staff shall direct organized practice or game activities prior to the approved starting dates for in session sports.
- II. Allowable 'out of season activities' are weight training and general conditioning programs. 'Open' facilities are permitted but must adhere to the following guidelines: they must be open to public, they must be supervised by school personnel for safety reasons, they cannot be mandatory, and there can be no written or unwritten instructions. Site administrators and athletic directors are responsible for seeing that these rules are adhered to.
- III. The intent of this rule is to ensure that high school teams are not assembled for coaching purposes outside of the ASAA seasons of play and gaining an advantage. Directed team-play and instruction are not permitted. Compliance is the responsibility of the school site administrators, athletic directors and/or coaches and is an expectation of the ASAA. Reports of infractions will be dealt with pursuant to the ASAA Violations Policy listed below.

H. Violations of Season of Play

- I. Violations of the seasons of play shall be reported to the zone manager of the school in violation and to the ASAA Executive Director. Such reports of violations must be corroborated with first hand evidence of individuals who, through their institutions, are members of the Association. All such reports must be in writing.
- II. Violation reports received by the Executive Director will be dealt with by the ASAA Executive immediately. Penalties imposed are at the discretion of the Executive and may result in the individual or team at fault being ruled ineligible for ASAA competition for a specified period.
- III. Any school found in violation of the Seasons of Play Policy and penalized may appeal the penalty within 48 hours of notification of penalty.

I. Interpretation and Examples

The dates provided in the Seasons of Play Policy for ASAA sponsored activities do indicate when each activity will begin and when it will end as a formal co-curricular activity for all member schools wishing to retain eligibility for such activities.

- I. Examples:
 - a. The season of play for basketball is November 1 to the third Saturday in March. This means there shall be no basketball practice or competition involving school teams prior to November 1 or after the third Saturday in March in any school year. This does not place any restrictions on individuals participating in out-of-school basketball prior to November 1 or after the third Saturday in March. School team camps outside the November 1 to third Saturday in

March period are in violation of the Season of Play policy.

- II. The season of play for volleyball is June 1 to the fourth Saturday in November. Therefore, volleyball practices may be carried out in schools during the month of June and from the beginning of the school term in the fall until the provincial championships. This precludes any formal school volleyball activity during the summer vacation but does not prevent individuals from attending summer camps. School teams that continue to function as school teams after the completion of the ASAA playoffs are in violation of the Season of Play Policy.
- III. There is no intent that the Seasons of Play Policy will have any effect on physical education classes or on intramural programs.

5. Athlete Registration

- A. All athletes must be registered in the Sport Registration System (SRS) to be considered eligible for competition against other eligible athletes from ASAA member schools; this includes Jr and Sr varsity teams. Registration of athletes/teams must occur regardless of whether the team plans to enter provincial competition. A list of registered teams will be posted on the ASAA website and sent to all Zone Managers after each sport registration deadline. Teams that do not appear on this list are not eligible to compete against ASAA member schools until such time that team registration takes place. Teams on the ineligible list that continue to compete without registering will be subject to sanctions at the discretion of the Executive Committee.
- B. The Principal of the high school shall be provided with an account to access SRS, the ASAA's online registration system. The onus of responsibility rests on the Principal for confirmation of the required eligibility qualifications.
- C. A school cannot register more than one team per category or classification in each activity for ASAA provincial competition.
- D. Registrations for all sports must be submitted online at registration.asaa.ca **by midnight** of the date indicated.
- E. Late Registrations:
 - I. **Golf, Cross Country, Badminton, Track & Field:** Team registrations after the online registration deadline and before the respective zone tournament deadline will be accepted subject to the late registration policy below. Additional students will be accepted after the respective zone tournament deadline subject to the late registration policy.
 - II. **Volleyball, Football, Wrestling, Curling, Basketball, Rugby, Team Handball:** Team registrations after the online registration deadline and player additions after the additional student deadline will be accepted subject to the late registration policy.
- F. Late Registration Policy

All schools, teams or students registered after the deadline are subject to approval of the Executive

Director. Late registrants must meet all eligibility requirements of the ASAA effective on the date of the registration deadline.

If the registration is approved, the following penalties will apply and be paid to the ASAA office:

- I. Late School Projection or Registration Fees are \$500
- II. Team or athlete registration, or opt-up application occurs within one week after the deadline - \$100
- III. Team or athlete registration, or opt-up application occurs later than one week after the deadline but before provincial qualification - \$200
- IV. Team or athlete registration occurs after the athlete or team has qualified for provincials - \$300
- V. The maximum fee a school can incur for a specific sport before the start of provincial is \$1000. Any late fees incurred afterwards (points f-h) would be in addition to the maximum fee.

25% of all team or athlete late registration fees collected from schools within a zone will be remitted to that zone. The other 75% will be allocated to ASAA general revenues.

The following fees are paid to the host and the host retains 100% of these fees:

- VI. Team or athlete attends provincials and does not pay the registration fee within one week after the start of the championships - \$100
- VII. Team or athlete attends provincials and does not pay the registration fee within one month after the start of the championships - \$200
- VIII. Team or athlete attends provincials and does not pay the registration fee within two months after the start of championships - \$300

Schools may appeal the above noted penalties via letter to the Executive Committee. These appeals will be reviewed by the Executive Committee and must be submitted to the ASAA office one week in advance of regularly scheduled Executive Committee meetings.

The athletic director or principal must fill in the opt up application form by the date below. The Executive Director will consult with the appropriate zone manager and sport commissioner before deciding to grant or deny the opt up application, based on the following criteria: previous years' results, roster changes, up-to-date season results that must include zone competition.

- J.

6. Sports Commissioners

- A. Selecting sports commissioners shall be subject to the following:
 - I. Commissioners shall be elected by the Board of Governors;
 - II. They shall be nominated from among the persons eligible to serve on the Board of

Governors;

- III. Commissioners shall serve for a minimum of two years and a maximum of four years;
 - IV. A vacancy occurring during a term of office shall be filled by an interim appointment by the Executive until the next Annual General Meeting;
 - V. Jurisdiction and expenses of Commissioners shall be subject to the approval of the Executive.
- B. The duties and responsibilities of Commissioners shall include the following:
- I. Providing assistance to host committees to coordinate provincial championships;
 - II. Being familiar with new developments in rules, equipment, coaching techniques, etc;
 - III. Distributing information such as noted in b) above;
 - IV. Presenting recommendations to Provincial Tournament Chairpersons, the ASAA Executive, Zone Executive and member schools;
 - V. Acting as a consultant to meetings and committees conducted by groups noted in iv. above;
 - VI. Furthering interest in their sport through the use of bulletins, talks and other forms of publicity and promotion;
 - VII. Liaising with provincial sport governing bodies, the ASAA Executive, universities and other agencies;
 - VIII. Attending provincial tournaments;
 - IX. Ensuring the records are noted in the proper publications for their sport.
 - X. Preparing and assisting in annually updating competition handbooks for that sport.
- C. Role of Commissioners in coordinating provincial competition.

The Commissioner plays a critical role in the development of their particular sport with the ASAA. Since the primary responsibility of the Commissioner is coordinating provincial competition, leadership should be provided according to the following format:

- I. The Commissioner in concert with the Executive Director shall meet with, or conference call, the competition chairperson (and committee) at least three months prior to the competition for the purpose of reviewing the requirements for the competition as outlined in the ASAA handbook and host handbook. For basketball and volleyball, a meeting (or conference call) of the tournament chairpersons for each of the host committees should be called by the Executive Director. For all other sports, the Commissioner, with the approval of the Executive Director, should meet with the tournament chairperson at the site of the competition.
- II. The Commissioner shall receive a written

organizational plan from the tournament chairperson no less than two months prior to the event.

- III. The Commissioner should attend the competition to assist with its operation and to evaluate the event. If at all possible, a short meeting should be organized in conjunction with the competition for coaches and administrators. The purpose of this meeting would be to evaluate the event, propose modifications, suggest rule changes and propose changes to any other aspect of the sport. If such a meeting cannot be arranged, an evaluation form should be circulated to participants and then returned to the Commissioner.

- IV. The Commissioner shall be responsible for converting information received from the competitions to handbook modifications and develop Notices of Motion where applicable.

Note: It is expected that Notices of Motion submitted by Commissioners will reflect the wishes of a broad representative sampling of coaches across the province and not just the opinion of the Commissioner. Such notices will be submitted to the Executive Committee, via staff, prior to circulation province wide.

The ASAA shall provide Commissioners with the financial resources necessary to conduct the role outlined above

7. Championship and Festival Criteria and Requirements

Two forms of competition will occur under the umbrella of the ASAA:

- A. Provincial Championships
- B. Festivals

Provincial Championships are conducted with the support of the ASAA and all associated expenses for awards are covered by the ASAA. Hosts of these events are required to follow the direction of the ASAA in conducting all aspects of the Championship.

Festivals are conducted under the banner of the ASAA, but without support for any of the associated expenses for awards or benefits from ASAA sponsors. A current Championship may be moved to Festival status if certain criteria, as described below, is not met. A current Festival may be moved to Championship status upon achieving certain criteria, as described in Section V.7.

Each Festival and Championship will undergo an annual review to be presented by the Executive Director at the Annual General Meeting (AGM) to determine if it is meeting the criteria provided below.

- I. Activities which have Championship status, and no longer meet the Championship criteria, shall be moved to Festival status at the AGM immediately following loss of that status. After each subsequent year, the ASAA Executive will review and provide a recommendation to the Board of Governors to either promote that sport to Championship status, maintain Festival status, or remove it.

- II. Activities which have championships for more than one classification should meet the Championship criteria for each classification. If it does not, the Executive Committee will provide a recommendation (along with rationale) to the Board of Governors to maintain status quo, eliminate or combine classifications.

- III. Activities which have Championship or Festival status and do not meet Festival status are subject to deletion as per relevant policy.

Implementation

There is a moratorium on this policy impacting current ASAA activities until 2024/25. Classifications (including tiers and categories) for fall sports (golf, cross country, football, volleyball) will not be subject to the new policy until the December 2023 APM, and for winter & spring sports (wrestling, curling, basketball, badminton, team handball, rugby, track & field) until the June 2024 AGM. Championship status for fall sports will not be subject to the policy until the 2024 APM and for winter & spring sports until the 2025 AGM.

8. New Activities

- A. Any member school, zone, provincial sport association, or an ASAA Board Member can apply for an activity to be granted Demonstration status. If the application is approved, the activity would be conducted as an invitational competition on an event-by-event basis with ASAA supervisory policies in effect. Application forms must be submitted to the ASAA Executive Committee by April 1 in order to be considered at the June AGM for implementation the following year.

Progression of Demonstrations is as follows:

- B. Request to the ASAA Executive.
- C. If approved, implementation of the activity for Demonstration.
- D. Open invitation from the ASAA (or a member school or zone) to all member schools to join the Demonstration.
- E. After the first Demonstration event, the ASAA Executive will decide whether to do a second Demonstration, or no longer support the activity
 - I. If a second Demonstration is granted, an advisory committee will be formed for the activity.
- F. Open invitation from the Advisory Committee to a second Demonstration.
 - I. must have participation from at least two zones, five schools, twenty students.
- G. After the second Demonstration event, the Advisory Committee will present a report to the ASAA Executive outlining:
 - I. the schools, students and zones participating
 - II. schedule(s)

- III. finances
- IV. rules (including enforcement)
- V. supervisory protocols
- VI. first aid provisions
- VII. awards
- VIII. any recommendations for the future.

Based on the report, the ASAA Executive may decide whether to do a third Demonstration, or no longer support the activity.

- H. Open invitation from the Advisory Committee to a third Demonstration.
 - I. must have participation from at least three zones, ten schools, fifty students.
- I. After the third Demonstration event, the process from the second Demonstration will be repeated.
- J. Open invitation from the Advisory Committee to a fourth Demonstration.
 - I. must have participation from at least three zones, twenty schools, 100 students.

After the fourth Demonstration event, the Advisory Committee has six months to decide whether to suspend or cancel the Demonstration, or apply for Festival status*. Application needs to be made to the ASAA Executive by June 1 and include the following:

- I. detailed reports from the last two Demonstrations including financial.
- II. Supporting statistics to show that the activity meets the criteria numbers (zones, schools, students) for consideration for Festival status.
- III. Best estimates of the number of schools (by zone) conducting the activity in their school program even if those schools did not attend the event.
- IV. Proposed Season of Play and annual date of the Festival.
- V. Names of hosts and convenors in place for the first three Festivals
- VI. Draft set of rules used in the events.
- VII. Draft section to be added to the ASAA Policy Handbook.
- VIII. Indication of how the events accommodated teams (i.e. hotels, changerooms, hospitality in general).

*Note: if the Demonstration exceeds Festival status earlier than the fourth Demonstration, the Advisory Committee can apply early for Festival status.

The Executive Committee will review the application, and if all materials are in order and all requirements to become a Festival appear to have been met, the Executive will pass on their recommendation to the Board of Governors for discussion at the AGM, where the final decision will be made. If the application is successful, the activity will be granted Festival status for three years.

Process for moving from a Festival to Championship

Application may be made to the Executive Committee after an ASAA recognized Festival has run for three consecutive years*:

- A. The Advisory Committee for that activity can make

an application to the Executive and/or the Executive can recommend an application for Championship status. Application must be made in writing to the Executive Committee by September 1 to be added to the Annual Planning Meeting Agenda (APM). A representative from the activity must be available to present and answer questions at the APM.

- B. Applications must provide the following information:
- I. Demonstrate the sport meets all Championship criteria.
 - II. Demonstrate positive reviews from convenors, that the Festival has moved around the province (if applicable) and provide financial statements showing the festival is financially sustainable.
 - III. Demonstrate how the activity is a school-based component (i.e. falls under school board jurisdiction, supported by administration, has necessary buy-in from educational staff).
 - IV. Demonstrate organization and commitment to the sport by having ASAA hosts and convenors in place for the next two years.
 - V. Have a Commissioner selected to assume the role of Commissioner as described in ASAA Policy Section V.5.

*Note: if the Festival exceeds Championship status earlier than three years, the Advisory Committee can apply early for Championship status.

Upon receiving and reviewing an application that meets all required criteria for consideration of Championship status, the Executive Committee may make a recommendation to the Board of Governors at the Annual General Meeting (AGM) for activity approval to Championship status. At the AGM, members will vote on approval of the application.

Process to add a Classification to a Championship Sport

Application shall be made to the Executive Committee.

- A. The commissioner(s) for that activity can make an application to the Executive and/or the Executive can recommend an application to add a classification. Application must be made in writing to the Executive Committee by June 1 to be added to the AGM Agenda. A school-based representative from the activity must be available to present and answer questions at the meeting.
- B. Applications must demonstrate that the activity meets all Championship criteria for any additional classifications requested.

Following a successful application, the Executive Committee may make

a recommendation to the Board of Governors at the AGM for (an) additional classification(s). At the AGM, the Board of Governors will vote on approval of the application. A 50% +1 vote is required to pass.

*Note: a request for more than one classification can be made during an application to move from Festival to Championship.

*Note: multiple classifications can be added at the same time.

9. Deleting Activities

- A. Activities which have Championship or Festival status and do not meet the Festival criteria, shall be put on probation for one year. If, at the end of the year, the activity has not met Festival requirements, the continued sponsorship by the ASAA will be cancelled at the APM (fall activities) or AGM (winter and spring activities).
- B. Whenever an activity is put on probation, it will be announced at the current APM (fall activities) or AGM (winter and spring activities), thus providing member schools this information one year in advance of possible cancellation.
- C. In the event that any classification, tier or category in an activity is cancelled, classifications, tiers or categories for that activity will be adjusted by the ASAA Executive Committee and if required, affirmed by the Board of Governors.
- D. If a classification, tier, category or activity is removed, the Advisory Committee or Commissioner for the activity can appeal the decision within two months of the respective APM or AGM if there are unique local or global circumstances around the activity.
- E. If an activity is cancelled, it cannot apply for demonstration for at least three years from the date of cancellation.

10. Officiating

The ASAA will, in conjunction with zone executive and various provincial sport associations, work to establish a network of officials that will provide Alberta high schools with personnel qualified to officiate school competitions at the local, regional and provincial levels.

11. Rules

The rules in place at the start of the season of play for each ASAA sport will be followed for the entire season, regardless of any provincial, national, or international rule change that may occur during the season. The Executive Committee will have the discretion, under exceptional circumstances, to provide flexibility as required.

B. Provincial Competition Dates

- I. The dates and locations of the competitions shall be ratified at the Annual General Meeting. Any championship without a host by the beginning of that activity's season of play will be canceled. The Executive Committee may, at its discretion, modify this timeline due to circumstances.
- II. It is the intent of the ASAA, as far as possible, to establish particular weekends for provincial competitions and to adhere to the set times annually.

Provincial Championship Competition Dates

For the purposes of competitions, the ASAA shall use the following **definition of weekend**:

For activities that require a two day competition, the weekend will consist of Friday and Saturday (no ASAA provincial competitions will take place on Sunday). This will apply to all similar activities even though a particular competition may be scheduled for only one day. Cross country and football championships are designated for specific days and do not need to be considered in the weekend concept.

Golf	To be held the last Monday/Tuesday of September as approved by the Golf Commissioner
Cross Country	To be held on the third Saturday in October
Football	To be determined annually, but no later than the fourth Saturday in November and the preceding Friday night
Volleyball	To be held on the fourth weekend in November Provincial dates include Thursday
Wrestling	To be held two weeks prior to Provincial Wrestling
• Rural	To be held on the second weekend in March
• Provincial	
Curling	To be held on the first weekend of March

Basketball	To be held on the third weekend in March Provincial date include Thursday
Badminton	To be held on the first weekend in May
Team Handball	To be held on the second weekend in May
Rugby 7s	To be held on the last weekend in May
Track & Field	To be held on the first weekend in June
Rugby 15s	To be held on the first weekend in June*

**Only to occur in years when the rugby provincials fall during diploma exam blackout dates (to include the day prior to the start of the diploma exam schedule), otherwise it is second weekend in June.*

C. Provincial Representation

- I. All individuals and teams advancing to provincials must participate in competition leading to provincial championships where a qualifying competition is required. i.e. district and/or zone qualifying events. Provincial hosts must compete in their zone's provincial qualifying structure until they are eliminated (or win their zone). Failure to do so will result in the host team being ineligible to compete at provincials and the host berth would become a vacant berth. The \$750 fine (point "a" below) would apply.
- II. Any team that checks the "Intent to attend provincials" box in their team registration on the SRS will be considered provincial-eligible. If a Provincial-eligible team qualifies for provincials either as a zone representative or a wildcard/ additional berth it is expected to attend provincials. If, for any reason, a qualified team chooses to not attend provincials they will be charged a late withdrawal penalty in two parts:
 - a. a \$750 penalty, to be payable to the team that steps in to replace the non-attending qualified team, in order to cover their last-minute travel costs associated with attending provincials on late notice.
 - b. a \$250 penalty, to be payable to the host in order to cover the administrative costs involved in finding a replacement team at the last minute.

Note: In the case where no team is able to step in and fill the berth, the \$750 will be payable to the host committee in recognition of the additional costs they face.

Note 2: If the zone of the team involved finds a replacement from their own membership the fee will not be charged.

- III. All participants in provincial competitions (individual and team) must be determined no later than the Saturday preceding the provincial competition. In rugby, participants must be determined no later than the Tuesday preceding provincial competition.
 - IV. NWT/Nunavut shall be allowed to compete on an exhibition basis in individual activities that are sponsored by the ASAA at the provincial level.
- D. Hosting Provincials
- I. Each provincial competition shall be organized and administered by a school/committee approved initially by the host zone and subsequently by the ASAA Board of Governors.
 - II. All schools/zones bidding to host provincials shall follow the bid guidelines as indicated in the Appendix of this handbook and on the ASAA website.
 - III. Any group being given the responsibility of hosting an ASAA provincial championship event must adhere to ASAA Bylaws and Policies as set out in the ASAA Handbook.
 - IV. All ASAA provincial events are to be alcohol, tobacco (including chewing tobacco, vaping), cannabis use in all forms and drug free for all players, coaches, parents, team personnel, officials and spectators. This applies to all activities held on school property and rented community facilities, including all outdoor facilities for events such as rugby, track & field, football, golf and cross country.
 - V. Legacy Clause - To reflect special anniversaries or milestones for ASAA sanctioned sports e.g. 50th anniversary. The Executive Committee will have the discretion to modify tournament structure for that year.
 - VI. All food and beverages sold and provided at ASAA provincial championship events held in ASAA member school facilities must fit within the Choose Most Often and Choose Sometimes categories of the Alberta Nutritional Guidelines for Children and Youth, details of which can be found in the Appendix and on the ASAA website.
 - VII. All ASAA Championships must have a Certified Athletic Therapist (CAT) hired/enlisted for the event. The CAT will be in charge of executing the Emergency Action Plan, and will have full discretionary authority to take charge of serious incidents or injury and any situation that would require an ambulance.

If it is more practical for the Championship host to hire/enlist alternate medical personnel (i.e. doctor, nurse, paramedic), they must communicate this with the ASAA office at least one month in advance of the Championship.
- E. Finances
- I. The intent is that all ASAA provincial competitions be organized in such a manner as to be self sufficient while keeping costs to participating teams/individuals minimal.
- II. An entry fee, subject to approval by the ASAA Executive and the sport commissioner, may be charged by the host committee for provincial competitions.
 - III. Pay It Forward Loonie Fee: Each provincial championship will charge an additional \$1 for each participating student and remit those funds to the ASAA office after the championship. 100% of funds will be directed into an ASAA scholarship fund to recognize student athletes who give back to their schools and communities by either coaching or officiating in school or community sport.
 - IV. Provincial competition hosts will be eligible to apply for a hosting subsidy of a maximum of \$500 per event should the event show a loss or a profit of less than \$500. In the event of a profit of less than \$500 being realized, the host may only apply for a subsidy for the difference between the profit earned and the \$500 maximum.
 - V. Team Sport: Coaches/Schools Failing to Attend Mandatory Coaches Meeting:

Any team (football, volleyball, basketball, curling, rugby 7s, rugby 15s, team handball) that attends provincials as the zone/regional representative and fails to attend or send a team representative to the mandatory coaches meeting will be fined a fee of \$250 for failing to send a representative to the coaches meeting. This fee will be collected by the ASAA office and split between the host of the championship and the ASAA; the latter of which will be earmarked for the ASAA subsidy account to help offset costs to ASAA provincial hosts. The Executive will have the sole discretion to waive the penalty based on the rationale provided by the school for failure to attend the coaches meeting.
 - VI. Individual Sports: Individuals Failing to Show

In individual sports (golf, cross country, badminton, track & field), the zone is responsible for submitting a cheque for the applicable entry of all participants confirmed by the deadline for submitting final entries to the host. In wrestling, participating schools will submit a cheque for all athletes confirmed by the entry deadline. In the event an athlete(s) fails to show, the offending athlete's school will be penalized an additional \$50 per no show over and above entry fees, to a maximum of \$250. The Executive will have the sole discretion to impose the penalty based on the rationale provided by the school for the late withdrawal.
- Note:** any school that has outstanding fees resulting from either the team or individual failing to show policy will be ineligible to participate in an ASAA provincial championship in any sport until those fees have been paid to the ASAA.

 - II. In order of priority, the following will guide the seedings:
 - a. Final ASAA Ranking
 - b. Body of Work, including all games played after the final ranking period.
 - c. Placing in Zone championship

Note: Winning the zone championship will automatically qualify the team for the provincial championship but does not guarantee that the team will enter provincials as the number one seed from their respective zone

- E. Notwithstanding 'a', 'b' and 'c' above, every effort will be made to prevent teams from the same zone meeting in their first game of the provincial competition. This may require minor adjustment of seedings to accomplish. Note that avoiding zone match-ups in second or subsequent rounds of competition is not within the purpose of the seeding process or rankings/seedings committees.
 - I. At each classification level per gender, the respective commissioner and eight ranking committees shall meet via separate conference calls on the Sunday prior to provincials; the cost of the calls to be paid for by the ASAA. 7. Awarding Wildcard Berths

Zone managers will provide to the ASAA office a list of zone championship hosts and their cell phone numbers in advance of the zone championship tournament weekend so that hosts may be contacted in a timely manner if zone results are not received or more information is needed. Zone championship hosts are requested to email the appropriate commissioner

and the ASAA the game scores and a rank order list of teams qualifying from their zone to the provincial tournament by 9 a.m. the Sunday following the zone championship.

The Commissioner will use the following criteria when awarding wildcard berths:

- A. Teams in the final ranking will be awarded points (12 for 1st, 10 for 2nd and so on until the 10th ranked team receives 2 points. The 5 honourable mentions will each receive one point)
- B. Zone points are added up and wildcard berths awarded to the zones with the most points.
- C. In the event of a tie, the zone with the highest ranked 2nd team will be awarded the berth (for example, if one zone has the 2nd and 5th ranked teams and another zone has the 3rd and 4th ranked teams, the zone with the 4th ranked team would get the wildcard berth).

8. Awarding Vacant Berths

- A. A berth will be considered vacant when:
 - I. A zone vacates their berth for any reason.
 - II. A zone does not have enough teams in the final ranking period to fill the wildcard berth (for example, a zone has 1 team ranked 2nd in the final rankings and qualifies for a berth with 10 zone points but no other team ranked).
 - III. The host zone does not have enough teams in the final ranking period to fill the zone champion, host bid and wildcard berth (for example, a zone has the 3rd and 6th ranked team, is hosting provincials and qualified for a wildcard berth based on zone points; they would receive the zone champion and host berth but not an additional wildcard berth due to insufficient teams).
- B. Who receives the vacant berth(s)
 - I. In the event of one vacant berth, the zone with the highest point total and sufficient number of teams in the final rankings will receive the berth.
 - II. In the event of multiple vacant berths, or if there is still a vacant berth after allocating all zone, host and wildcard berths, any subsequent vacancies will be filled at the discretion of the respective commissioner in consultation with the Executive Director, factoring in the number of berths a zone already has, and teams each zone has in the top 10, then top 15.

(Note: maximum berths noted in following pages cannot be exceeded)

The Commissioners will provide the name of the zone receiving the vacant and/or wildcard berth to the ASAA office. It should be clear that the zone, not an individual team, will receive the vacant and/or wildcard berth. The zone will allocate this berth to a team based on its placing in the zone tournament.

Rankings information will be posted on the ASAA website and teams wishing to contest* the rankings will have until noon on the Tuesday following the final rankings to do so. Such an appeal must be accompanied by a \$50 payment. The ASAA Basketball Commissioners will consult with the appropriate ranking committee based on the information available, and, with the approval of the Executive Director, will render a decision to the school within 48 hours. If the appeal results in a change to the rankings and the subsequent inclusion of the appellant school, the \$50 will be refunded to that school.

** All schools are responsible for entering their complete results for all games (exhibition, Tournament, league play, league playoff and zone playoff) into the SRS basketball ranking system by the final submission date as indicated in the annual rankings timeline as posted on the ASAA website. An appeal of the rankings will not be considered unless a complete season record has been submitted before this deadline. An appeal must be signed by the school Principal and should indicate where the school feels they should be ranked and why.*

- II. Intermediate – under 17 before September 1 of that school year
- III. Senior – under 19 before September 1 of that school year

Note: Students with a birthday on September 1 of that school year must compete in the higher category.

- B. A zone may enter a team of up to 18 members for each of the six events – not including:
- C. All athlete substitutions must be submitted to the provincial host by 4 p.m. on the Wednesday prior to provincials. **No additions or changes may be made after this date.**

5. Scoring

- A. All competitors will score points on the following criteria: First place will receive 144 points and each competitor after that will get a fraction of 144 based upon the number of competitors in the event.
- I. A separate scoring system will be developed by the ASAA Commissioner and approved by the ASAA Executive Director, to take into account the number of competitors in the para category. This scoring system will be noted in the event information package.
- B. School team champions will be determined in four classifications: 1A, 2A, 3A, 4A. Here is the timeline for establishing classifications:
- April 30 - projection numbers will be used by the ASAA unless the school's classification changes.
- September 30 - any school which changes classification based on their September 30 count must report this to the ASAA Executive Director on this date (this policy supersedes Policy Section III.Membership 1.A). Failure to do so will result in that school competing at whichever is the higher classification and paying a \$500 fine; any team award that may have been won by that school at the wrong classification will be vacated.
- C. The championship trophies and banners will be awarded to the top school in each classification accumulating the highest number of points regardless of the number of competitors entered.
- D. In case of a tie for school placing, the championship banner will be awarded to both schools.

SECTION XII CURLING

1. Rules

- A. The rules governing ASAA curling shall be the blended rules of Curling Canada, with the following modifications:
 - I. Each team is permitted to take two 60-second time outs per game. The time outs must be taken when the team is in possession of the rock. They may be called by the skip or coach. The time outs cannot be carried forward to the extra end(s).
 - II. One 60-second timeout is available to each team for each extra end.
 - III. A five minute break is allowed after the 4th end.
 - IV. In the event of a 4-end tie-breaker, one 60-second time out per team will be permitted.
- B. ASAA provincial championships shall use the five rock free guard zone rule currently used by Curling Canada.
- C. The following limited broom head rule will be used at ASAA provincial championships
 - I. Broom heads used for sweeping can be any fabric that is commercially purchased. No homemade heads and modifications to commercial heads will be permitted.
 - II. No hair brooms or corn brooms will be used to sweep a rock. Additionally, the plastic insert from Hardline brooms must be removed. The WCF approved fabric is NOT required for ASAA provincial curling.
 - III. A player may use any device (including hair and corn brooms) to deliver the stone; however, the device may not be used to sweep unless it complies with i and ii.
 - IV. Failure to comply with the above will result in the loss of hammer if used during practice, removal of stone if used during a game, or forfeiture if a replacement head in compliance with these rules cannot be found.

2. Eligibility

- A. Schools are required to submit the names of their curling athletes in the Sport Registration System by the registration deadline. All students on the curling team are eligible to compete on any of the school curling teams; however, the athletes that play together at all qualifying events for provincials (e.g. districts, zones) are the ones that form the team that moves on to the Provincial competition.
- B. Each boys and girls team will consist of five students and mixed teams will consist of six students. Mixed teams shall comprise two girls and two boys, with girls and boys alternating at the various team positions.
- C. Only one team per category may compete per school.

3. Teams

- A. A team may play with three (3) players with the first two (2) players each delivering three (3) consecutive stones at each end. Under no circumstance may a team play with fewer than three (3) players delivering stones. If a team plays with three players in the mixed division, the alternate order of delivery must be maintained (M, F, M – or – F, M, F). If this occurs while a game is in progress, the delivery rotation can be changed to meet this criterion.
- B. Substitutions may be made during or between games by using the non-playing team member(s) for any team positions (in mixed play, a boy can only be substituted for a boy, and a girl for a girl, following 3.B. above). In mixed play, if a substitute of the correct gender is not available then the team will continue the game with three players in their existing order, throwing 3, 3, and 2 stones. All team members must meet ASAA eligibility requirements and cannot be members of other school representative curling teams as established at the qualifying events for provincials (see 3 above). All teams must continue throughout the competition with the listed team members as constituted in the first post-district game of the competition.

4. Events

- A. The ASAA Provincial Curling Championships shall be held the weekend prior to the Curling Alberta U20 Championships (normally this would put the ASAA Provincial Championship on the last weekend of February). The ASAA Curling Championships will be held no later than the first weekend of March.
- B. Format
 - I. Each provincial competition shall be a 10 team spiel with each zone having one entry in each of the three categories. The Curling Commissioner will build competitively-balanced pools based on previous years' results while ensuring that teams from the same zone are placed in separate pools.
 - a. The host school will be granted a berth in each of the three categories
 - b. In each category, a wildcard berth will be awarded. The ASAA office will calculate provincial championship history for teams representing their zones for the three years prior to the current school year. Teams that win the gold medal will receive 3 points. Teams that won the silver medal will receive 2 points. Teams that win the bronze medal will receive 1 point. The zone that has the highest total will receive the additional berth in that category.

* note: if a zone has more than one berth in provincials, only the top finishing team from that zone at the end of provincials collects these points for the zone.

 - c. There will be a maximum of 3 representatives from a zone (includes the host teams) in any category.
- II. All games will be eight ends duration. If tied at the completion of eight ends, an extra end or ends shall be played.

- III. Competition in each event shall be two section round robins. At the completion of the round robin, the first place team from each pool will play the second place team from the opposite pool. The winners play to determine the gold and silver medal winners, and the losing teams play to determine the bronze medal winner.

C. Hammer

Practice and draw to the button procedures for round robin, tie breakers and medal games:

- I. **30 minutes** prior to the scheduled start time, the thirds will flip a coin. The winner of the coin toss will choose second practice or colour of rocks.
At the end of the practice, an extra stone will be delivered as a draw to the button.
- II. This stone can be delivered by any player on the team with sweeping allowed.
- III. This stone must be measurable in the house.
 - a. If the stone is in the free-guard zone or not in play, the stone must be delivered again, by different team member, and a score of 185.4 cm will be recorded. This process is repeated until a stone is measurable in the house. If the second team's rock does not stop in the house and the first team had a measurable stone, the second team does not throw again.
 - b. If the stone covers the pin, the stone must be delivered again, by a different team member, and a score of 0" or 0 cm will be added to measurement. This process is repeated until a stone is measurable in the house. If the first team does not cover the pin and the second team covers the pin, the second team does not throw again. A score of 0" will be recorded for any team covering the pin during their first attempt for tie breaker purposes (see section 5.C. Tie Breaker Policy).
- IV. The same player may deliver the 1st draw to the button attempt in all games. Rotation of players is only required if the 1st attempt is not measurable.
 - a. The team with the lower measure at the end of each team's practice will be awarded hammer in the first end of play.
 - b. The measurements of the four (based on ten teams) round robin games will be recorded and totalled for tie breaking placing and determining the hammer in medal games
 - c. All measurements will be done by the thirds and agreed upon by both teams. Measurements are recorded on paper and are collected by the Host to be tallied, only the first delivered rock is recorded, the distances of additional rocks is only used should the opposing team's first rock not reach the house, or covers the pin, they determine hammer in the first end.
 - d. 1 vs 2 crossover playoff game – The team which finished first in their pool will be rewarded with hammer in this game, thus the extra delivered stone is not required as part of the practice. The team with hammer receives first practice, the other team selects rock colour.
 - e. For the tie-breakers and medal games, the team with the lower combined total from the draws to the button from the round robin games will be awarded hammer and first practice. The other team will select rock colour and have second practice.

D. Tie Breaker Policy

The tie-breaking procedure will include a draw to the button to take place after the conclusion of each practice, by all teams involved in the competition. The measurements of the four round robin games will be recorded and totaled for tie breaking placing only. Head to head records will be used when possible, total measurements from the draws to the button will be used if teams are still tied.

- I. If two teams are tied for first, the game between the two teams will determine first and second places.
- II. If two teams are tied for 2nd, the two teams will play a four-end game to determine 2nd place in the pool. Extra ends will be played if necessary.
- III. If three teams are tied for first, teams will be ranked according to policy C i, the top ranked team will be awarded 1st place in the pool. The other two teams will play a four-end game to determine the 2nd place team. Extra ends will be played if necessary.
- IV. If three teams are tied for second place, teams will be ranked according to policy C i and the 1st ranked team will be awarded a bye. The other two teams will play a four-end game with the winner then playing the team with the bye in another four-end game to determine 2nd place in the pool. Extra ends will be played if necessary.
- V. If four teams are tied for first, teams will be ranked according to policy C i, The 1st ranked team will play a four-end game against the 4th ranked team, the 2nd ranked team will play a four-end game against the 3rd ranked team. Extra ends will be played if necessary. The round robin game between the winning teams will determine who is awarded 1st and 2nd in the pool.
- VI. If four teams are tied for 2nd place, teams will be ranked according to policy C i, The 1st ranked team will play a four-end game against the 4th ranked team, the 2nd ranked team will play a four-end game against the 3rd ranked team. The winners will play a second four-end game for 2nd place in the pool. Extra ends will be played if necessary.
- VII. If five teams are tied for 1st place, teams will be ranked according to policy C i, the 1st ranked team will be awarded 1st place in the pool. The 2nd ranked team will play a four-end game against the 5th ranked team, the 3rd ranked team will play a four-end game against the 4th ranked team. The winners will play a second four-end game for 2nd place in the pool. Extra ends will be played if necessary.

E. Practice Time

- I. Each team will have a practice of a maximum of five (5) minutes to deliver one (1) rock per player down and back.

SECTION XIII FOOTBALL

1. Rules

The playing rules used by ASAA Football shall be those endorsed by the Canadian Amateur Football Association.

6-a-side and 9-a-side football are official variations of 12-a-side football. For a guide to the variations, please visit the *Resources Section* of the Football Alberta website.

Schools and leagues are responsible for complying with the safety standards regarding equipment. These standards are stipulated in Rule 1, Section 11, Uniforms and Equipment, Articles 1, 2, 3 and 4 of the Canadian Amateur Football Rulebook.

2. Season of Play

- A. The season of play for football shall be May 1 to the Alberta Bowl (ASAA Provincial Football Championship). Quarterfinals will commence on the second Saturday of November.

The season of play is not intended to include summer holidays, however, teams may begin their season on August 16. See SECTION V – ACTIVITIES, Item 3, for more information.

- B. In the sport of football, high school students will not be eligible for high school football if they participate on a community (i.e. spring/club) football team that overlaps ASAA season of play and which does not follow the policies outlined below:
- I. Only sixty percent (60%) of a midget team's players can be enrolled in one particular high school team. For clarity, sixty percent (60%) quota applies to Grade 10 and 11 players from any particular high school football team. This applies to spring/club teams that ASAA eligible student athletes participate on immediately prior to the ASAA football season of play in the spring.
 - II. Reporting – Zone manager will be responsible for getting the rosters of the midget teams in their area, that will list the names of the athletes and what high school football team they play for. Zone managers will then report to the ASAA if there are any teams/players not adhering to the above rules.
 - III. Penalty – Any school team that is in violation of these rules will be deemed ineligible to play in any ASAA sanctioned high school football match.

Note: The above policy does not apply to Girls Only Spring Tackle Leagues

3. Eligibility

- A. The ASAA shall have football competitions in five classifications:

6-a-side: only 1A/2A teams are eligible

9-a-side: no school population criteria

3A: <800

4A: 800-1399

5A: 1400+

- B. 3A and 4A teams may opt up to a higher classification. Once a team declares their intention, they cannot rescind it after the deadline and are no longer eligible, that season, to compete at any other classification. After the Football Registration Deadline of October 1, a comprehensive list of all football teams will be posted on the ASAA website.
- C. Two or more schools may combine to form one football team if the zone(s) approve of such an arrangement. In such cases, the combined populations of the schools will determine at which classification the team will compete.

Note: Insurance and liability issues involving students from one school playing for another school are the responsibility of the member schools involved and their local school jurisdictions.

- D. The ASAA accepts out-of-province high school football teams who are full members in a recognized Alberta high school football league into provincial competition provided they advance through the appropriate zone playoff and are prepared to travel to all games in which they might be involved.

4. Representation to Provincials

6-a-side and 9-a-side

- A. The ASAA supports the Alberta 6-a-side and 9-a-side Football Leagues by providing ASAA Provincials Playoffs and the Provincial Championship at the Alberta Bowl.
- I. This support will be revisited every 5 years (years ending in 0 & 5), with the goal of eventually having the ASAA take over jurisdiction.
 - II. This support is contingent on the premise that all 6-a-side and 9-a-side teams and associated schools in the ASAA Provincial Playoffs abide by ASAA bylaws and policies and are registered appropriately.
 - III. The playoff structure needs to be approved by the ASAA Executive Director by June 25.

3A & 4A

- A. The 3A and 4A Football Playoffs are 8-team brackets made up of a north region and a south region for each classification.
- B. Zones will determine their representatives to provincials for 3A and 4A.
 - I. The North Central Zone and North West Zone are combined and must coordinate with one another to determine their representative to ASAA quarterfinals.
 - II. If a team plays in a league that is made up mostly of teams from a different zone, that school (or the zone manager of the impacted school(s)) may submit a request to the ASAA Executive to compete out of their league's zone for football only. Requests must be submitted by June 15.
- C. Quarterfinal and semifinal matchups will be determined based on proximity (i.e. north and south regions).
 - I. North Region - Edmonton, North Central/North West, North East
 - II. South Region - Calgary, South, South Central
 - III. Central Zone will float and act as an opposite to the wildcard
- D. Regional matchups and host privileges will alternate on an annual basis. Ideally, zones will host once every two years, but may have to travel two years in a row because of wildcard allocations.
- E. All teams must register and declare their intention to participate in provincials through their zone manager by June 15.
- F. If a zone does not have a team registered (with intention to compete in provincials) by June 15, their spot in that classification will be considered a wildcard.
- G. Wildcards are awarded to the zone with the highest number of registered teams as of June 15 in that classification. If that zone already has a second berth, the wildcard will go to the zone with the next highest number of teams. A zone cannot receive more than one wildcard.
 - I. Where a zone has more than one berth, it is that zone's responsibility to determine which team is their #1 representative and which team is #2. This must be communicated to the ASAA office by the Monday before the quarterfinals.
 - II. If there is a tie between zones for the highest number of teams registered, the ASAA office, in consultation with the commissioner and the ranking committee, will make the final decision on which zone receives the wildcard.
- H. If the wildcard allocation results in an unreasonable travel expectation for the wildcard team, the ASAA reserves the right to adjust the brackets to ensure greater travel equity.

Wildcards will not be granted home field advantage unless mutually agreed upon by both teams and approved by the ASAA office.

- I. If a team receives an automatic berth into the quarterfinals by virtue of being the only team in a zone at a given classification and pulls out of the quarterfinal game after September 30, that team will be charged \$1,000. The \$250 quarterfinal entry fee payable to the ASAA office and \$750 to the replacement team.
- J. The final draws for each classification (absent of team names) will be sent out by the ASAA office no later than June 30.

5A

- A. The 5A Football Playoff is an 8-team Oregon-style bracket which is seeded 1-8, with the higher seed acting as host.
- B. There is no limit to the number of teams that can register for 5A. The top 10 teams will be ranked, and the top 8 teams after the final rankings will move into the playoffs. Once the top 8 are finalized, they will be seeded, and the single game elimination playoff structure will be followed.
- C. To be eligible for 5A ASAA playoffs, teams must be registered in the highest division of their league (if relevant) and must participate in any relevant league or zone playoff game.
- D. Independent teams must schedule at least four games against ASAA competition, one of which must be against 5A teams.

Rankings

- A. 5A teams must submit their game results into SRS throughout the season as soon as possible after each game. Rankings will be determined on submitted game results only. Teams are required to submit at least three games in order to be ranked.
- B. Rankings shall be done for 5A by a rankings committee. Recruitment and formation of the committee will be the responsibility of the Commissioner, who shall serve as the Chairperson of the Committee.
- C. The committee shall consist of five members and the Chairperson, with all but the Chair having voting privileges except in the event to break a tie. A Football Alberta representative will have an opportunity to be on the committee but not as a voting member. The committee will be formed as follows:

Chairperson: ASAA Football Commissioner

Northern Representative (NC/NW/NE Zones)

Edmonton Representative

Central Representative
 Calgary Representative
 South Representative (SC/South Zones)

- D. Ranking Committee members cannot be a coach or Athletic Director at a school with a 5A team.
- E. The official ASAA Football Rankings Information Package will be posted on the ASAA website by June 15 each year. This will include ranking guidelines, timelines for score submissions, ranking submissions, ranking postings, and the appeal process.
- F. There will be two ranking periods. Based on the results submitted, each ranking committee member will determine a provincial top 10.
- G. For each ranking period, the Chair shall review the ranking committee selections and award points to the teams according to their ranking (#1 – 10 points, #2 – 9 points, etc). The Chair shall then total the points into a single listing and rank the teams from highest to lowest according to their total points for that ranking period.
- H. In the event of a tie, the Chairperson shall apply the following:
 - I. Outcomes of any games between the tied teams.
 - II. Outcome of any games against common ranked opponents.
 - III. Outcome of any games against common unranked opponents.
 - IV. Previous ranking of both teams.
 - V. Chair's decision – based on the information provided.
- I. Undefeated teams at the time of final rankings will be guaranteed a spot in the top 8.
- J. After the final rankings are completed, the ranking committee will create the ASAA provincial draw by seeding the top 8 teams. It is the job of the committee to produce the most competitive draw. The goal is to have a balanced draw that best reflects the entire season. The seedings will avoid opening round games matching up two teams from the same league or zone provided that the integrity of the draw is not compromised.
- K. The final draw (including the seedings) shall be posted on the ASAA website. Teams not in the provincial draw will not receive a public final ranking. Individual ranking committee member selections are not provided.
- L. Schools wishing to appeal the final rankings and/or draw will be able to in accordance with the timelines established in the official ASAA Football Rankings Information Package. Such an appeal must be accompanied by a \$50 payment. The ASAA Football Commissioner will consult with the rankings committee based on the information available, and, with the approval of the Executive Director, will render a decision to the school. If the appeal results in a change to the rankings and/or draw and the subsequent inclusion of the appellant school, the \$50 will be refunded to that school. Appeals will only be considered if it has been submitted by the submission deadline and includes a complete season record along with a suggested alternate ranking.

5. Events

- A. Zones are responsible for hosting ASAA quarterfinal and semifinal games. Zones may delegate this responsibility to a school. All playoff games will be broadcasted, and played in a turf field stadium, which must have a score clock, change rooms, lights, spotter booth, adequate media and timers/scorekeeper booth, and appropriate spectator capacity. Furthermore, proceeds from gate admissions will cover costs of hosting the game (i.e. field rental, officials, medical, etc.).
 - I. Zones will be asked to submit their preferred location for quarterfinal and semifinal games to the ASAA Office by June 15. The ASAA will include the preferred quarterfinal locations when it publishes the schedules (by June 30).
 - a. Zones may request an exception from the turf field requirement for quarterfinal games provided all other hosting requirements are met. The request must be made to the ASAA Executive Director within two weeks of the quarterfinal.
- B. All five provincial finals will be played no later than the fourth Saturday in November and the preceding Friday night.
- C. The ASAA Football Provincial Championships (Alberta Bowl) will be organized by a committee comprised of the following representatives:
 - Chairperson (appointed by the ASAA Executive Director)
 - Host Zone Manager
 - Host Zone Member at Large
 - ASAA Football Commissioner
 - ASAA Office
 - Venue Liaison (non-voting member)
 - Football Alberta (non-voting member)

The venue for the ASAA Alberta Bowl will be set on a rotating basis. The adequacy of the stadium will be determined by the Chairperson and ASAA office based on the criteria above. If they determine the stadium to be inadequate, the Chairperson will look to use another venue, perhaps in a different zone.

SECTION XIV GOLF

1. Rules

The playing rules of the RCGA and local rules as proclaimed by the host club shall govern the golf tournament of the ASAA.

2. Season of Play

The season of play for golf shall be May 1 to the last Monday/Tuesday in September. The season of play is not intended to include July and August. Practices in the fall may begin August 16. See SECTION V – ACTIVITIES, Item 3, for more information.

3. Zone Representation

A. By June 15, each zone will declare their intention to send teams to Provincials the following September. Zones must indicate their intention to run both 1A/2A and 3A/4A in boys and girls competitions.

B. Team Berths

Zone Managers must declare their entry into provincial golf by 4:00 p.m. on the Tuesday prior to the provincial golf championships, indicating how many teams competed in their zone tournament. Player/team information, other than from the zone manager or designate as confirmed with the ASAA office, will be discarded.

- I. If a zone has 15 registered ASAA school golf teams competing at their respective zone tournament, they will receive a second berth at provincials in their respective category(ies). With the exception of the host zone(s), no zone may have more than two berths per category.
- II. The school(s) hosting provincial golf shall have an automatic berth in provincials for both boys and girls teams. Schools from two zones will be allowed to co-host provincials. If there are two schools co-hosting provincials, each will receive a host berth for both girls and boys teams. These berths are in addition to the zone berth and any wildcard berths that may be awarded. With the exception of the host zone(s), no zone may have more than two berths per category.
- III. A wildcard team will be provided to a zone for each category (i.e., 1A/2A and 3A/4A for boys and girls) based on results from the previous three championships. Points will be awarded as follows: five points for winning, three points for second place and two points for third place. The cumulative total for the last three years will determine the wildcard. If there is a tie, the zone that had the highest team finish the previous year will receive the berth. Any zone that already has two teams qualifying for provincials (except the host zone) will be ineligible for the wildcard berth.

C. Individual Berths

- I. Zones that have one tournament per gender: The lowest three individual scorers in addition to students on the zone winning team and or wildcard if applicable are eligible for provincials. Zones may fill open competition spots with the next lowest score.
- II. Zones with split tournaments (typically 1A/2A together and 3A/4A together): The lowest two individual scorers from each site in addition to students on the zone winning team are eligible for provincials. Zones may fill open competition spots with the next lowest score from the respective site.
- III. At a zone competition qualifying tournament, players must show competency in the sport by scoring under 135 for 18 holes. Any player shooting more than 135 will not be eligible to compete at provincials. In the event that a zone tournament is played with a maximum stroke limit per hole, then the enforced maximum total score that golfers will need to meet will be 130. Scores above 130 can still be appealed as per the note below.

Note: For individuals shooting between 135 and 140, (130 if zone has stroke limit), it will be at the discretion of the Golf Commissioner and the Executive Director to allow participation at provincials. Any appeal made will require the submission of the golfers scorecard from zone tournament.

- IV. Girls will also be allowed to go to provincials as individuals if they score 90 or better in their zone tournament and have not qualified with their respective teams.
- V. Boys will also be allowed to go to provincials as individuals if they score 76 or better in their zone tournament and have not qualified with their respective teams.

4. Events

- A. The tournament shall consist of two rounds of 18 holes.
- B. Hosting of the provincial championship will be set on a rotating basis through the establishment of eight regional hosting Zones.

Rotation:

2024 - North West	2025 - South
2026 - Edmonton	2027 - Calgary
2028 - Central	2029 - North Central
2030 - South Central	2031 - North East

C. Team Competition

- I. There shall be four provincial team competitions: 1A/2A Boys, 3A/4A Boys & 1A/2A Girls, 3A/4A Girls. Here is the timeline for establishing classifications:

April 30 - projection numbers will be used by the ASAA unless the school's classification is expected to change.

September 15 - any school which is expecting their September 30 count to differ enough from the April 30 projection to change their classification must report this to the ASAA Executive Director (this policy supersedes Policy Section III.Membership 1.A). Failure to do so will result in that school competing at whichever is the higher classification and paying a \$500 fine; any team award that may have been won by that school at the wrong classification will be vacated.

1A or 2A schools may choose to opt up to the 3A/4A event, but cannot play in both categories. 1A and 2A schools wishing to opt up must do so by September 15.

II. Team Composition

- a. Each team shall consist of three or four members from the same school. Each member shall play two rounds of 18 holes.
- b. Each team that qualifies for provincials will be allowed to name one alternate for the provincial tournament. At the provincial tournament, if a player who qualified is unable to play on either or both days due to circumstances beyond their control (illness, injury, family emergency) the coach may substitute in this player. This player's score will count towards the team tournament score only. This player will be ineligible for the individual trophy (having not qualified themselves) regardless if they play both days.
- c. Inclusion of alternates must be approved by the Executive Director or the Golf Commissioner.

III. A team's score shall be compiled for each round using the best three gross scores on each hole (not necessarily the same three golfers for each hole).

IV. Playoffs

- a. Teams tied for first after the two rounds will play extra holes until the tie is broken. The host coordinator will determine the extra hole(s) to be played at the time of the playoff in conjunction with the course director. The coach will determine the three competitors. The team winning the playoff will be awarded gold medals, and the losing team(s) will be awarded silver. Bronze medals will not be awarded if multiple teams win silver medals.
- b. Teams tied for second place after the two rounds will all receive silver medals. No playoff will be held and bronze medals will not be awarded.
- c. Teams tied for third place after the two rounds will all receive bronze medals. No playoff will be held.

V. Individual Competition

- a. There shall be two individual competitions: one for boys and one for girls.
- b. All members of boys and girls zone teams are eligible to compete in their respective individual competitions.
- c. Each individual competitor shall play two rounds of 18 holes and the total gross score shall be used to determine the champion.
- d. It is recommended that golfers with higher handicaps play in groups of three rather than four. It is also recommended that groups of three with a combined index of more than 75 and groups of four with a combined index of more than 100 have an adult walker with the group.
- e. Playoffs
 - i. Individuals tied for first after the two rounds will play extra holes until the tie is broken. The host coordinator will determine the extra hole(s) to be played at the time of the playoff in conjunction with the course director. The individual(s) winning the playoff will be awarded gold medals and the losing individual(s) will be awarded silver. Bronze medals will not be awarded if multiple participants win silver medals.
 - ii. Individuals tied for second place after the two rounds will all receive silver medals. No playoff will be held and bronze medals will not be awarded.
 - iii. Individuals tied for third place after the two rounds will all receive bronze medals. No playoff will be held.
- f. Power Cart

If an athlete provides medical certification showing that they have a permanent disability and require the use of a power cart, that athlete will be allowed to use a power cart at provincials. Discretion for acceptance of the medical certificate will be the responsibility of the Golf Commissioner and the Executive Director.

5. Officials

The ASAA recognizes the Alberta Golf Association as the official organization for the training and certifying of officials and gives its full support through the use of certified officials. Officials shall be appointed as follows:

- A. In provincial competition, the competition Chair and the ASAA Commissioner are responsible for ensuring that qualified and certified RCGA rules officials are present to deal with all issues, interpretations and questions arising out of rule interpretations and infractions
- B. Course marshals shall be on course at all times with the capability to communicate immediately with the rules official where rule interpretations are required.

SECTION XV RUGBY

1. Laws

The playing laws used by the ASAA for Rugby shall be those endorsed by World Rugby for Rugby U-19 play with the following clarification:

- A. Should any player be ejected from a game due to dangerous play, that player is ineligible to participate in the following game of the tournament. Appeals of any cards must follow the guidelines set out in the tournament package.

2. Season of Play

The season of play for rugby shall be February 15 to the Provincial Championships on the weekend prior to the start of provincial exams (the first or second weekend of June). See SECTION VIII – ACTIVITIES, Item 3, for more information.

3. Eligibility

All levels of competition involving students from ASAA member schools must follow all Bylaws, Code of Ethics and Policies set forth in the ASAA handbook, including eligibility and supervision requirements.

- A. High school students are not permitted to play on a non-school rugby team during the ASAA rugby season of play.
- B. Eligibility for rugby will be limited to students enrolled in grades 10–12 except in 1A and 2A classified schools where onsite grade 9 students may be registered for team participation. Any liability or insurance issues with grade 9s playing must be addressed at the school jurisdiction level.
- C. Schools may register one rugby program per gender; the deadline is May 1. Students registered on the school's rugby program are permitted to play both 7s and 15s for their school. Students may not be registered on more than one rugby program (e.g. if school A has a 7s team but not a 15s team, any student registered in school A's rugby program may not compete on another school's 15s team and/or a joint team).
- D. 15s teams are eligible to compete in 7s tournaments.
- E. For 15s teams to be eligible for participation at the ASAA Provincial Rugby 15s Championships they must have played an equivalent of at least 180 minutes of game participation.
- F. Two or more schools may combine to form one rugby team if the zone approves of such an arrangement. Insurance and liability issues involving students from one school playing for another school are the responsibility of the member schools involved and their local school jurisdictions.

4. Events

A. 7s

- I. A Rugby 7s Championship will occur two weeks before the Rugby 15s Provincial Championships.
- II. Regarding Policy VIII.6: as an existing activity prior to the implementation of that policy, the ASAA will continue to support 7s by providing provincial championships in two classifications:
 3A: <800
 4A: 800+
 This support will be revisited every five years (years ending in 0 & 5).
- III. Hosting of the 7s Championship is open to bids from a school or zone. If no bids are presented, the championship will be awarded based on a rotation as follows:
 2025 - Edmonton
 2026 - Lethbridge
 2027 - Calgary
 2028 - Other*
 * If no host bids are received, Edmonton will assume the 2028 host responsibility and the rotation will start again with Lethbridge in 2029.
- IV. The Rugby Commissioners, will confirm the draw one week after the May 15 deadline, when the number of zones with teams intending to attend the Championship is confirmed. The following criteria will be used to determine the draw:
 - a. Zones will determine their representatives to the Championship
 - b. Each zone with at least one eligible team will be guaranteed a berth
 - c. If there are less than six teams in a gender and classification, classifications will be combined. If the total number after combining classifications is still less than six teams, that category will be canceled for that season.
 - d. The number of teams competing cannot exceed 10 in each classification per gender
 - e. Wildcard or Vacant Berth Allocation:
 In the event that a draw needs to be filled with non-zone-winning teams, the Commissioners will award berths to zones at their discretion upon approval by the Executive Director. The commissioners will use a number of factors, including, but not limited to the following (not necessarily in order):

- previous years results
- current season perceived strength of zones
- number of teams registered in each zone

- f. Teams will be divided into pools by the commissioners
 - i. Teams from the same zone will be placed in separate pools when possible

V. Event rosters shall not exceed 19 players. The number of interchanges must not exceed 14.

VI. Teams will play the other teams within their pool and be ranked at the conclusion of pool play. The following point system will be used:

 2029 – Lethbridge (repeat rotation)

* If no host bids are received, Lethbridge will assume the 2028 host responsibility and the rotation will continue with Edmonton in 2029.

The ASAA will declare provincial rugby 15s champions in two classifications for boys and girls:

3A: <800
 4A: 800+

II. The Rugby Commissioners, in consultation with the Executive Director, will confirm the draw one week after the registration deadline of May 15, and the number of zones with teams intending to attend Provincials is determined. The following criteria will be used to determine the draw:

7 or 8 zones = 8-team draw (2 pools of 4 or an Oregon draw if required)

6 zones or less = 6-team draw (2 pools of 3)

Every effort will be made to keep teams from the same zone from meeting in the first round or being placed in the same pool.

Notes

a. Teams that withdraw their intent to compete at Provincials after the draw has been confirmed will be subject to a penalty equal to the tournament entry fee, which will be paid to the organizing committee directly. This fee will be in addition to the late withdrawal fee of \$250. The Executive will have the sole discretion to impose the penalty based on the rationale provided by the offending school.

b. Wildcard or Vacant Berth Allocation:

In the event that a draw needs to be filled with non-zone-winning teams, the Commissioners will award berths to zones at their discretion upon approval by the Executive Director. The commissioners will use a number of factors, including, but not limited to the following (not necessarily in order):

- previous years results
- current season perceived strength of zones
- number of teams registered in each zone

Note: If there are less than six teams in a gender and classification, classifications will be combined. If the total number after combining classifications is still less than six teams, that category will be canceled for that season.

III. There shall be a limit of 35 players registered on each team's Provincial Roster. Before each match a team must nominate 25 players on a game sheet that indicates name, unique jersey number or letter, captain(s) and

designated forwards as per World Rugby law 3.5 (a) and U-19 Variation 3.5 (c). Only players on the game sheet may play, with a maximum of 10 substitutions.

- IV. Length of provincial tournament games will be reduced as necessary to keep within the World Rugby maximum number of minutes allowed.
- V. Decisions relating to the postponement or cancellation of any provincial playoff game will be made by the ASAA Executive Director in consultation with the ASAA Rugby Commissioners, the Rugby Alberta Minor Officials Association, and the participating teams. In the event of postponement, the championship will be held before the last operational school day in June.
- VI. In provincial competition, all games will begin with a coin toss. The referee will toss the coin and the home team (higher seeded team) will make the heads or tails call. The winner of the coin toss will have the choice of kick or side.
- VII. Tie Break Procedures
 - a. If there is a tie at the end of any of the qualification games, each team shall choose three (3) kickers from the athletes on the field at the conclusion of the game, to drop kick at goal from the 15m line. The referee shall select the spot from which the kicks shall be taken (approximately at centre). The kickers from each team will alternate. All kickers will kick and the team that scores the higher number of successful kicks out of three (3) shall be deemed the winner of the match.
 - b. If there is no winner at the conclusion of "a", teams choose one player that was on the field at the conclusion of the game (this may include one of the first 3 kickers) to take all remaining kicks. The kick will take place at approximately the 15m mark and may be either a place kick or drop kick. This series of kicks will end once one team has had a successful kick and the opponent an unsuccessful kick. After the first kick at the 15m mark, subsequent kicks will be placed using the following:
 - i. If both kickers are unsuccessful twice, the kick will be moved 5m closer to the posts to a minimum of 10m.
 - ii. If both kickers are successful, the kick will be moved 5m further from the posts until one kicker is successful and the other is not.
 - iii. If there is a tie at the end of final/classification games, the teams will play one ten minute overtime period with teams switching ends at half, provided the game is not longer than 60 minutes. If there is still a tie at the conclusion of the overtime, the game will be decided by the tie break procedure for qualification games.
- VIII. Round Robin Play
 - a. If a round robin game ends in a tie, the tie breaking procedure must be used immediately (drop kicks) in case there is a "points tie" between teams at the end of round robin play. This does not determine a game winner, but facilitates breaking a tie later if necessary.
 - b. In an 8-team draw, the first place team from each pool will compete for the championship, second place teams for 3rd, third place teams for 5th, and fourth place teams for 7th. In a 6-team draw, the top two teams from each pool move onto the championship side on Saturday, and the 3rd place teams will play each other for 5th.
 - c. Teams will earn points in the standings after each game according to the following:

Win	4 Points
Tie	2 Points
Bonus: 4 tries or more	1 Point
Bonus: Loss by 7 or less	1 Point
Loss by more than 7	0 Points
 - d. The standings at the completion of the round robin will be determined by the ranking of teams according to points awarded above.
 - e. If, at the conclusion of the round robin, there is a tie between teams based on points awarded, the team with the better win/loss record against the teams with which they are tied shall be deemed higher in the standings.
 - f. If the teams are tied had a draw in the round robin, the team that won in drop kicks will be ranked ahead.
 - g. If there is still a tie, the team that scored the most tries in games against each other shall be deemed higher in the standings.
 - h. If there is still a tie, the team that scored the most goals (converted tries being of higher value than unconverted tries) in games against each other shall be deemed higher in the standings.
 - i. If there is still a tie, the team that scored the most drop goals in games against each other shall be deemed higher in the standings.
 - j. If there is still a tie, the team that scored the most penalty goals in games against each other shall be deemed higher in the standings.
 - k. If there is still a tie, the team that has a higher points differential (game points for divided by points against) shall be deemed higher in the standings.

- l. If there is still a tie, the above process will begin again and include complete pool results.
- m. If there is still a tie, there will be a coin toss.

5. Fees and officials

- A. Each team participating in the Rugby 7s Championship or the Rugby 15s Championship will pay an entry fee to cover the costs of the Championship.

SECTION XVIII VOLLEYBALL

1. Rules

The rules of Volleyball Canada shall govern ASAA Volleyball, with the following modifications:

- A. Substitutes – The unlimited 12 substitute rule will be used. The rule is as follows:
 - I. A team shall be allowed a maximum of 12 substitutions in any one game.
 - II. A player may leave the game and re-enter the game, but only for the same player. Players are 'tied' together; e.g., 7 for 12 – these two players are attached for that game and a player must re-enter for the same player.
- B. The top of the net is to be set at the height of 2.43 m for males and 2.24 m for females.
- C. Allow teams to list up to 15 players on the scoresheet.
- D. Athletes of one gender must compete for a school team with athletes of the same gender.
- E. The libero must wear a uniform whose jersey must contrast in colour with that of the other members of the team. The libero uniform may have a different design but it must be numbered like the rest of the team members.
 - I. The libero must wear a uniform shirt or jersey that is immediately recognized from all angles as being in clear contrast to and distinct from the other members of the team. The primary color of the libero's jersey/shirt must be different from any colour that appears on more than half of the body of his/her teammates' jerseys. In determining the body of the uniforms, the sleeves and collar should be ignored. The style and trim of the libero's shirt, jersey and/or shorts may differ from their teammates.
- F. A team must start every match with six eligible players. In the event of an injury where a team has no eligible players available, the team may continue play with five players. The position in rotation that becomes vacant remains in the same rotational position and continues in the rotational order. Therefore, if the vacant position is in the front row, there are only two front row players, similarly in the back row. A point and the ball is awarded to the opposition when the vacant spot rotates into position one.

2. Season of Play

The season of play for volleyball shall be June 1 to the fourth Saturday in November. The season of play is not intended to include summer holidays, however, teams may begin their season on August 25. See SECTION V – ACTIVITIES, Item 3, for more information.

3. Officials

The ASAA recognizes Volleyball Alberta (VA) as the official organization for training and certifying officials and gives its full support through the use of certified officials.

- A. In provincial competition, VA is responsible for appointing officials.
- B. In provincial competition, the competition chairperson is responsible for ensuring that the minor officials – line judges and scorekeepers – are provided and properly trained.

4. Competitions

- A. There shall be eight provincial competitions that will terminate the volleyball season. All competitions will be held on the fourth weekend in November.

B. Format

I. 1A Format

Two pools of five will be determined by the Ranking Committee. At the completion of the round robin, At the completion of the round robin, the top four teams from each section will advance to an elimination bracket; the first place teams play the fourth place teams, the second place teams play the third place teams from the opposite section. All round robin and playoff games shall consist of rally point scoring, the best two of three games; first two to 25 points, third game to 15 points, all played to a two point difference with no cap.

If the 12-team provincial format is chosen, it will follow the same format as 2A / 3A

II. 2A / 3A Format

Three pools of four will be determined as per Item 5. Rankings.

All games shall consist of rally point scoring played to a two-point difference with no cap, and all matches will be best two-of-three.

Tie Breaker Policy

If teams are tied following pool play, the Volleyball Canada tie break procedure is used as outlined below. This system is used to rank teams in a section, but is not used to eliminate a team. If teams are tied for the last playoff spot, the lowest ranked team will play one game to 25 points (no cap – win by two points) against the next lowest ranked team. If the winner of this game is still tied with another team for the last playoff berth, these two teams will play one game to 25 points (no cap – win by two points) and so on, until the winning team is no longer tied for the last berth. For each of these elimination games, there will be a minimum warmup of 15 minutes [five minute warmup followed by 5–5 (serve within your five minutes)] to allow the teams an adequate warmup. If two or more teams are tied at the end of the preliminary round, the following criteria will be applied, in order:

- I. The team having the best ratio of won/lost matches, considering only matches played between the tied teams, will

be ranked higher;

- II. The team having the best ratio of won/lost sets, considering only matches played between the tied teams, will be ranked higher;
- III. The team having the best ratio of won/lost sets, considering all matches of the round, will be ranked higher;
- IV. The team having the best ratio of points for/against, considering only sets played between the tied teams, will be ranked higher;
- V. The team having the best ratio of points for/against, considering all sets played during the round, will be ranked higher;
- VI. Any game needed to break ties will be a single game, rally point scoring to 25 points with a two point difference to determine placing.

Matches or games between tied teams (steps i, ii. and iv. above) means that only matches or games involving tied teams should be included in the calculations. Steps iii. and v. use all matches or games in the round robin to determine rankings of the tied teams. Ratios are calculated using won/lost ratio, not lost games/games won.

5. Representation to Provincials

Additional Berths 1A-3A

- A. The ASAA office will calculate provincial championship history for teams representing their zones for the three years prior to the current school year. Teams representing their zone at provincials during this time will receive zone points based on the following criteria: gold medal–4 points; silver medal–3 points; bronze medal–2 points; 4th place–1 point*. Cumulative three-year point totals for each zone will be calculated. The first additional berth will be awarded to the zone with the highest point totals.

* note: if a zone has more than one berth in provincials, only the top finishing team from that zone at the end of provincials collects these points for the zone.

- B. For the final additional berths, each zone will receive one (1) eligible team to be considered for the wildcard berth. After each zone championship, the team(s) who are eligible to be considered for a wildcard berth will be the highest placed team in each zone that has not already qualified for the provincial championship (even if they are in the zone that is hosting the championship).
- C. During the provincial championship ranking conference call, the Ranking Committee will discuss the merits of each team, based on the strength of their zone, as well as each individual team's strength Provincially throughout the season. Based on the discussion and the recommendation of the Ranking Committee, the ASAA representative and the Volleyball Commissioners will choose the best team to receive the wild card berth into the Provincial Championships.
- D. If there is a tie between two or more zones for the first additional berth awarded through points, the zone with the highest standing at the completion of the previous provincial championship tournaments will be allocated the additional berth. If still tied, the zone with the highest place finish at the next most recent provincial championship shall be allocated the berth. If still tied, subsequent previous provincial competitions shall be reviewed in descending order until the tie can be broken.

E. 1A Competition for Boys and Girls

- I. If the school has one court available for competition, there will be 10 teams at the 1A tournament. If the host school has two courts available for competition, there will be 12 teams at that 1A Tournament.

- Each zone will receive one (1) eligible team to be considered for the wildcard berth. After each zone championship, the team(s) who are eligible to be considered for a wildcard berth will be the highest placed team in each zone that has not already qualified for the provincial championship (even if they are in the zone that is hosting the championship).
 - During the provincial championship ranking conference call, the Ranking Committee will discuss the merits of each team, based on the strength of their zone, as well as each individual team's strength Provincially throughout the season. Based on the discussion and the recommendation of the Ranking Committee the ASAA representative and the Volleyball Commissioner will choose the best team to receive the wild card berth into the Provincial Championships.

I. Competition Pools

A power pool format will be implemented for the first day of the Provincial competition. The teams will be ranked into three competition pools by an ASAA ranking Committee. Teams ranked 1–4 are in Pool A; teams 5–8 are in Pool B; and teams 9–12 are in Pool C. All teams will play a best two-of-three match against each of the other teams in the pool on the Thursday of the championship. After these matches, the teams will be seeded into the playoff round based on the final standings in the pool. The current CVA VC tie-breaking procedures will apply if necessary to complete the final standing of teams in each pool.

Teams that finish last in their pool will drop to the next lower pool for seeding in the playoff round and teams that finish first in their pool will move up to the next higher pool for seeding in the playoff round. For example, if a team plays in Pool B (5–8) and finishes last, it will drop to the top of Pool C and be seeded 9th for the playoff round. The team finishing first in Pool C (9–12) will move up to the bottom of Pool B and be seeded 8th for the playoff round.

Playoff Round

Based on the power pool results all teams will then be seeded from 1–12. The playoff round follows a 12-team elimination schedule.

4A Only

First round play will be a best three-of-five match involving team 5 vs 12, 6 vs 11, 7 vs 10 and 8 vs 9 – with the top 4 teams receiving a bye for the first round. Every match on the championship side of the playoff round, including the bronze medal match, will be best three-of-five. Once a team has been eliminated from the championship side, all remaining matches will be best two-of-three. Teams will continue to play for final placement (1–12).

1A/2A/3A follows the same format, but all matches are best two of three.

J. Rankings

- I. There will be separate ranking committees for each gender consisting of at least three members and the Commissioner, with all but the Commissioner having voting privileges. The respective committees will be formed as follows: North Region (NE, NW, Edmonton), Central Region (C, NC), South Region (SC, S, Calgary)
- II. Recruitment of ranking committee members as well as determination of the ranking timeline will be the responsibility of the Volleyball Commissioners annually.
- III. A total of two (2) rankings will be developed prior to the power pool rankings for the provincial tournament. A final ranking will take place on the Sunday preceding the championship Tournament after all qualifying teams have been identified. A ranking timeline will be posted no later than September 7 annually.
- IV. By 12:00 p.m. on Monday prior to each release date, each committee member is responsible for procuring and emailing all other committee members any information deemed important to an accurate and valid ranking. This information shall include, but not be limited to:
 - a. final standings from tournament play that involve prospective ranked teams in their zone
 - b. match results for league play involving prospective ranked teams in their zone
 - c. general comments about prospective ranked teams and their players (injuries, etc.)
 - d. a preliminary ranking based on all available information collected to that point (1st, 2nd, 3rd, etc.)

All members will have access to the results through SRS. By 6:00 p.m. on Tuesday of the ranking week, each member will submit their rankings on the SRS; a reverse points ranking will be applied, meaning that a team that receives a first place ranking will receive 10 points. A second place ranking receives 9 points and so on.

The ASAA will post the rankings on the ASAA website. On the Sunday prior to the championship, the ranking committee will create a final ranking for all 12 qualifying teams by conference call. Once ranked, the teams will be placed into competition pools as outlined above.

K. Regionals

- I. In the event that a school from the North Central Zone opts up to the 4A level, they will participate in a North West Regional to determine the one representative from that zone/region. Schools opting up will always travel to the North West Zone for this regional.

Regionals Format:

Regional playoff in 4A Volleyball shall follow a standardized format, based on the number of participating teams regardless of the playoff location.

- I. 3–6 Teams: round robin (matches) with top teams advancing. If the round robin provides a first place finisher, the second and third place finishers play a match to determine second. In tie situations, follow the procedure in Item 4.C. Tie Breaking Procedures.
- II. 7 Or more teams: two section round robin (matches) with the top two from each section crossing over to play each other (1 vs 2). Winners of these two matches advance but require a final match to determine first and second. It is important to equalize the strength of the two sections.

6. Playing Equipment

The official game ball to be used for ASAA Provincial Volleyball competitions shall be the Molten V5M5000.

7. Scoresheet

The AVA youth scoresheet, modified to allow 15 players per team on the roster as per Section XIX – Volleyball, 1.A.iii. will be used at ASAA Provincials. Scoring will be the best of three games: the first two games to 25 points and the third game to 15 points with all games played to a two-point difference with no cap.

SECTION XIX WRESTLING

1. Rules

The rules shall be those of the Wrestling Canada Lutte (WCL) with the exceptions being those specifically adopted by the ASAA:

- A. All wrestlers competing in an ASAA sanctioned event have the option of wearing a mouth guard or not. If during competition the mouth guard comes out, it may be replaced at an appropriate time at the official's discretion.
- B. Wrestlers are required to wear a red or blue singlet for ASAA rural championship and provincial championship events as per the requirements in the WCL rulebook for a national championship. As exceptions to this rule, the ASAA allows a school team to wear a singlet of school colour(s) which may or may not display a school logo and/or name. A list of the rule deviations adopted by the ASAA shall be given to the head official in advance of the meet.

E. Protests

Protest procedures and resultant consequences will follow the WCL on mat protocol. An iPad (or similar device) will be used to review any on mat protest. The AAWOA will provide the technology and tripod, as necessary, to host venues for the wrestling rural and provincial finals events.

2. Provincial Affiliation

Each athlete and/or coach registered through the ASAA process will also receive discounted access to Alberta Amateur Wrestling (AAWA) membership. A nominal event fee per athlete and/or coach will apply to all AAWA-sanctioned tournaments, camps and clinics. This fee will not apply to any athlete and/or coach whom is already a current AAWA member through club programming. AAWA membership grants access to AAWA programming. AAWA membership allows ASAA members to access the AAWA officials for coverage at ASAA events. ASAA members do not gain access to any non-ASAA event (i.e., Alberta Junior Olympics, Alberta Open, Alberta Winter Games, Arctic Winter Games, Camps, etc.) and/or AAWA programming (Including AAWA funded programs) without purchase of specific AAWA membership at additional cost. In order to facilitate this process, the ASAA will provide demographic information with many include names, genders, age/birthdates, school location/residence (i.e. team and location) as required by the AAWA for insurance purposes and/or AAWA funding requirements.

3. Season of Play

- A. The rural championship shall be an open competition for all rural high school wrestlers.
- B. At provincials, Calgary, Edmonton and rural zones may each enter five male and female wrestlers per weight class who attended the qualifying tournament at that weight class. In the event that any zone cannot send five athletes per weight class to the provincial tournament, an attempt will be made to fill those vacancies from the other zones. Preference for filling single vacancies will be offered first to the host zone. In situations where there is more than one vacancy in a weight class, preference for filling weight classes will follow the provincial tournament host rotation with the host zone having first opportunity to fill and will alternate with the remaining zones. Athletes filling vacancies in this manner will not count towards team points. Team rosters must be submitted to the host chairs for rural and provincial meets at least 48 hours prior to the commencement of the competition.

Note: Each weight listed represents the upper limit of the weight class. In addition provisional weight classes above 120+ male and 90+ female are eligible when required. The first increment will be 135kg male and 100kg female with additional increments in 15kg steps male and 10kg steps female. zone hosts are responsible to notify tournament organizers and creation of these weight classes shall be approved by committee as structured in section 6. B. vii.

Ideally, athletes shall not re-wrestle a previous competitor during the cross-over wrestle back. To determine cross-over pairings, the first criteria shall be straight across, the second criteria shall be top-right versus bottom-left and also top-left versus bottom-right. 2028 - Calgary

Should no school or zone within the region bid to host the championship, the next region in the rotation will have first right of refusal to submit a bid to host the championship.

- II. The provincial championships shall be a two-day competition, beginning in the second week in March no earlier than the Wednesday of the week and no later than the Friday. On the first day, no matches will be called after 8:40 p.m. The host site is to be able to fit five competition mats with full safety zones and accommodate a minimum of 750 people meeting required bylaws and regulations for public gatherings.
- III. In the event that no host has come forward to run the Wrestling Provincial Championships by the date of the AGM submission deadline the year prior to the event the ASAA Board or their designate will be authorized to book an appropriate venue and appoint a host. This will not alter subsequent years rotation.
- IV. The seeding of weight classes for ASAA provincial wrestling championships shall be based upon the following system, where the results of the rural provincial championships, Edmonton city championships and Calgary city championships determine seeding for the Provincial Championships. If an athlete who placed in any of these events does not compete in the provincial championships, the next athlete from that area will be moved up based upon the area results. When a zone is not represented at provincials, the pairing master will have the flexibility to seed the first seeded zone wrestlers, out rotation, so you will have a top seeded wrestler from each of the other two zones in opposite brackets.

- V. Any weight class at the provincial championship with five or fewer competitors shall wrestle in a single pool round robin format. Upon the completion of the round robin the top two placements in pools with five or fewer competitors will wrestle in the finals with the winner getting the gold medal. Each weight class during the provincial championship with six or more competitors shall be wrestled as a bracket draw according to the WCL rulebook with the exceptions of a cross-over wrestle back semifinal and a re-wrestle for the bronze medal. Ideally, athletes shall not re-wrestle a previous competitor during the cross-over wrestle back. To determine cross-over pairings, the first criteria shall be straight across, the second criteria shall be top-right versus bottom-left and also top-left versus bottom-right. Should both criteria produce a pairing where athletes have previously met during the provincial championship, then the first criteria will be used and a re-wrestle during the cross-over will occur.
- VI. The first place and second place wrestlers from each of the qualifying tournaments (Calgary, Edmonton, Rural) are the only eligible athletes for seeding and shall be seeded according to item B.iii. above. Athletes are placed in the draw in positions as outlined in the WCL rulebook. Byes, if any, shall be placed in the draw in positions as outlined in the WCL rulebook. All other athletes shall be randomly placed with the exception that the Seeding Committee will attempt to prevent athletes from the qualifying Tournament (Calgary, Edmonton, Rural) from meeting in the first round. If athletes are to be moved in a bracket for this reason, the Committee will move athletes and/or replace them on a random basis.
- VII. For procedures on bracket draw, seeding, placement of byes, disqualification, classification, round robin procedures, team classification and tie-breaking criteria for round robin pools and/or team placement see the current WCL rulebook (Part Six: Responsibilities of the Pairing Master). Where there is conflict between the WCL rulebook and the policies in the ASAA Handbook, the ASAA Policy shall prevail.
- VIII. Once an athlete has been registered and it is less than 48 hours before the start of the event, they can only be substituted for in the event of an injury, sickness or extenuating circumstance by another athlete that competed at the same provincial qualifying tournament in the same weight class. For an athlete to be substituted, they must be nominated by their coach and their provincial qualifying tournament host (Calgary, Edmonton or Rural) to a committee by the start of weigh-ins. The committee shall consist of the three qualifying tournament hosts or their proxy, the Provincial Championship Committee Chair or proxy, the drawmaster and the ASAA Wrestling Commissioner. In the event of a tie, the ASAA Wrestling Commissioner shall carry the deciding vote.

C. Coaches Meeting

A meeting shall be held for all coaches during the first day of competition; the time and place to be decided by the competition Chairman.

7. Officials

There shall be a minimum of two nationally ranked officials per competition surface. From the cross-over wrestle-back portion of the event until the completion of each weight class there shall be a minimum of three officials assigned to each mat surface. All officials must be assigned through the Alberta Amateur Wrestling Officials' Association.

8. Scoring

- A. Boys and girls school team champions will be awarded at both rurals and provincials in three categories:

- I. 1A/2A schools
- II. 3A schools
- III. 4A schools

- B. Each school team will select its 10 highest finishing wrestlers and combine placement points to determine the top school in each category. The team points awarded shall be proportional to the number of participants in each weight class and shall be weighted in the following manner:

# of comp.	6 +	5	4	3	2	1
Gold	10	9	7	5	4	3
Silver	7	6	5	3	2	
Bronze	5	4	3	2		
4 th	3	2	1			

APPENDIX

The appendix contains guidelines that are followed by the ASAA and is not considered policy per se.

SECTION I – PROVINCIAL CHAMPIONSHIP INFORMATION

1. Procedure for bidding to host Provincial Competitions

Bid application information is available at www.asaa.ca.

A. Deadline

- I. Bids for winter and spring sports (badminton, basketball, curling, rugby, team handball, wrestling) will be accepted at the Annual Planning Meeting (APM) ~16 months before to the event. The deadline for bids to be received for this meeting is November 1.
- II. Bids for fall sports (golf, cross country, football, and volleyball) will be accepted at the Annual General Meeting (AGM) ~16 before to the event. The deadline for bids to be received for this meeting is April 1.
- III. Submit bids to both the ASAA and the zone.
- IV. If there is more than one bid from a zone, the zone will vote/determine which bid will move forward to ASAA and the zone manager will inform the ASAA office of their choice immediately following their respective zone meeting.
- V. Bids will only be considered and voted on one year at a time.
- VI. A bid form must still be submitted for events that are in rotation.

B. Executive Committee Review

- I. All bids received by the deadline will be reviewed by the ASAA Executive at a meeting prior to the APM or AGM as appropriate. The ASAA will work with bid applicants to ensure bids are complete.
- II. The Executive will either accept or reject applications. Accepted applications will be forwarded to the ASAA Board for ratification at the appropriate meeting (APM or AGM).

C. Board Review & Acceptance

- I. If the Board has no concerns with bid applications accepted by the Executive. In that case, those championships with only one bid by the respective deadline will win the right to host by acclamation and no presentation by the host is required.
- II. In those championships where more than one acceptable bid application has been received, a written ballot or Google Form for the Board will determine the winning bid following a five-minute presentation.
- III. **Note: Potential hosts can either submit PowerPoint or video as a presentation; the 5-minute timeline will be strictly observed.**
- IV. Commissioners and the Executive Committee cannot speak to support a particular bid but may speak to address concerns they may have about the ability of a school to host a particular provincial championship.

D. Bids from the Floor

Bids from the floor will not be accepted.

E. Vacant Bids After the APM or AGM

If there are vacant bids following the APM or AGM, the Executive Committee will seek potential hosts via Zone Managers or other means and will review applications at a subsequent Executive meeting. At that point, the Executive Committee may accept a bid without approval of the Board, provided they feel the bid applicant has submitted the bid through their zone, and can successfully host provincials. If more than one bid is received, the schools bidding have the option to submit a 5-minute video or presentation as noted above.

2. Recommended Facility Requirements for Housing Competitions

A. Competitions

I. Accommodations

Depending on the particular competition being hosted, accommodation requirements can vary greatly. Although it is preferable that required accommodation be near the competition site, it should be noted that smaller communities away from the host site have been and in some cases will need to be used. This may necessitate travel for participants. When accommodation is required, the tournament committee should attempt to negotiate a reduced rate for visiting competitors and inform all zones of the arrangements. Where possible, block book rooms with the ASAA sponsor hotel chain, if one exists, and inform the hotel(s) that in many cases the teams attending provincials will not be known until the weekend before provincials and request that they hold all block

booked rooms until 9 p.m. on the Monday prior to provincials.

II. Concessions

- a. Depending on the nature and location of the meet, concessions may or may not be necessary; therefore, concessions should be provided at the discretion of the organizing committee and with menu choices that keep the best interests of student athletes in mind. Hosts must follow direction of ASAA office.
- b. Resources and Nutrition Policy Supports:
All food offered at ASAA championship events (hosted in school facilities) should fit within the Choose Most Often and Choose Sometimes categories of the Alberta Nutritional Guidelines for Children and Youth – <https://open.alberta.ca/dataset/1c291796-4eb0-4073-be8e-bce2d331f9ce/resource/3319786c-1df1-43ca-8693-067f733682dc/download/Nutrition-Guidelines-AB-Children-Youth.pdf>

Some other resources when planning your event: Ever Active Schools Toolkit – <http://everactive.org/toolkit>

III. In addition to following the Safety Guidelines for Interschool Athletics located at www.myspheres.ca, the following facility requirements are needed at the host locations:

a. Badminton

A minimum of 18 courts (24 is ideal) are required and these should be located at a maximum of five schools (i.e. all matches in a particular event should be played at one location). The ceiling height should be a minimum of 22 feet and all court markings should be clearly legible with at least five feet clearance on all sides. Adequate change, shower and locker facilities for all competitors must be provided.

b. Basketball

Floor size, floor markings and backboards must comply with current rule specifications. An adequate score clock is essential, as is a safe clearance around court boundaries. Due to the increased number of teams attending Provincials, a draw format now appears in policy.

When using just one basketball court, it is necessary to keep the tournament on a tight schedule, whereas the availability of a second playing surface allows more flexibility in scheduling games. However, schools with only one court available have been successfully hosting provincial competitions for years so this should not be a deterrent in bidding. All basketball championships are now three-day tournaments.

Suggested minimum spectator capacity:

4A Boys	1500	4A Girls	750
3A Boys	500	3A Girls	400
2A Boys	400	2A Girls	400
1A Boys	350	1A Girls	350

c. Cross Country: The course should be laid out in an area that will provide a variety of terrain for all distances to be run. It is essential that each route be clearly marked to avoid confusion for the participants.

Although parts of the course should be challenging, care must be taken to avoid routes that could be dangerous in the event of rain or snow conditions. An adequate sound system is essential along with showers, ample toilet and change facilities and a first aid station.

- d. Curling: The number of events (boys, girls and mixed) being hosted will determine ice requirements with a minimum of three sheets being needed for each event. Community curling rinks normally have sufficient spectator area and operate concessions.
- e. Football: With the Alberta Bowl concept, the host facility must comply with Football Policy section XIV Field turf with lights and minimum spectator capacity for 1000+ is required. The host will need to be prepared to arrange sideline heating for players. Several medical aid personnel are essential.
- f. Golf: Two 18-hole courses in the same vicinity are required. Courses should be in reasonably good condition with grass greens. Clubhouse facilities are not essential but a concession is desirable.
- g. Rugby: The host facility should have a minimum of four fields, equipped with regulation rugby posts. Parking facilities should be sufficient to accommodate spectators. Several medical aid personnel are essential.
- h. Team Handball: A minimum of three courts are required to host both tiers and genders. Most school gymnasiums do not have the facilities to meet the regulation playing surface so dimensions should be taped in advance. There should be a safety zone surrounding the playing court of at least one metre along the sidelines and two metres behind the goal lines.
- i. Track & Field: A 400m all weather track with eight lanes is required for all track events. Field events require a foam pole vault pit, two foam high jump pits, two long/triple jump pits, one javelin area, one caged discus area and one shot-put area. An adequate sound system is essential along with showers, ample toilet (portable toilets rent as required), change facilities and a manned first aid station. Spectator space for 1000 is required with all spectators and non-competitors to be excluded from the track and infield area.
- j. Volleyball: A minimum of two regulation courts are required to host a tournament. If two tournaments are

hosted at the same location, then four courts are required. Courts should have a ceiling clearance of at least 20' and 4'5" clearance around all boundaries. Nets, including aials, must be supported tautly at correct heights. Scorekeepers' devices should be clearly visible to players and spectators. Referee stands will assist the official to do a competent job and make their moves more visible to players and spectators.

Suggested minimum spectator capacity:

1A	200	2A	200
3A	400	4A	600

k. Wrestling

The primary requisite is to have sufficient good quality mats available to allow the meet to run in the time available. At least three quality competitive mats and a warm-up area are essential, and if the number of entries warrant, a fourth competitive mat might be required. It is recommended that mats be 9m in diameter, with a 1.2m protection area. Scoring and timing devices are needed as well as accurate scales (at least two), mat transporter, sound system, first aid supplies, several medical aid personnel and items essential for the officials. Spectator accommodation for up to 300 should be provided.

3. Procedure for Final Reporting following the Provincial Competitions

A. The **business day** after the Provincial Competitions:

- I. Sportsmanship summary of banner and pin winners' names, roles, and school names submitted to ASAA Liaison
- II. Submit any photos taken by hosts (action or team) into the Google Drive host folders to be used for the ASAA website and yearbook.
- III. Assist ASAA Liaison in collecting team photos of championship and sportsmanship winners
- IV. The yearbook requires the following JPG or PNG photos with no watermarks and with names in order of left to right (including coaches):

Badminton: Head and shoulders picture of 1st place finisher in each event – boys, girls, and mixed – junior, intermediate, senior.

Basketball: Team photograph of winner, finalist, third, and sportsmanship per class and category.

Cross Country: Head and shoulders photograph of 1st place finisher in each event (6). Picture of top 10 boys and top 10 girls. Group photo of classification winners if possible. Unified and Para winners where possible.

Football: Team photographs of the winner and finalist from each classification.

Golf: Team photographs of 1st place finisher per team category. Head and shoulders photographs of 1st place finisher in individual play for boys and girls.

Volleyball: Team photograph of winner, finalist, third, and sportsmanship per class and category.

Wrestling: Head and shoulders photograph of the winner of each weight category from the provincial event. Group photo of classification winners if possible.

B. Competition coordinators will be supplied with a standardized final report form to submit the following:

- I. Yearbook write-up – Please refer to previous yearbooks for examples
- II. Tournament Evaluation
- III. Financial Statement

The completed forms are required to be submitted within **four weeks** of the completion of the competition.

C. Livestreaming of Provincial Championships:

- I. In football, volleyball, basketball, wrestling, team handball, rugby 15s, and rugby 7s all matches must be live-streamed. Hosts are responsible for providing cameras and volunteers, to facilitate the broadcast. In all other sports hosts have the option of live-streaming and ASAA will work with them to organize it, but it is not a requirement.

APPENDIX

SECTION II – Awards

1. Trophies & Banners

A. Return of Trophies to Hosts for Presentation at Provincials

At every championship, the ASAA presents a “perpetual” plaque that travels home with the winning schools and must be returned to the following year’s provincial championship host, in advance of the championship, at the cost of the school in possession of the plaque. The ASAA wishes to ensure that all championship host schools are in possession of these plaques in order to recognize teams accordingly.

Some schools either refuse, say ‘we will bring it with us’, or forget to send the perpetual plaque and as a result, teams at championships go home empty handed. The ASAA Executive Committee has determined that a fine of \$100 will be levied by the ASAA on any school that does not return their perpetual plaque to the host school in time for respective championships. The school being fined will also have to send the perpetual plaque, at their cost, to the winning school. Funds collected by the ASAA from this initiative will be directed to the ASAA Scholarship Fund.

B. Banners Awarded at Championships

I. Provincial Championships

- a. Provincial championship banners
- b. The ASAA awards 8’x3’ banners to winning teams of provincial championships.
- c. Team sportsmanship banners in six sports, basketball, volleyball, curling, team handball and rugby.
- d. Host Banners

Host schools of all provincial championships have the option to receive a 6’x3’ host banner.

II. Zone Championships

a. Championship banners

Zones may award banners to zone championship teams. It is at the discretion of the respective Zone Executive whether to include the ASAA logo on these banners. Schools having banners made should have approval of their Zone Executive and the ASAA prior to using the ASAA logo.

2. Lorne Wood Award

This award is designed to recognize school administrators who actively model, support and promote sportsmanship by their involvement in their school's athletic program.

3. Robert H. Routledge Award of Merit

This award is the highest honour bestowed by the ASAA. It is presented annually to recognize an individual for outstanding service to the students of Alberta's schools in the promotion and operation of an athletic program.

A key figure at the inauguration of the Alberta Schools' Athletic Association in 1956, Bob was a constant guiding force in its policies and activities. He believed in the beneficial effects to adults and youth alike of properly directed sports and athletics. He sought to involve as many boys and girls as possible in sports programs, to stress courtesy and sportsmanship above winning, and to consider first the health, fitness, intellectual and emotional growth of the participants.

Bob's personal accomplishments as a physical educator are well known. From rural school teacher with a liking for sports and gymnastics, he progressed to Provincial Recreation Supervisor, to high school physical educator, to Assistant Supervisor of Physical Education with the Edmonton Public School Board and, finally, to Professor of Physical Education at the University of Alberta, with his doctorate pending at the time of his passing (April 25, 1970).

His integrity and sincerity were evident, and his enthusiasm for his work infectious. No wonder his peers listened to his opinions with great respect and sought his advice. With his deep belief in the importance of his job, Bob combined a feeling for words, a unique ability to turn a phrase neatly with a quick intellect that relished statistical accuracy and parliamentary not only of ASAA, but also which, as a person with a deep sense of profe

The Alberta Teachers' Association

The Code of Professional Conduct stipulates minimum standards of professional conduct of teachers but is not an exhaustive list of such standards. Unless exempted by legislation, any member of The Alberta Teachers' Association who is alleged to have violated the standards of the profession, including the provisions of the Code, may be subject to a charge of unprofessional conduct under the bylaws of the Association.

Definitions

1 In this Regulation,

(c) "ideological advantage" means perspectives taught to students in a biased manner with the intent to take advantage of a student's uninformed or under-informed opinions, but does not include programs of study established under the Act;

(d) "student", for the purposes of the code of professional conduct referred to in section 225.5 of the Act, includes a child enrolled in an early childhood services program.

Preamble

This code of professional conduct for teachers and teacher leaders is established in accordance with section 1.1 of this Regulation.

This code does not prejudicially affect any right or privilege guaranteed by the Canadian Charter of Rights and Freedoms or any constitutionally protected religious instruction right or privilege under section 93 of the Constitution Act, 1867.

Teachers and teacher leaders shall comply with this code.

Sections 225.4, 225.5, 225.91 and other sections of the Act provide the legal framework for this code, including mandatory compliance and procedures for alleged non-compliance.

Conduct that does not comply with this code constitutes unprofessional conduct in accordance with the Act.

Any person may make a complaint pursuant to the Act about alleged unprofessional conduct of a teacher or teacher leader, which may result in disciplinary action impacting a teacher's or teacher leader's suitability to hold a certificate.

Unprofessional conduct and professional incompetence are defined separately in the Act. This code does not apply for the purposes of determining professional incompetence.

The Teaching Quality Standard, Leadership Quality Standard, and Superintendent Leadership Quality Standard establish professional development requirements for teachers and teacher leaders.

This code applies to the conduct of an individual teacher or teacher leader. Matters pertaining to the administration of school authorities are subject to applicable legislation.

The conduct of teachers and teacher leaders, both on and off duty, bears directly on the community's perception of the ability of teachers and teacher leaders to fulfill their unique position of trust and influence. Society and the school community hold teachers and teacher leaders to a high standard of conduct. Teachers and teacher leaders are accountable for their conduct, on and off duty, and are expected to conduct themselves with due regard to the honour, dignity, welfare, rights and best interests of students and the teaching profession.

5. Comments on Harrassment, Screening and Hazing

Harassment

All participants in school sport are entitled to an environment which is pleasant, professional and free of harassment. This entitlement however carries with it expectation that all participants in school sporting activities including, but not limited to: athletes, coaches, administrators, officials, spectators will conduct themselves in an appropriate and responsible manner, with due respect and regard for the rights and feeling of others.

The ASAA will neither tolerate nor condone any inappropriate or irresponsible conduct, including any form of behaviour which creates an intimidating, hostile or offensive environment for school sport as a result of harassment of an individual or group on the basis of but not limited to the following: gender, ethnicity, race, socio-economic status or religion.

Reports of school athletic related harassment occurring at any time during the school year may be made to the Executive Director, who will first confirm that any ATA related requirements have been followed (i.e. if a teacher is involved in reporting on another teacher, the ATA Code of Professional conduct, items #13 and #14 requires a copy of the complaint to be provided to the teacher in question). If the Executive Director is satisfied that the appropriate steps have been followed, they will provide written information pertaining to the harassment complaint to the ASAA Executive Committee. Upon review of the complaint by the Executive Committee, they will direct the Executive Director in whichever manner they choose appropriate. Most likely this will include submitting the report directly to the Principal of the school and the superintendent of the school board(s) that has teachers, students, coaches or other individuals involved in the reports. The school and board involved will be expected to invoke its policy on harassment to deal with the incident and will be asked to report back to the ASAA in writing with any decisions they have made. The ASAA will adhere to all decisions made by the school and board(s). The school board, not the ASAA, will deal with appeals to decisions made by the school board(s).

Screening

The ASAA understands that it is the responsibility of schools and school boards to conduct the appropriate level of screening and background checks for teacher coaches, non-teacher coaches and other volunteers who will be working in any capacity with high school student athletes or school sport teams.

Hazing

Hazing, sometimes known as initiation, has been receiving media attention in recent years and is an area that the ASAA feels schools need to be aware of. Similar to comments raised in the Harassment section on the previous page, it is the responsibility of schools and boards to handle any concerns that may arise from hazing behaviour in an appropriate manner. While not all inclusive, the ASAA defines hazing as follows:

“Any humiliating or dangerous activity expected of a student to belong to a group, regardless of their willingness to participate.”

6. Conflict of Interest

The ASAA will follow these general procedures in relation to Conflict of Interest:

1. **Appeals:** Conflict of interest in relation to appeals of ASAA policy is covered in the Appeals section of the ASAA Policy Handbook (Section VI. F.13)
2. **Disciplinary (Code of Ethics Policy):** A conflict of interest is any situation in which the private interest of an individual member may interfere with his/her responsibility to carry out his/her duties in an official capacity with objectivity and integrity. Such situations may involve the individual directly or indirectly through a family member, business partner or involvement with the ASAA or the applicant. Executive Committee members must disclose any potential conflict of interest situation to the Executive Director or Chair at the earliest opportunity and in any case, prior to the participation in any Disciplinary Committee discussions. Any Executive Committee member who is in conflict of interest shall not participate in the appeal and may be replaced by another person who is not in conflict of interest. In the event that two or more members of the Executive Committee are in a conflict of interest position, the Executive Committee may appoint two or more Past Presidents of the ASAA to sit on the Disciplinary Committee in substitution of those individuals who are in a conflict position.
3. **Recruitment or Undue Influence (Code of Ethics Policy):** Same as #2 above
4. **Financial:** No member of the ASAA Staff or Executive Committee shall sign any Association cheques made out in their name. Any such cheques (salary for staff members or expense claims by executive or staff) must be signed by the appropriate signing authority. All cheques require two signatures.
5. **Other Issues:** Similar procedures regarding conflict of interest will be followed for all other issues as noted in #2 above.
